- iii) an enclosure in which an animal is kept must be maintained to the satisfaction of an authorised person in a clean and sanitary condition, in good repair and appearance, and free from flies, rats, other vermin and nuisance odours; and

- vii) all receptacles, used for the storage of faeces, uneaten food and any offensive matter produced by any animals, are to be covered at all times and their contents must be removed at least weekly or more often if directed by an authorised person and then disposed of in such a manner so as not to be a nuisance or injurious or prejudicial to health; and
- viii) the keeper of an animal must provide and maintain impervious rat-proof receptacles and other impervious rat-proof storeroom facilities for the storage of feed to the satisfaction of the authorised person; and
- ix) the keeper of an animal must provide the animal with and ensure the animal has access to adequate shelter from sun, wind and rain to the satisfaction of an authorised person; and
- x) the keeper of an animal must provide the animal with, in the opinion of an authorised person, an appropriate quantity and quality of food and an appropriate quantity of clean drinking water to maintain an animal in good health; and
