**14.1 2021/02/10.03 20200158 - DEVELOPMENT APPLICATION FOR MINOR CHANGE TO DEVELOPMENT PERMIT FOR MATERIAL CHANGE OF USE (CARPORT) - 78 GLOUCESTER AVENUE HYDEAWAY BAY - MOFFAT - C/- WYNNE PLANNING & DEVELOPMENT**

#### **SUMMARY**

The proposed Minor Change to the Development Permit has come in response to a Show Cause Notice dated 16 July 2020 issued by Council to the property owner of 78 Gloucester Avenue Hydeaway Bay for undertaking development in conflict with the associated Material Change of Use (MCU) Development Permit issued by Council. Namely, the applicant enclosed a Class 10A structure that was approved as an open carport only.

#### **RECOMMENDATION**

That Council refuse the application for Minor Change to Development Permit for Material Change of Use (Carport), made by N J Moffatt C/- Wynne Planning & Development, on L: 30 RP: 744452 T: N1329/45 and located at 78 Gloucester Avenue Hydeaway Bay, for the following reasons:

1. The enclosing of the Class 10A structure is contrary to a Development Permit condition; and
2. The structure does not comply with the Dwelling House Code PO2, whereby the structure (now enclosed) does not allow adequate daylight and ventilation into the habitable rooms of the existing dwelling house.

14.2 2021/02/10.04 20200991 - DEVELOPMENT APPLICATION FOR A MATERIAL CHANGE OF USE - LOW IMPACT INDUSTRY (MECHANICAL WORKSHOP EXPANSION) - 9 MILL ST, PROSERPINE - T & D PROJECTS PTY LTD C/- VERIS

SUMMARY

The application is for a Mechanical Workshop Expansion to an existing Low-impact industry Use at 9 Mill St, Proserpine. The development triggers Impact Assessment due to the Major Centre Zoning of the site. The use expanding is Davo's Cylinder Head & Block Repairs (Low-impact Industry) and requires additional space to fit a recently purchased machine that machines cylinder heads and engine parts. The expansion involves the construction of a new shed which adds an additional 79.90m² of GFA, requiring an additional two (2) on-site parking spaces to be provided. The applicant is not proposing to add any further spaces to the existing six (6) spaces that exist on-site, stating that only staff use the internal spaces and that customers exclusively use on-street parking directly adjacent the premises. Despite the shortfall in spaces, two vehicles can be placed within the new machinery shed which will supplement the shortfall. Based on the above, the Development Application is recommended for approval.

RECOMMENDATION

That Council approve the application for Development Permit for Material Change of Use for Low Impact Industry (Mechanical Workshop Expansion), made by T & D Projects Pty Ltd, on L: 1 RP: 702841 T: N0779/163 and located at 9 Mill Street PROSERPINE, subject to the conditions outlined in Attachment 1.

### **14.6 2021/02/10.08 WASTE MANAGEMENT PROVISIONS**

#### **SUMMARY**

Presently, provisions within the Whitsunday Planning Scheme 2017 guiding waste management provide general principles but lack specific detail for development assessment to condition developers to ensure appropriate waste management systems are provided. As a result, a variety of historic issues exist in urban areas where too many bins clutter streets, bins obstruct vehicles, insufficient bins are on-site and waste vehicles have poor access to bins, which impacts on efficiency. The recommendation to alleviate these problems is to amend the Planning Scheme to provide guidance on improved waste management outcomes for residential and mixed-use developments by including a Planning Scheme Policy - Waste Management Plan and amendments to the Infrastructure Code.

#### **RECOMMENDATION**

That Council adopt the proposed waste management amendments for inclusion in the Major amendment to the Whitsunday Planning Scheme 2017, including any associated administrative amendments.

### **15.9 2021/02/10.20 WEED WASHDOWN STRATEGY AND PEST SURVEILLANCE PROGRAM**

#### **SUMMARY**

In mid-2020, Council developed a Weed Washdown Strategy. The purpose of the Weed Washdown Strategy was to identify the likely sources of weed spread and nominate possible future public weed washdown sites.
