### 3 CONFIRMATION OF MINUTES

### 3 CONFIRMATION OF MINUTES

#### 3.1 - Confirmation of Minutes

**MEETING DETAILS:** Ordinary Council Meeting - Wednesday 25 September 2024

**AUTHOR:** Councillor Support Officer

**AUTHORISING OFFICER:** Director Corporate Services

---

#### PURPOSE

At each Council meeting, the minutes of the previous meeting must be confirmed by the councillors present and signed by the person presiding at the later meeting. The Minutes of Council's Ordinary Council Meeting held on 28 August 2024 are provided for Councils review and confirmation.

#### OFFICER'S RECOMMENDATION

That Council confirms the Minutes of the Ordinary Meeting held on 28 August 2024.

#### BACKGROUND

In accordance with s254F of the Local Government Regulation 2012, minutes were taken at Council's Ordinary Council Meeting held on 28 August 2024 under the supervision of the person presiding at the meeting. These unconfirmed minutes were reviewed and are available on Council's website for public inspection.

#### DISCUSSION/CURRENT ISSUE

Council's options are:

Confirm the Minutes of the Ordinary Council Meeting held on 28 August 2024.

If Council is satisfied that the unconfirmed minutes are an accurate representation of what occurred at the meeting held on 28 August 2024 and comply with legislative requirements outlined in this report, no further action is required other than to confirm the minutes as per the recommendation.

Confirm the Minutes of the Ordinary Council Meeting held on 28 August 2024 with amendments.

If Council is not satisfied that the unconfirmed minutes are an accurate representation of what occurred at the meeting held on 28 August 2024 and comply with legislative requirements outlined in this report, then they move a motion that they be confirmed but with a list of amendments to ensure they are correct and compliant.

#### FINANCIAL IMPLICATIONS

The price for a member of the public to purchase a copy of the minutes must not be more than the cost to the local government of having the copy printed and made available for purchase, and if the copy is supplied to the purchaser by post, the cost of the postage.

### Local Government Regulation 2012

Section 254F of the Local Government Regulation stipulates that the Chief Executive Officer must ensure that minutes of each meeting of a local government are taken under the supervision of the person presiding at the meeting.

Minutes of each meeting must include the names of councillors present at the meeting and if a division is called on a motion, the names of all persons voting on the motion and how they voted.

At each meeting, the minutes of the previous meeting must be confirmed by the Councillors present and signed by the person presiding at the later meeting.

### RISK ASSESSMENT/DEADLINES

A copy of the minutes of each meeting must be available for inspection by the public, at a local government's public office and on its website, within 10 days after the end of the meeting. Once confirmed, the minutes must also be available for purchase at the local government's public office(s).

#### **4 BUSINESS ARISING**

This item on the agenda allows Councillors the opportunity to seek clarification or updates on business arising from the minutes of the previous meeting.

## **5 MAYORAL MINUTE**

This item on the agenda allows the Mayor to introduce, by a signed minute, a matter for consideration at the meeting. In accordance with Council's Standing Orders, such a matter takes precedence over all other matters for consideration at the meeting and may be adopted by a motion moved by the Mayor without the need for the motion to be seconded.

In accordance with Council's Standing Orders, Councillors may give notice of any business they wish to be discussed at an Ordinary Meeting by way of a Notice of Motion. This item on the agenda allows Councillors to introduce and move any motions they have submitted to the Chief Executive Officer for inclusion in the agenda.

## **7            DEPUTATIONS**

This item on the agenda allows persons to make a deputation to Council. Deputations are managed in accordance with Council's adopted Standing Orders.

This item on the agenda allows for the following two options:

1. Councillors to present a petition to the meeting in accordance with Council's Standing Orders, no debate on or in relation to the tabled petition shall be allowed and the only motion which may be moved is that the petition either be received, referred to a Committee or Council officer for consideration and report back to Council, or not be received because it is deemed invalid.
2. The inclusion of any responses prepared by officers in response to questions taken on notice at previous meetings of Council.

Excerpt from Council's Standing Orders:

1. In each Meeting, time shall be set aside to permit members of the public to address the Council on matters of public interest related to local government.
2. Questions from the Public Gallery will be taken on notice and may or may not be responded to at the Meeting.
3. The time allotted shall not exceed fifteen (15) minutes and no more than three (3) speakers shall be permitted to speak at any one (1) meeting.
4. Any person addressing the Council shall stand, act and speak with decorum and frame any remarks in respectful and courteous language.

**PURPOSE**

To assess the development application for a six-lot medium impact industry subdivision and seek Council's determination.

**EXECUTIVE SUMMARY**

The application is for subdivision of two medium impact industry lots into six lots and a common property area. The properties are adjoining rural and rural residential properties. The lands are currently vacant and generally cleared of vegetation. The subdivision of the two properties will result in the following lot sizes:

- Proposed Lot 1 – 2875m<sup>2</sup>
- Proposed Lot 2 – 3291m<sup>2</sup>
- Proposed Lot 3 – 3094m<sup>2</sup>
- Proposed Lot 4 – 2105m<sup>2</sup>
- Proposed Lot 5 – 2041m<sup>2</sup>
- Proposed Lot 6 – 2043m<sup>2</sup>
- Common Property – 17,110m<sup>2</sup>

The proposed access is off Betzels Lane. The access, parking and turning area will be located within the common property where each lot will have access to the internal road and parking spaces. Preliminary engineering design drawings have been provided demonstrating the new access to Betzels Lane, the internal roadway and circulation areas can accommodate the turning movements of a 19 m Articulated Vehicle (AV).

The development application is code assessable given that all six allotments achieve the minimum lot size specified by the Planning Scheme.

The proposal can be provided with reticulated water, sewer, stormwater drainage, sealed roads, electricity and telecommunications. The applicant has requested Council permit the development to not connect to Council's reticulated sewer network which is the primary reason the application is presented to Council.

The primary justification by the applicant is that connection to the existing sewer main on the Bruce Highway, some 450m away, is not financially viable. The applicant has instead provided a wastewater report to demonstrate that onsite wastewater systems can be supported on each lot. Other justification provided by the applicant includes there being little strategic value in connecting the area.

The proposal is located outside of Council's Priority Infrastructure Area (PIA), however the immediate area along Betzels Lane is serviced with reticulated water. Overall outcome (m) of the Medium Impact Industry Zone Code requires that development is provided with the full range of urban services to support industry and employment needs. Whilst it is

acknowledged some future uses of the land may have a limited need for reticulated sewer the absence of this connection limits the potential for higher intensity industrial activities from being realised. When considering the land in a strategic context there are five nearby parcels zoned Medium Impact Industry that when developed in the future will require full connection to be made.

As the subject site will not be raised above the 1%AEP flood level future onsite wastewater treatment systems will be constrained. It is a requirement of all wastewater treatment systems that the land application area used to disperse the effluent is above the 1% AEP level. The applicant has not demonstrated that future applications for such systems could be approved by Council.

To address the flood hazard a Flood Risk Assessment has been provided by the applicant to support the proposal. The report finds that post site civil works the proposal will remain impacted by the 1%AEP flood event. This is considered acceptable due to no loss in flood plain storage from the earthworks and that the proposed use of the land will be for Class 7 buildings which are permitted to be on land which is inundated subject to RPEQ certification and the unimpeded flow-through of water.

It is recommended that the development is approved subject to conditions requiring the development to connect to Council's reticulated sewer network.

## OFFICER'S RECOMMENDATION

That Council approve the application for Development Application for Development Permit for Reconfiguration of a Lot for Two (2) Lots into Six (6) Lots & Common Property, made by CHP Developments Pty Ltd, on L: 1 RP: 744806, L: 15 RP: 745336 and located at 6 and Lot 15 Betzels Lane Bowen, subject to the conditions outlined in **Attachment 4**.

## BACKGROUND

Both lots were previously approved for a Preliminary Approval for an Industrial Precinct, however the rezoning of both lots to Medium Impact Industry under the *Whitsunday Regional Planning Scheme v3.9* has rendered the Preliminary Approval redundant. The Preliminary Approval was granted subject to the site being connected to all urban services, including sewer.

