| Mining and Quarrying Safety and Health Regulation 2017 | 24          | Power, as an operator, to ensure:-(a) each automatic, programmable or computerised electrical control system at the mine operates safely under all operating conditions, including power supply instability or failure; and (b) the emergency stopping systems and safety alarms at the mine remain effective if there is a fault or failure in a system mentioned in paragraph (a). | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 25          | Power, as an operator, to ensure each earthing system at the mine is installed and maintained at sufficiently low impedance and has sufficient capacity to ensure:- (a)reliable operation of electrical protective systems and devices; and (b) adequate protection against contact with conductive parts that have become live under fault conditions.                              | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 26          | Power, as an operator, to ensure the mine has earth leakage protection for each electrical circuit exceeding extra low voltage that:- (a) is in a portable, transportable or mobile apparatus; or (b) has an outlet for, or supplies electricity to, a trailing cable or flexible lead.                                                                                              | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 27(1)       | Power, as an operator, to ensure each item of electrical equipment used at the mine has a full current isolation facility in a location that is easily accessible by a person required to carry out the isolation.                                                                                                                                                                   | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 27(2)       | Power, as an operator, to ensure the isolator is clearly marked or labelled and compatible with the mine's isolation and lock-out procedures.                                                                                                                                                                                                                                        | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 29          | Power, as an operator, to ensure electrical equipment exceeding extra low voltage used at the mine has a device or feature for preventing a person inadvertently contacting live parts of the equipment.                                                                                                                                                                             | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 30          | Power, as an operator, to ensure the prospective touch voltage at the mine is limited to a level necessary to achieve an acceptable level of risk.                                                                                                                                                                                                                                   | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 31          | Power, as an operator, to ensure voltage rise in an electrical installation at the mine caused by lightning strike, static electricity, voltage surges and other transient voltages is limited to a level necessary to achieve an acceptable level of risk                                                                                                                           | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 35(3)       | Power, as an operator of a mine mentioned in subsection (2), to provide adequate resources at the mine to ensure the effectiveness and implementation of the emergency response plan.                                                                                                                                                                                                | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 44          | Power, as a person who has an obligation under the Act to manage risk in relation to ground control at a mine during the mine's design, operation or abandonment, to ensure appropriate measures are taken to prevent or control local and area failures in ground integrity.                                                                                                        | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 45          | Power, as a person who has an obligation under the Act to manage risk at a mine in relation to the mine layout, design and construction, to ensure the layout, design and construction is carried out having regard to the matters listed in section 45.                                                                                                                             | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 46          | Power, as a person who has an obligation under the Act to manage risk at a mine in relation to the design and construction of the mine's roads, to ensure the specification for the design and construction enables the safe movement of vehicles about the mine.                                                                                                                    | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 48          | Power, as a person who has an obligation under the Act to manage risk in relation to ventilation at a mine, to ensure appropriate measures are taken to ensure the ventilating air in a place where a person may be present at the mine is of a sufficient volume, velocity and quality to achieve a healthy atmosphere.                                                             | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 56          | Power, as a person who has an obligation under the Act to manage risk in relation to storing and handling hazardous chemical or dangerous goods, to ensure they are handled and stored in the manner prescribed under section 56.                                                                                                                                                    | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 65          | Power, as a person who has an obligation under the Act to manage risk in relation to selecting explosives for use at the mine, to ensure the explosives comply with the requirements of section 65.                                                                                                                                                                                  | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 100,101,102 | Power, as a person who has an obligation under the Act to manage risk at a mine in relation to the selection and design of plant, to ensure that the selection and design of plant complies with the requirements of sections 100, 101 and 102.                                                                                                                                      | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
| Mining and Quarrying Safety and Health Regulation 2017 | 104(1)      | Power, as an operator, to ensure plant used or intended for use, at the mine is manufactured, constructed, stored, transported and installed in accordance with any applicable specifications and instructions.                                                                                                                                                                      | Chief Executive Officer | Schedule 2 - Limits and Conditions to the Exercising of Powers |