## DISCUSSION/CURRENT ISSUE

Overall outcome (m) of the Medium Impact Industry Zone Code requires that low to medium impact industry activities are provided with the full range of urban services to support industries. The proposal can be provided with the full range of urban services. A detailed assessment of the proposal is provided in **Attachment 3**.

## FINANCIAL IMPLICATIONS

The application fee has been paid.

There are no applicable infrastructure charges.

#### 2. Site Description

The subject land has frontage to the Bruce highway and adjoins rural and rural residential zoned land. Adjacent land uses to the west are medium impact industry and to the south is the Bowen Airport. Stormwater drainage lines surround the site. Both lots are cleared of vegetation and are generally flat. The only proposed access to the development is from a new access to Betzels Lane.

#### 3. Proposal Details

The proposal is for the reconfiguration of two lots into six lots and common property, as follows:

- Proposed Lot 1 – 2875m<sup>2</sup>
- Proposed Lot 2 – 3291m<sup>2</sup>

# Attachment 11.1.1 20231331 - Development Application for Development Permit for Reconfiguration of a Lot for Two (2) Lots into Six (6) Lots & Common Property - 6 & Lot 15 Betzels Lane, Bowen

## Attachment 11.3.3 Planning Assessment Report

- Proposed Lot 3 – 3094m<sup>2</sup>
- Proposed Lot 4 – 2105m<sup>2</sup>
- Proposed Lot 5 – 2041m<sup>2</sup>
- Proposed Lot 6 – 2043m<sup>2</sup>
- Common Property – 17,110m<sup>2</sup>

The application is code assessable as all allotments exceed the minimum lot size for the zone. The common property will contain access, car parking, detention basin and a 1% AEP easement for storm tide inundation.

### 4. Planning Assessment

The application has been assessed against the relevant provisions of the *Planning Act, 2016* and the *Whitsunday Regional Council Planning Scheme, 2017*. The proposal is considered to be generally in accordance with the Planning Scheme and is recommended for approval in accordance with the drawings and documents submitted, subject to reasonable and relevant conditions (Attachment 1).

#### 4.1. State Assessment and Referral Agency (SARA)

The application was referred to State Assessment Referral Agency (SARA) due to the threshold for subdividing a combined total site area of 16,000m<sup>2</sup> for an industry activity and location of the site being within 100m of a State-controlled road intersection.

No conditions have been recommended by SARA.

#### 4.2. State Planning Policy – July 2017

The State Planning Policy (SPP) includes interim development assessment requirements to ensure that State interests are appropriately considered by local government when assessing development applications where the local government Planning Scheme is appropriately integrated all of the State's interests in the SPP. The most recent SPP has been reflected in the Whitsunday Regional Council Planning Scheme, in particular Part 2 of State Planning Provisions.

#### 4.3. Mackay Isaac and Whitsunday Regional Plan – February 2012

The Mackay, Isaac and Whitsunday Regional Plan is not applicable in Code Assessable development.

#### 4.4. Whitsunday Regional Council Planning Scheme, 2017

##### 4.4.1. Strategic Framework

The Strategic Framework is not applicable in Code Assessable development.

##### 4.4.2. Overlay Codes

##### Acid Sulfate Soils

The subject site is identified being subject to a low risk of acid sulfate soils. A condition of approval has been imposed that should acid sulfate soils be encountered during construction, works must be stopped, and an acid sulfate soils management plan provided to Council.

# Attachment 11.1.1 20231331 - Development Application for Development Permit for Reconfiguration of a Lot for Two (2) Lots into Six (6) Lots & Common Property - 6 & Lot 15 Betzels Lane, Bowen

## Attachment 11.3.3 Planning Assessment Report

### Agricultural Land

The subject site is mapped subject to the agricultural land overlay. This mapping is seen as an error as both properties are urban zoned intended for urban purposes.

### Biodiversity, Waterways and Wetlands

Lot 15 is subject to the Matters of State Environmental Significance (MSES) Regulated Vegetation for vegetation intersecting a Stream Order Level 1 watercourse and the MSES-Regulated Vegetation for Category R vegetation. No development is proposed within the 10m buffer to the identified waterway, maintaining the function of waterbody. Therefore, the development complies with the requirements of the code.

### Building Heights

No buildings are proposed as part of this development.

### Flood Hazard

Both lots are entirely located within the flood hazard overlay. A Flood Risk Assessment has been provided by the applicant to support the proposal. The report finds that post site civil works the proposal will remain impacted by the 1% AEP flood event. This has been reasoned to be acceptable as it ensures there is no loss in flood plain storage from the earthworks. The proposed use of the land will be for Class 7 buildings which are permitted to be on land which is inundated subject to RPEQ certification and the unimpeded flow-through of water. As the proposal will not cause offsite impacts and is suitable for its intended future use the proposal complies with the requirements of the code.

### Coastal Hazard

Lot 15 is subject to storm tide inundation overlay, along the north boundary with a small section classified in the permanent inundation area. This area of the site will be placed in a 1% AEP storm tide inundation easement. All buildings and site access routes will be located above the 3.16m AHD 1% AEP storm tide flood height. The proposal is in an area where all other requirements of the code are not applicable.

### Infrastructure

Requirements under the Infrastructure overlay for road noise corridor Category 1 and 2 can be addressed at the future building works stage, if applicable.

### 4.4.3. Zone Code

The Medium Impact Industry zone allows for low to medium impact industry activities which are the intended future use of the site. All six lots will have sufficient land area to undertake varying low and medium industry activities.

Landscaping will be provided along the northern and southern boundary to soften the visual impact of the future uses on the entry into the Bowen township.

The proposal can be provided with the full range of urban services including reticulated water, sewer, stormwater drainage, sealed roads, electricity and telecommunications. The development is not expected to adversely impact the existing road, telecommunication and transmission infrastructure.

# Attachment 11.1.1 20231331 - Development Application for Development Permit for Reconfiguration of a Lot for Two (2) Lots into Six (6) Lots & Common Property - 6 & Lot 15 Betzels Lane, Bowen

## Attachment 11.3.3 Planning Assessment Report

The applicant has requested the development not connect to the reticulated sewer network. The primary justification presented by the applicant is that connection to the existing sewer main on the Bruce Highway, some 450m away, is not financially viable. The applicant has instead provided a wastewater report to demonstrate that onsite wastewater systems can be supported on each lot. Other justification provided by the applicant includes there being little strategic value in connecting the area.

The proposal is located outside of Council's Priority Infrastructure Area (PIA), however the immediate area along Betzels Lane is serviced with reticulated water. Overall outcome (m) of the Medium Impact Industry Zone Code requires that development is provided with the full range of urban services to support industry and employment needs. Whilst it is acknowledged some future uses of the land may have limited need for reticulated sewer the absence of this connection limits the full potential of land zoned for higher intensity industrial activities from being realised. When considering the land in a strategic context there are five nearby parcels zoned Medium Impact Industry that when developed in the future will require connection to be made.

As the subject site will not be raised above the 1% AEP flood level future onsite wastewater treatment systems will be constrained. It is a requirement of all wastewater treatment systems that the land application area used to disperse the effluent is above the 1% AEP level. The applicant has not demonstrated that future applications for such systems could be approved.

It is therefore recommended that conditions of approval are imposed requiring the development to connect to the reticulated sewer network.

### 4.4.4. Development Codes

#### Reconfiguring a lot code

All six allotments achieve the minimum lot size specified in Table 9.4.6.3.2 of the code, ranging between 2041m<sup>2</sup> and 3291m<sup>2</sup>. The common property lot also has a lot size of 17,110m<sup>2</sup>.

A 5m wide landscaping buffer will be provided along the northern boundary that adjoins the rural and rural residential properties. In addition to this buffer the proposed allotments will be at least 27m away from the northern boundary. It is therefore considered the future medium impact industries will be adequately buffered from adjoining sensitive land uses.

#### Excavation and filling code

The proposed earthworks will involve a net fill of 1,030m<sup>2</sup>, requiring an Operational Works permit.

#### Healthy waters code

The development will achieve the stormwater quality, waterway stability and integrated design objectives as per the submitted Stormwater Quality Management Plan.

#### Infrastructure Code

The proposed development is recommended to be connected to Council's reticulated water, sewer, electricity, telecommunications and existing stormwater drainage infrastructure. Physical works to achieve these connections are to be completed under Operational Works approval.

Stormwater will be discharged to the lawful point of discharge within the proposed easement on the northern boundary. The bio retention and detention basin has been

designed to withstand flood velocities up to the 1% AEP and will be constructed under Operational Works approval.

### Landscaping code

The subject site is mostly cleared of vegetation. Adequate landscaping is proposed along the frontage with the Bruce Highway to protect the visual amenity of the entrance into the Bowen township.

### Transport and parking code

The access, parking and turning area will be located within the common property. Each proposed allotment will have access to a parking and circulation area. Preliminary engineering design drawings have been provided demonstrating the new access to Betzels Lane, the internal roadway and circulation areas can accommodate the turning movements of an Articulated Vehicle (AV) being a 19m semi-trailer. All internal movement areas will be provided under Operational Works approval. A Road Works Permit will be required for the external crossover to Betzels Lane.

Not applicable in Code Assessable development.

## 6. Infrastructure Charges

### 6.1. Adopted Infrastructure Charges Resolution

The following is a breakdown on the Infrastructure Charges for the development:

- 1.2 The applicant is to comply with the Department of State Development, Manufacturing, Infrastructure and Planning's conditions as outlined in the Department's correspondence dated 29 January 2024.
- 1.3 The following further development permits are required prior to commencement of work on site or commencement of the use:
  - a) Operational Works:
    - i. Earthworks;
    - ii. Internal Access and Parking
    - iii. Stormwater Drainage;
    - iv. Erosion and Sediment Management Plan;
    - v. Water Infrastructure; and
    - vi. Sewerage Infrastructure.

All Operational Works, Plumbing and Drainage Works Development Permits must be obtained prior to the issue of a Building Works Development Permit.
- 1.4 Where a discrepancy or conflict exists between the written conditions of this approval and the approved plans, the requirements of the written condition(s) will prevail.
- 1.5 All conditions of this approval must be complied with in full to Council's satisfaction prior to the commencement of the use.
- 1.6 The applicant shall demonstrate and provide evidence that compliance with all conditions of this development approval and any other subsequent development approvals as a result of this development approval have been complied with at the time of sealing the survey plan or commencement of the use, whichever is the sooner.
2. **CLEARING, LANDSCAPING AND FENCING**
  - 2.1 Any vegetation removed must be disposed of to the requirements of the Council. Transplanting, chipping or removal from site are the preferred solutions.
  - 2.2 All vegetative waste cleared as part of the development of the site is to be either:

## Attachment 11.3.4 Conditions of Approval

- a) stored neatly on site and shredded within sixty (60) days of clearing; or
  - b) removed off the site to an approved disposal location.
- 2.3 Prior to commencement of use, landscaping is to be provided and maintained generally in accordance with the approved Landscape Concept Plans, Drawing No 01-03 dated 11/06/2024. Planting species to be in accordance with PSP SC6.4.5 Planting Species List.
- 2.4 No invasive plants (Biosecurity Act, 2014) or declared local pests (Local Law no.3) shall be planted on the site or allowed to invade the site and the site must be managed and maintained to exclude weeds.
- 2.5 To reduce the spread of weeds, all earthmoving equipment shall be free of soil and seed before being taken to the work site and again on completion of the project.
- 3. EARTHWORKS**
- 3.1 Prior to commencement of any work on site an Operational Works development permit must be obtained in relation to Earthworks.
- Any application for Operational Works (Earthworks) must be accompanied by engineering design drawings demonstrating compliance with the recommendations of the Geotechnical and Civil site report for the site. All earthworks are to be placed, trimmed and compacted as a minimum to standards identified in AS3789. Compaction test results are to be submitted to Council for its records.
- 3.2 During and at the completion of the excavation and filling of the site the applicants Civil/Geotechnical Engineer shall supervise, and at the completion, certify that the work carried out on site has meet the design intent and provide evidence that the finished work will not cause adverse impact on adjoining property and will be stable over the long term.
- 3.3 All cut/fill batter slopes created as a result of earthworks carried out on the site are to be protected and retained. Any retaining structure, necessary as a result of works on the site must be designed, supervised and certified by a Registered Professional Engineer of Queensland prior to signing of the Survey Plan.
- 3.4 Any retaining structure must not be located within road reserve.
- 3.5 Acid sulphate soils are not to be disturbed during the works unless an Acid Sulfate Soils Management Plan that complies with Planning Policy SC6.2.4: Acid sulfate soils management plan, is submitted and approved by Council.
- 4. WATER INFRASTRUCTURE**
- 4.1 Prior to the commencement of any work on site, an Operational Works development permit must be obtained in relation to Water Infrastructure.
- 4.2 Any application for Operational Works permit application, for each stage must be designed in accordance with Council's Development Manual (or equivalent replacement document current at the time of development) and QFRS requirements.
- 4.3 The development must be connected to Council's water network prior to sealing the plan of survey.

Attachment 11.3.4 Conditions of Approval

- 4.4 Each lot within the development must be provided with a sub-meter in accordance with Council's policy for sub-metering prior to sealing the plan of survey.
- 4.5 Prior to the signing of the Survey Plans, internal water infrastructure must be constructed. Each lot must be connected to Council's water supply network prior to signing of the Survey Plans.
- 4.6 Prior to the signing of Plan of Survey, whichever is sooner, the applicant must lodge with Council a civil engineer's design and construction certification (by an experienced and qualified engineer). The certification must be addressed to Council and must certify that all Water Infrastructure works have been designed and constructed according to the conditions of this Decision Notice and Council's Development Manual.
- 5. **SEWERAGE INFRASTRUCTURE**
- 5.1 Each lot must be connected to a sewerage reticulation network prior to signing of the Survey Plans for each stage.
- 5.2 Prior to the commencement of any work on site an Operational Works development permit must be obtained in relation to Sewer Infrastructure.
- 5.3 An application for Operational Works (Sewer Infrastructure) for each stage must be accompanied by engineering design drawings, and certifications of the design, demonstrating compliance with Council's Development Manual (current at the time of development) and this Decision Notice.
- 5.4 Sewerage infrastructure must be constructed to comply with S6 "Sewer Reticulation" of Council's Development Manual, Council's Standard Drawings and Water Services Association of Australia Sewerage Code of Australia. Where a discrepancy or conflict exists between Council's Development Manual and the Sewerage Code, the requirements of Council's Development Manual will prevail.
- 5.5 Prior to signing of Plan of Survey, the applicant must lodge with Council, a civil engineer's design and construction certification (by an experienced and qualified engineer). The certification must be addressed to Council and must certify that all Sewer Infrastructure works have been designed and constructed according to the conditions of this Decision Notice and Council's Development Manual.
- 6. **ACCESS AND PARKING**
- 6.1 A Road Works permit must be obtained prior to commencement of work for the external access on site.
- 6.2 The external access must include provision for all drainage from within the property and along the driveway surface to be collected at or inside the property boundary and discharged by way of a pipe or other approved means to Council's drainage system.
- 6.3 All driveways must be constructed prior to sealing the plan of survey and maintained thereafter to the requirements of Council.

## Attachment 11.3.4 Conditions of Approval

- 6.4 Prior to commencement of any work on site an Operational Works development permit must be obtained in relation to Access and Parking.

Any application for Operational Works (Access and Parking) must be accompanied by detailed engineering drawings demonstrating compliance with Council's Development Manual (current at the time of development), Australian Standard AS2890, AS1428 and this Decision Notice.

- 6.5 A Development Permit for Operational Works (Internal Access and Parking) must be obtained prior to commencement of work on site.

Any application for Operational Works (Internal Access and Parking) must be accompanied by engineering design drawings, and certifications of the design, demonstrating compliance with Council's Development Manual (current at the time of development) and this Decision Notice.

- 6.6 All internal accesses, driveways, circulation roads, aisles, parking bays and manoeuvring areas are to be provided generally as indicated on *Concept Plan Cause Consulting Engineers – Roadworks Layout Plan – 0020197 – C300 – Rev 2* dated 20/05/2024 and constructed so as to comply with the criteria described in Council's Development Manual, AS2890 and AS1428.

- 6.7 Accesses must be located so as to achieve Safe Intersection Sight Distance in accordance with Section 3 of Austroads Guide to Road Design – Part 4A: Unsignalised and Signalised Intersections.

- 6.8 The internal access within the common property must be constructed to a concrete standard prior to signing of the Survey Plans.

- 6.9 Prior to sealing the plan of survey, the applicant must lodge with Council, a civil RPEQ engineer's design and construction certification. The certification must be addressed to Council and must certify that all internal accesses, driveways, circulation roads, aisles, parking bays and manoeuvring areas comply with the requirements of the Whitsunday Regional Council Development Manual, AS2890 and AS1428.

- 6.10 At completion of construction and prior to signing of plan of survey, the Supervising Engineer must provide certification that all access & parking works constructed on site comply with Council's Development Manual, and the Decision Notice of Approval.

### 7. **STORMWATER AND FLOODING**

- 7.1 Prior to commencement of any work on site an Operational Works development permit must be obtained in relation to Stormwater Drainage.

- 7.2 Any application for Operational Works (Stormwater) must be accompanied by engineering design drawings, including calculations and certifications of the design, demonstrating compliance with Queensland Urban Drainage Manual current at the time of development, Council's Development Manual (current at the time of development) and this Decision Notice.

# Attachment 11.1.1 20231331 - Development Application for Development Permit for Reconfiguration of a Lot for Two (2) Lots into Six (6) Lots & Common Property - 6 & Lot 15 Betzels Lane, Bowen

## Attachment 11.3.4 Conditions of Approval

- 7.3 The applicant must demonstrate that the developed flows from the land drain to a lawful point of discharge. Natural and Developed Flows from adjoining properties are to be managed through the site and discharged to a lawful point of discharge.
- 7.4 The developed flows from the land must be drained to a lawful point of discharge prior to signing of the Survey Plans. Easements for this purpose must be provided over all land from the development to the lawful point of discharge.
- 7.5 The earthworks design is to provide for the capture and management of natural flows from External Catchments, adjoining properties and site drainage through the site and discharged, as called for in Queensland Urban Drainage Manual, to a Legal Point of discharge.
- 7.6 All stormwater drainage works must be designed and constructed in accordance with the Queensland Urban Drainage Manual current at the time of development and Council's Development Manual (or equivalent replacement document current at the time of development).
- 7.7 Each allotment to be created must be provided with a lawful point of discharge prior to signing of the Survey Plan.
- 7.8 Easements required for drainage purposes through allotments must be in accordance with details described in the Queensland Urban Drainage Manual current at the time of development.
- 7.9 Easement documentation must be provided free of cost to Council.
- 7.10 Stormwater for the development must include gross pollutant traps, or other appropriate water quality measures, within the system adequate to ensure stormwater from the site must not cause measurable levels of water pollutants in the receiving waters to fall outside the acceptable ranges specified in the 'Australian Water Quality Guidelines for Fresh and Marine Waters', ANZECC 2000.
- 7.11 All site works must be undertaken to ensure that there is no increase in flood levels and/or flood frequency at any locations where existing landowners and/or users are adversely affected by waterway flooding for all events up to and including Q100.
- 7.12 Prior to the signing of Plan of Survey, the developer must lodge with Council, a civil engineer's design and construction certification (by an experienced and qualified engineer). The certification must be addressed to Council and must certify that the Stormwater Drainage works have been constructed in accordance with the requirements of Queensland Urban Drainage Manual current at the time of development, Council's Development Manual (current at the time of development) and this Decision Notice and will not cause adverse effects to adjoining or downstream properties or infrastructure.
- 8. **ELECTRICITY AND TELECOMMUNICATIONS**
- 8.1 Provide electricity and telecommunications connection to the proposed development to the requirements of the relevant authority. The application must submit to Council, either:
  - a) a certificate of supply demonstrating that existing low-voltage electricity supply is available to the newly created lots; or

- b) a certificate of supply that the applicant has entered into an agreement with the authorized electricity supplier, Ergon, to provide electricity services to the newly created lots, payment has been received and the connection will be completed at a date in the future.

If low-voltage electricity supply is unavailable to the newly created lots then the applicant must provide a certificate of supply of the proposed electricity connection date to all future property owners prior to entering into a contract of sale for the newly created lots prior to sealing of the survey plan.

**9. ENVIRONMENTAL MANAGEMENT PLAN (EMP)**

- 9.1 A Development Permit for Operational Works (Erosion Prevention and Sediment Control) must be obtained prior to commencement of work on site.

The plan must be prepared in accordance with requirements of the Whitsunday Regional Council Development Manual and the Best Practice Erosion & Sediment Control – November 2008 (IECA White Book) and the requirements of the Environmental Protection Act.

- 9.2 The strategy of the plan must be implemented and maintained for the duration of the operational and building works, and until exposed soil areas are permanently stabilised (e.g. turfed, concreted).
- 9.3 Discharges of water pollutants, wastewater or stormwater from the site must not cause measurable levels of water pollutants in the receiving waters to fall outside the acceptable ranges specified in the 'Australian Water Quality Guidelines for Fresh and Marine Waters', ANZECC 2000.
- 9.4 No visible emissions of dust must occur beyond the boundaries of the site during earthworks and construction activities on the site. If, at any time during the earthworks and construction activities the dust emissions exceed the levels specified above, all dust generating activities must cease until the corrective actions have been implemented to reduce dust emissions to acceptable levels or wind conditions are such that acceptable levels are achieved.
- 9.5 The applicant must ensure that when undertaking any on-site or external works, including any filling and extraction, appropriate dust control measures are implemented in accordance with the Environmental Protection Act 1994 and complies with the relevant air quality objectives defined in the Environmental Protection (Air) Policy 2008.
- 9.6 At Operational Works stage, submit an Erosion and Sediment Control Report (ESC Report) in line with IECA's Best Practice Erosion and Sediment Control guidelines, and including, as a minimum, the following:

ESC Report:

A site hazard assessment (ESC Report) is required to provide justification for the control measures. Components which should be included in the site hazard assessment include:

- a) Erosion risk assessment calculations (RUSLE)
- b) Identification of minimum sediment control – Type 1,2 or 3
- c) Soil characteristics issues and methods of management in ESC and site rehabilitation (eg. Sodic or Dispersive)
- d) Reveining environment characteristics

- e) Initial staging issues/control
- f) Sequencing control in line with staging

This information will allow Council to assess the drainage controls based on design storm, erosion controls based on rainfall erosivity, and sediment controls based on soil loss rates.

### **10. MAINTENANCE VALUATION**

- 10.1 The applicant must pay to Council a maintenance valuation fee per lot at the time of sealing of the survey plan at the rate applicable at the time of payment. The current rate is \$42.00 per lot.

### **11. MISCELLANEOUS**

- 11.1 If any item of cultural heritage is identified during site works, all work must cease and the relevant State Agency must be notified. Work can resume only after State Agency clearance is obtained.

The Applicant is reminded of their obligations under the Aboriginal Cultural Heritage Act, 2003 and the Torres Strait Islander Cultural Heritage Act 2003. Further information and databases are available from the Department of Aboriginal and Torres Strait Islander Partnerships at: [www.datsip.qld.gov.au](http://www.datsip.qld.gov.au)

- 11.2 Any alteration necessary to electricity, telephone, water mains, sewerage mains, and/or public utility installations resulting from the development or in connection with the development, must be at full cost to the developer.
- 11.3 Any building materials, equipment and the like must be appropriately tied down, placed indoors and secured on site at the time of preparation for cyclone events. The on site supervisor is to ensure that all contractors/employees take the necessary steps to secure the construction site in the event of a cyclone.
- 11.4 All construction materials, waste, waste skips, machinery and contractors' vehicles must be located and stored or parked within the site. No storage of materials, parking of construction machinery or contractors' vehicles will be permitted in Betzels Land or Bruce Highway or adjoining land unless written permission from the owner of that land and Council is provided.
- 11.5 It is the developer's responsibility for the full rectification of any damage caused to neighbouring public infrastructure (such as footpaths, driveways, fences, gardens, trees and the like) caused by contractors, including clean up of any litter or waste that is a result of the subject development.

### **12. ADVISORY NOTES**

- 12.1 Hours of work  
It is the developer's responsibility to ensure compliance with the Environmental Protection Act 1994, which prohibits any construction, building and earthworks activities likely to cause nuisance noise (including the entry and departure of heavy vehicles) between the hours of 6.30 pm and 6.30 am from Monday to Saturday and at all times on Sundays or Public Holidays.
- 12.2 Dust Control  
It is the developer's responsibility to ensure compliance with the Environmental Nuisance of the Environmental Protection Act 1994 which prohibits unlawful environmental nuisance caused by dust, ash, fumes, light, odour or smoke beyond the

boundaries of the property during all stages of the development including earthworks and construction.

### 12.3 Sedimentation Control

It is the developer's responsibility to ensure compliance with the Environmental Protection Act 1994 and Schedule 9 of the Environmental Protection Regulation 2008 to prevent soil erosion and contamination of the stormwater drainage system and waterways.

### 12.4 Noise During Construction and Noise in General

It is the developer's responsibility to ensure compliance with the Environmental Protection Act 1994.

### 12.5 General Safety of Public During Construction

It is the project manager's responsibility to ensure compliance with the Work Health and Safety Act 2011. It states that the project manager is obliged to ensure construction work is planned and managed in a way that prevents or minimises risks to the health and safety of members of the public at or near the workplace during construction work.

It is the principal contractor's responsibility to ensure compliance with the Work Health and Safety Act 2011. It states that the principal contractor is obliged on a construction workplace to ensure that work activities at the workplace prevent or minimise risks to the health and safety of the public at or near the workplace during the work.

It is the responsibility of the person in control of the workplace to ensure compliance with the Work Health and Safety Act 2011. It states that the person in control of the workplace is obliged to ensure there is appropriate, safe access to and from the workplace for persons other than the person's workers.

### 12.6 Enquiries relating to the aforementioned conditions should be directed to the Regional Strategy and Planning Directorate who will direct the enquiry to the relevant officer.

### 12.7 The approved development is to comply with Council's Local Laws and ensure any required licences/ permits are obtained prior to commencement of the use.

## 11.2 - Memorial Request

**MEETING DETAILS:** Ordinary Council Meeting - Wednesday 25 September 2024

**AUTHOR:** Manager Parks and Gardens

**AUTHORISING OFFICER:** Director Infrastructure Services

---

### PURPOSE

This report is seeking approval for a request from Luke and Nicole Jankowski for Council to allow the placement of a memorial plaque on the rock at the designated site at Coral Cove, Bowen. This is in accordance with the Memorials in Council Parks, Gardens, Open Spaces and Road Reserve Policy.

### EXECUTIVE SUMMARY

This report seeks approval for a request from Luke and Nicole Jankowski to install a memorial plaque on the designated rock at Coral Cove, Bowen, in accordance with the Memorial in Councils Parks, Gardens, Open Spaces, and Road reserve Policy. The request is made in memory of their son Jaidyn Jankowski, who was born in Mackay and spent his entire life in Bowen. Jaidyn passed away at the age of 18.

### OFFICER'S RECOMMENDATION

That Council approve the installation of a small memorial plaque for Jaidyn Jankowski on a rock located at Coral Cove, Bowen.

### BACKGROUND

Council received a letter from the parents Luke & Nicole Jankowski for their son Jaidyn Jankowski requesting a memorial plaque be installed on the big rock in front of Coral Cove Apartments, Bowen.

*As advised by family, Jaidyn was born in Mackay and lived in Bowen all his life. Attended school at Bowen State School then onto Bowen high school where he graduated. Jaidyn had a love for engineering and completed certificate two in engineering through school which then lead to an apprenticeship down at Bowen Engineering. Jaidyn really liked his job, was hard working and I am sure he would have made a great tradesman. Jaidyn had a love for sport playing soccer from an early age of six right through to seventeen then onto rugby.*

*Jaidyn played for the local soccer club till he was 10 then moved into the rep side. Up and down the highway, playing for the Burdekin, Mackay, and Airlie Beach NPL sides. Jaidyn has a great friend's group, and he got along with everyone. At seventeen he tried his skill set at the local rugby league side and for his first year had a ball making more friends and memories. Jaidyn also loved anything fishing, grew up with it from an early age, leading him to follow in my footsteps taking his mates up to our fishing hut, where many great times and laughs were made.*

The location requested was a special place for Jaidyn, hence the request for erection of a plaque at this location.

### DISCUSSION/CURRENT ISSUE

There are several matters to consider in the determination of the location for a plaque installation at the rock at Coral Cove, Bowen.

This is a forward-facing prime tourist destination within the region and any memorials need to be carefully considered at these locations. A small plaque (100mm x 200mm) affixed to a rock in the area suggested is considered appropriate and in keeping with similar memorial plaques at other locations. The placement of the plaque should ensure that the plaque is easy to read and doesn't require any person to climb onto rocks etc to view. These details can be confirmed with the family in due course

## **FINANCIAL IMPLICATIONS**

It would be expected in approving this request that costs would be met by the applicant, with administration and installation costs by Parks and Gardens staff that will range from \$250 to \$500.

## **CONSULTATION/ENGAGEMENT**

Director Infrastructure Services  
Luke and Nicole Jankowski

## **STATUTORY/COMPLIANCE MATTERS**

This request complies with the Memorials in Council Parks, Gardens, Open Spaces and Road Reserve Policy.

## **RISK ASSESSMENT/DEADLINES**

The following risks have been assessed in relation to this matter in accordance with council's risk management framework, inclusive of any risk mitigation currently provided through existing control measures:

**Infrastructure and Assets** - In the instance where the memorial plaque sustains damage, council may be asked to conduct repairs, however it is the responsibility of the donor for any upkeep and repairs for a 15-year period as stated under the Policy

**Reputation** – If council supports the placement of the memorial plaque, this may lead to more requests for the installation of memorials throughout council's Parks and Gardens, hence the reason for the policy.

**Reputation** – If council choose not to support the placement of the memorial plaque, it may result in complaints from the community.

## Attachment 11.2.1 Memorial Request for Luke and Nicole Jankowski

Good morning, ladies and gentlemen.

As per my discussion with Councillor Mr Mike Brunker I am writing in response to an email regarding memorial plaque for the big rock in front of the Cove Restaurant in Bowen. As per previous email we do not feel that the cemetery is the right spot for family and friends to remember our son Jaidyn Mark Jankowski.

Who was Jaidyn you ask!

Jaidyn was a loving kind free spirited 18-year-old young man.

Son to Luke and Nicole Jankowski, brother to Tyler, Liam and Marlee. Jaidyn has a large loving family with Four grandparents, six aunts and uncles and Fourteen cousins who all dearly miss him.

Jaidyn was born in Mackay and lived in Bowen all his life. Attended school at Bowen state school then onto Bowen high school where he Graduated. Jaidyn had a love for engineering and completed certificate two in engineering through school which then lead to an apprenticeship down Bowen Engineering. Jaidyn really liked his job, was hard working and I am sure he would have made a great tradesman. Jaidyn had a love for sport playing soccer from the age of six right through to seventeen then onto rugby league.

Jaidyn played for the local soccer club till he was 10 then move into rep side. Up and down the highway playing for the Burdikin, Mackay and Airlie Beach NPL sides. Jaidyn had a great friend's group and got along with everyone. At seventeen tried his skill set at the local rugby league side and for his first year had a ball making more friends and memories. Jaidyn also loved anything fishing, grew up with it from a very young age, leading him to follow in my footsteps taking his mate up our fishing hut, where many great times and laughs were made.

I can go on for days and days with all the great things Jaidyn's done but we are just trying to create a spot for many visits over many years in a spot that was dear to his heart.

How do we know this is the right spot for Jaidyn?

We were unaware of the mental health issues our son was going through at the time. He was a master in hiding it from us and his friends. Recently it has come to our attention over the past few months that Jaidyn frequently visit this spot when he was struggling with mental health issues and for reasons Jaidyn will only know, this was his safe place to gather himself for I only can hope, "happy thoughts". There are many memories on his phone to prove this spot was dear to his heart and now ours especially knowing that it may have given him more time with us.

It comes with a heavy heart, that no parent should have to go through this but unfortunately we are and it would mean the world to our family if this memorial plaque could get approved not only for the parents but for Jaidyn's mates.

I ask if approved we were hoping it could be possible done by April 27 2024 as this will be what should have been his 19<sup>th</sup> birthday.

Nicole and I would like to thank the Councillor Mr Mike Brunker and the Whitsunday Council for taking the time in considering our request and look forward in your reply.

Yours sincerely

Luke Jankowski.

## 11.3 - Memorial Request for Des Erricker Proserpine Memorial Swimming Pool

**MEETING DETAILS:** Ordinary Council Meeting - Wednesday 25 September 2024

**AUTHOR:** Manager Parks and Gardens

**AUTHORISING OFFICER:** Director Infrastructure Services

### PURPOSE

This report is regarding a request from Desni Wilkins for Council to place a memorial plaque at the Proserpine Memorial Swimming Pool or consider the renaming of Proserpine Memorial Swimming Pool including a story board, for the remembrance of Des Erricker. Reporting this request is in accordance with the Memorials in Council Parks, Gardens, Open Spaces and Road Reserve Policy.

### EXECUTIVE SUMMARY

This report presents to council, a proposal to honour Des Erricker's contributions to the Proserpine community by either installing a memorial plaque or renaming the Proserpine Memorial Swimming Pool in his memory.

As advised by the applicant, *“Des Erricker was instrumental in raising funds for the pool's construction and dedicated considerable time to teaching local children swimming skills and preparing them for club competitions. Recognising his efforts through a memorial plaque or a renaming of the facility would serve as a lasting tribute to his impact and dedication”*.

Approval is sought to proceed with this commemorative initiative.

It is considered appropriate that Council approve the installation of a memorial plaque or story board at the Proserpine Memorial Swimming Pool to honour Des Erricker's contributions and dedication to the community. Parks and Gardens would work with Desni Wilkins for the location on where the plaque/story board will be installed within the Proserpine Memorial Swimming Pool grounds.

### OFFICER'S RECOMMENDATION

1. That Council does not approve the renaming of the facility as it is already established as a memorial pool. The memorial plaque or story board will appropriately recognize Des Erricker's legacy without altering the established name of the pool.
2. That Council approve the installation of a memorial plaque or story board at the Proserpine Memorial Swimming Pool to honour Des Erricker's contributions and dedication to the community.

### BACKGROUND

As advised by the applicant, *“Des Erricker played a pivotal role in the establishment of the Proserpine Memorial Swimming Pool, a community asset that has greatly benefited local children and families since its opening. When Des Erricker arrived in Proserpine in 1966 to assume the role of Shire Clerk, he quickly identified the absence of a swimming facility for the community, particularly for the children who had no place to learn and practice swimming.*

*Erricker's commitment to the project went beyond his official duties; he dedicated extensive personal time and effort to fundraising and promoting the construction of the pool. His efforts*

*were crucial in accelerating the fundraising drive, which had previously stalled. Under his leadership, the project gained momentum, ultimately receiving both community donations and state government subsidies. This collective effort led to the completion of the Proserpine Memorial Swimming Pool, which officially opened on April 18, 1969.*

*Des Erricker's dedication did not end with the completion of the pool. He devoted many additional hours to teaching local children how to swim and preparing them for competitive swimming, with significant support from Janet Erricker. His hands-on involvement helped establish a strong local swimming culture and contributed to the development of many young swimmers.*

*In recognition of Des Erricker's remarkable contributions, I proposed two potential forms of commemoration. The first option is to install a memorial plaque at the Proserpine Memorial Swimming Pool, detailing Erricker's instrumental role in the pool's development and his contributions to the local swimming community. The second option considered was renaming the pool to "Des Erricker Memorial Pool" and affixing a brief report at the entrance to explain the significance of the new name.*

*So far, no decision has been made regarding these proposals. I have reached out to the Plaque Administrator for guidance, given the numerous plaques being installed across the shire. While a plaque remains an option, I strongly believe that renaming the pool would provide a more prominent and lasting recognition of Des Erricker's substantial impact on the community.*

*Des Erricker's extensive voluntary efforts in teaching and training local children in swimming deserve visible and enduring recognition. I hope this report provides a clear rationale for honoring his legacy and look forward to further advice on how best to proceed.*

## **DISCUSSION/CURRENT ISSUE**

Determination of the location for the plaque or story board installation is yet to occur.

No proof of plaque or story board design has yet been provided to Council thus would be subject to further consultation with the applicant.

A plaque will be easy to relocate if there are any future considerations or refurbishments for the Proserpine Memorial Swimming Pool. A story board is also an appropriate way to acknowledge the contribution.

The renaming of the Proserpine Memorial Swimming Pool is not recommended to progress without significant community consultation.

Find following an image of current history of the pool dedication;

Should Council wish to consider renaming the pool, community consultation on this proposal should occur first to assess community sentiment.

## FINANCIAL IMPLICATIONS

Negligible administration costs, and plaque costs are anticipated. Desni Wilkins may ask for Council to consider the supply cost and installation of the plaque/story board. An estimated cost by WRC (Whitsunday Regional Council) plaque supplier can range from \$500 to \$1,500. The nature of the story board has not been determined.

If Desni Wilkins purchases the plaque or story board, there will only be negligible administration and installation costs by Parks and Gardens staff that will range from \$250 to \$500.

The wording and style of the suggested plaque or story board has not been resolved however this could take several forms such as anodised aluminium or some other longer lasting medium.

Should costs exceed \$1,500 to council a further report may be required to identify a funding source.

## STATUTORY/COMPLIANCE MATTERS

This request complies with the Memorials in Council Parks, Gardens, Open Spaces and Road Reserve Policy.

## RISK ASSESSMENT/DEADLINES

The following risks have been assessed in relation to this matter in accordance with council's risk management framework, inclusive of any risk mitigation currently provided through existing control measures:

**Infrastructure and Assets** - In the instance where the memorial plaque or story board sustains damage, council may be asked to conduct repairs, however it is the responsibility of the donor for any upkeep and repairs for a 15-year period as stated under the Policy.

**Reputation** – If council supports the placement of the memorial plaque or story board, this may lead to more requests for the installation of memorials throughout council's Parks and Gardens, hence the reason for the policy.

**Reputation** – If council choose not to support the placement of the memorial plaque or story board, it may result in complaints from the community.

### PURPOSE

The purpose of this report is to seek council endorsement to conduct Flying Fox deterrent activities in Collinsville.

### EXECUTIVE SUMMARY

Flying Fox have been an issue in Collinsville since March 2021. In September 2023, Council formally resolved to engage a contractor to use deterrent actions to herd the Flying Fox out of town. The use of pyrotechnics or fireworks did make a temporary difference and for a short period of time resulted in the Flying Fox moving to nearby Pelican Creek.

Council is currently receiving complaints from the Collinsville community regarding the Flying Fox. The current Flying Fox population is approximately 3,500 individuals in 11 trees and seven properties.

Council has engaged a consultant to assist with the review of Councils current Flying Fox Policy, Flying Fox Management Plan and Collinsville Roost Plan.

Council staff are seeking further direction from the Council on how to respond to the Flying Fox issue. Council staff have identified four possible options:

1. Council waits for the revised WRC Policy, revised Flying Fox Plan and Collinsville Roost Plan which may be finalised by October. Then decide on deterrents – this will mean that it will be too late to undertake deterrents and likely will require postpone of these activities to April 2025.
2. Council undertakes a deterrent Program from September – October. New Policy and Plan and Roost Plan be accepted in November or December after the pyrotechnics. The pyrotechnics may need to cease in November due to Flying Fox creching.
3. WRC Flying Fox Policy is changed – Council has no role. No deterrents.
4. WRC new Policy, Plan, Roost Plan in November. Council has a role in deterrents. No support for deterrents such as pyrotechnics.

In order for Council staff to undertake further deterrent work, it is suggested that the Council resolution from 23 September 2023 is rescinded:

RESOLUTION OM2023/09/27.9

*That Council approve the acceptance of the quote from Biodiversity Australia to the value of \$234,094 (ex GST) plus costs for additional pyrotechnics to relocate the Collinsville Flying Fox Roost to an alternate Flying Fox camp location.*

*Furthermore, that Council commence a letter box drop and provide some communications to notify Collinsville residents on this being Councils last chance to resolve this issue.*

Once the Council resolution from 23 September 2023 is rescinded, then a new Council resolution could be developed to enable further Flying Fox deterrent work.

## OFFICER'S RECOMMENDATION

That Council:

1. Approve Flying fox deterrent activities to attempt to move the Flying Fox to a suitable roost site outside of the Collinsville township.

## BACKGROUND

Flying Fox have been roosting in Collinsville since March 2021. Since 2021, the population of Black Flying Fox and Little Red Flying Fox have fluctuated. The current Flying Fox population is 3,600 individuals and are located in 11 trees on seven properties. Over the last four years a range of deterrents have been trialled with various levels of success. However, the Flying Fox are persistent and are proving difficult to move out of the township.

In June 2024, Council conducted a community consultation process to gauge resident interest in undertaking the further deterrent work. The results of the community consultation are attached to this report. In short, the results of the community consultation were:

- There were 29 respondents with 6 respondents not impacted by the Flying Fox or living in proximity.
- It is quite clear that the Community would like Council to remain in a position of coordinating Flying Fox issues (21 out of 29 respondents)
- There are mixed opinions on the use of deterrents. There were 18 out of 29 respondents who supported the use of pyrotechnics as a deterrent.
- There was good support for the introduction of a resident support package to assist with residents living with Flying Fox as a temporary measure (22 out of 29 respondents)
- There is support to move the Flying Fox out of town.

In August and September 2023, Council was receiving numerous complaints from the Collinsville community regarding Flying Fox. In October 2023, Council engaged a contractor to apply a pyrotechnics or fireworks form of deterrent to attempt to herd the Flying Fox out of town. On 23 September 2023, Council passed the following resolution:

### RESOLUTION OM2023/09/27.9

*That Council approve the acceptance of the quote from Biodiversity Australia to the value of \$234,094 (ex GST) plus costs for additional pyrotechnics to relocate the Collinsville Flying Fox Roost to an alternate Flying Fox camp location.*

*Furthermore, that Council commence a letter box drop and provide some communications to notify Collinsville residents on this being Councils last chance to resolve this issue.*

## DISCUSSION/CURRENT ISSUE

The Flying Fox population in Collinsville is approximately 3,500. Councils current Flying Fox Policy states that Council will coordinate Flying Fox responses. Councils current Flying Fox Policy states:

- 4.1 *Whitsunday Regional Council management intent for Flying fox roosts NOT located on Whitsunday Regional Council managed land and contained within an UFFMA (i.e.. on private land):*
  - *The Whitsunday Regional Council will coordinate the management of the Flying-Fox roost on private property in consultation with the landholder(s).*

- *Where private land is within an UFFMA and is inhabited, or affected by flying foxes, and their presence “significantly” impacts residents or the community, WRC will consider, after the completion of a Flying Fox Site Assessment (Appendix 2), appropriate non-lethal measures to manage flying fox roosts.*
- *Management options that WRC will consider will be determined on the outcome of a Flying Fox site assessment and will be based on risk and cost to WRC. This is depicted in Figure 1.*
- **All management options considered by Council will be in accordance with the relevant code of practices.**
- *The Council will pay for the costs associated with the Council approved Flying-Fox roost management actions on private land within the UFFMA.*

There is an option to develop and implement a deterrent campaign based on the use of Pyrotechnics. Council staff have developed a draft Pyrotechnic Program and costs. The estimated weekly cost of the first week of the deterrent Program is approximately \$18,680. A four-week pyrotechnic campaign is estimated to cost \$66,610. If Council supports the commencement of the pyrotechnic campaign in September, this campaign may need to stop in mid-November due to Flying Fox creching. Where other councils have implemented pyrotechnics and broader deterrent campaign, they have required an ongoing small number of staff to provide a presence to continue the deterrent actions.

Council staff are seeking direction on whether further deterrent work including pyrotechnic actions are supported.

## **FINANCIAL IMPLICATIONS**

The proposed Flying Fox deterrent work will be completed within the allocated budget.

## **RISK ASSESSMENT/DEADLINES**

Flying Foxes, like other animals can pose a range of hygiene and health concerns. Flying Foxes can also carry zoonotic diseases (diseases that can be transmitted to humans). These are often serious diseases; however, they are difficult to catch. Transmission requires physical contact with the animal through its infected saliva, blood or other bodily fluid. The pathogen needs to get into a person's blood stream through a cut or the lining of the nose or mouth (i.e., mucous membrane). Often, a bite or scratch occurs when people try to handle a live Flying-Fox, for example, attempting to rescue a Flying-Fox that is sick or injured.

The two most serious zoonotic diseases, Australian Bat Lyssavirus (ABLV) and Hendra Virus, can be fatal. Some Flying-Foxes also carry the Australian Bat Lyssavirus, a rabies-like virus and have also been recognised as playing a role in the transmission of Hendra Virus to horses. While these two viruses represent a concern for some members of the community, the health risks are known to be minimal.

## 1. Executive Summary

Council is developing a Collinsville Roost Management Plan and Region-wide Flying Fox Strategy, that informs how we budget, resource and manage Flying fox management actions into the future. Currently, only one urban roost exists in Collinsville, however, several roosts have appeared in urban areas in the past, most recently in Proserpine.

Consultation was open from Monday 4 June – Sunday 7 July 2024, for a period of 34 days. A total of 29 individual submissions were received during the consultation period. Key feedback included:

- Identification of the significant impact of Flying fox on people, lifestyle, property, and assets.
- Strong desire from some submitters to re-locate Flying fox and put people first.
- Mix of responses to intensive actions, such as pyrotechnics and tree trimming, which is strongly supported by majority of directly affected residents, but less so for those further away from roosts.
- Less support for all management actions, the further away from the roost residents are.
- If Flying fox unable to be relocated, support for financial incentives for resident's lifestyle mitigations, education, and planting roost trees outside of town.
- Some concerns about animal welfare and support for live alongside roost management options, only from persons not directly affected by Flying fox.

All submission contents have been collated in this report. Submission themes will be considered by Council officers during the development of a Region-wide Flying Fox Strategy and in consideration of next steps to manage Flying fox in Collinsville, within the Roost Management Plan.

WRC will report back to the community to close the loop and demonstrate how the feedback was taken into consideration.

## 2. Background

Flying-foxes are a keystone species, for their critical role in long-distance pollination and seed dispersal. These ecosystem services are particularly important over fragmented landscapes and to allow forests to adapt to threats, such as climate change.

Within the Whitsunday Region, two species are most prevalent:

- Little Red Flying Fox – migratory, often appearing in our Region from July – November, and
- Black Flying Fox – a permanent population in Collinsville with migratory influxes throughout the year.

The activities of Flying foxes sometimes bring them into conflict with residents. Primary concerns include noise, odour, droppings, feeding on fruit trees, human health and disease.

Presently, there are several roosts within our Region, with a major roost creating the greatest impact for people located in the urban area of Collinsville. The roost fluctuates in numbers throughout the year, with an endemic population of Black Flying Fox ranging from a few hundred to 1,600 (end of May 2024). The annual migration of Little Red Flying Fox from June – November results in peaks of over 26,000.

## Attachment 11.4.1 Flying Fox Strategy & Collinsville Roost Management Plan - Consultation Report

Collinsville Roost Management actions to date have included:

| Timing                   | Action                                                                                                                                                       | Result                                                                                               |

**Figure 1:** October 2023 pyrotechnic campaign to nudge Flying fox toward Pelican Creek preferred roost location.

Consultation sought feedback on the following, to inform the Roost Management Plan and Region wide Strategy:

- Understanding community sentiment and experiences with Flying fox,
- Understanding of Flying fox impacts on residents,
- Perception of Flying fox management actions and preferred approaches, and
- Concerns and limitations for Flying fox management actions.

### 3. Overview of the Consultation

The consultation process occurred between Monday 4 June – Monday 7 July 2024 for a period of 28 days utilising our Online Engagement Portal. Communication tools to raise awareness of the consultation period included:

- Project page and fact sheet on our Online Engagement Portal - Yoursay Whitsunday.
- Social media post (4)
- Newspaper notice (4)
- Direct email of key stakeholders and Yoursay members interested in Cannonvale Parks and community facility projects (126)
- Poster on Telecentre digital noticeboards & customer service centre
- Hardcopy surveys in customer service centre
- Information stall at Collinsville Shopping Centre & Darcy Munro Park
- Public meetings with consultant (2)

Two Facebook posts received average reach, including:

- Post impressions – 9,964 - The number of times a post was on screen.
- Post reach – 9,555 - The number of people who saw posts at least once.
- Link clicks – 463 - The number of times people engaged with a link in a post

Our Online Engagement Portal *Yoursay Whitsunday* attracted 46 'informed' visitors during the consultation period. 'Informed visitors' interacted with fact sheets or links on the project page. The public meeting attracted 16 residents, with discussion including management options to date, Council's Flying fox policy and collaborative discussion on the way forward. Refer to Appendix A

#### 3.1 Purpose of the consultation

To consult with Whitsunday Region residents on Flying fox impacts, options for managing Flying fox in Collinsville and regional Flying Fox Strategy. Under the IAP2 Public Participation Spectrum, WRC was seeking to **consult** the community.

#### 3.2 Who was consulted

All residents in the Whitsunday Region were invited to participate and the consultation was open to anyone online. Targeted efforts included an information stall, public meeting and direct email to local businesses, relevant community groups, environmental groups and interested residents.

### 4. Overview of the Responses

Overall, there were 29 individual submissions received during the consultation period. The consultation sought feedback via written submission or online closed survey questions, which included an option for further comment. Consultation results are set out on the following pages. Refer to **Appendix A** for meeting notes from the public meeting that was held in Collinsville on 2 July 2024.

#### 4.1 Analysis of Responses

**Any further comment's themes (where not already noted above)**

- Consistent re-location program
- Create kids dirt bikes trails - noise impacts Flying fox
- Train line may impact preferred roost
- Compensation from mines for moving bats to Town
- Plant more trees
- Educate internal staff
- Tourism opportunity
- Town planning buffers
- Immediate action before little reds arrive
- Residents can't afford tree trimming

## 5. Recommendations

It is recommended the feedback submitted during the consultation process is considered by WRC when deciding upon upcoming steps for managing the roost in Collinsville and development of Flying Fox Strategy.

The feedback demonstrates:

- Identification of the significant impact of Flying fox on people, lifestyle, property, and assets.
- Strong desire from some submitters to re-locate Flying fox and put people first.
- Mix of responses to intensive actions, such as pyrotechnics and tree trimming, which is strongly supported by majority of directly affected residents, but less so for those further away from roosts.
- Less support for all management actions, the further away from the roost residents are.
- Support for financial incentives for resident's lifestyle mitigations, education, and planting roost trees outside of town, if Flying fox unable to be relocated.
- Some concerns about animal welfare and support for live alongside roost management options, only from persons not directly affected by Flying fox.
- Miscellaneous comments, including:
  - Vibrate trees to move them (evidenced when resident tree trimming)

- Mobilise community effort to use trail bikes or smoke, to shift Flying fox
- Better consultation before future actions undertaken
- Query impact from rail line on preferred roost area at Pelican Creek,
- Desire for immediate action before Little Red Flying fox may settle in (anticipated mid July)

## 6. Next Steps

Council will consider this report when deciding upon upcoming steps for managing the roost in Collinsville and development of Region Flying Fox Strategy.

It is important to close the loop with residents and show how their input has affected the outcome. A Consultation Summary infographic document has been prepared, which will be released to the public and distributed via the website and social media. The Summary will show key statistics and outcomes of the consultation process.

A database of participants has been collated during the consultation process and a direct email will be sent to those participants with a copy of the Consultation Summary.

## Appendix A – Notes from Collinsville Public Meeting

### Meeting details:

**Venue:** Collinsville Community Centre  
**Date:** Tuesday the 2<sup>nd</sup> of July 2024  
**Time:** Start – 5:30pm and Finish 7:07pm  
**Attendees:** 16 people – residents, Council, consultants from Biodiversity Assessment and Management (BAAM)

### Purpose:

- Discuss Flying fox management in Collinsville with focus on:
  - The recent survey to gauge community interest in the use of deterrents such as pyro-technics.
  - Discuss Council's Flying fox Policy
  - Discuss Council's Flying fox Plan, and,
  - Discuss Collinsville Flying fox Roost Plan.

### Meeting notes:

The meeting was structured around four sections:

#### Part 1 – Background

- Scott Hardy provided a PowerPoint presentation on the background to the flying fox issue.

#### Part 2 – Discussion on the use of pyrotechnics

- Scott Hardy provided short videos showing the pyrotechnics.
- There was a discussion on the advantages and disadvantages of the various types of deterrents including pyrotechnics. Scott Hardy said that the main reason why the pyrotechnics were stopped in November 2023 was due to Flying fox creching. The number of staff with suitable firearms licenses was a contributing factor as well.
- There was general support for a pyrotechnic deterrent action. There was not support for a high cost pyrotechnic action. There was support if council conducted the pyrotechnic action itself using council staff on a low cost model. Scott Hardy said that the ideal time for the pyro-technics was July through to September.

#### Resident suggestions:

- Trainees could backfill Council staff who participated in the pyrotechnics operation.
- Introduce Green ants into the trees which the Flying fox don't like.
- Ark Energy has trialled the use of acoustics to deter bats.
- Volunteers could be used to assist – e.g. the Gun club volunteers.

Residents expressed that dogs were impacted by the pyrotechnics.

#### Part 3 - Discussion on Council Flying fox Policy

- There was support for Council to continue to provide a coordinating role to manage the Flying fox.

#### Part 4 – Discussion on Collinsville Roost Plan

- Support for a range of deterrents to be used
- A resident spoke about her experience living with Flying fox and mentioned she has removed approximately 15 dead flying fox from her property – not related to deterrent actions.
- Discussed the use of rate relief for impacted landholders – some support for this tool.

Page 12 of 13

- Discussed the impact of the Flying fox on the community and the individuals involved.
- A resident said that smoking the Flying fox works but you have to be consistent.
- Need more mulch piles for the residents to do smoking.
- Discussion of subsidies. Limited support for subsidies. Preference for the Flying fox to be removed.
- Need a long-term plan and it being resourced.

## APPROACH

Whitsunday Regional Council asked the community for feedback about how Council should manage the Flying fox roost within Collinsville and roosts that may commence in urban areas in the future. The consultation was open between 4 June - 7 July 2024.

The majority of respondents identified the significant impact of Flying fox on people, lifestyle, property and assets. There was a strong desire from some submitters to re-locate Flying fox and put people first. Feedback on management options was mixed with less support for management actions the further away from the roost respondents were. Some concerns regarding animal welfare were raised, predominately by persons not directly affected by roosts.

A public meeting was also held in Collinsville on 2 July 2024. Residents, Council representatives and ecological consultant, BAAM, discussed Council's Collinsville Roost Plan and various types of deterrents. There was general support amongst residents who attended the meeting for low cost pyrotechnic deterrent action to be undertaken by Council.

## 11.6 - Regional Arts Development Fund (RADF) 2024/25 Funding Round 1 - August 2024

**MEETING DETAILS:** Ordinary Council Meeting - Wednesday 25 September 2024

**AUTHOR:** Arts & Community Programs Officer

**AUTHORISING OFFICER:** Director Community Services and Facilitation

---

### PURPOSE

For Council to consider the funding for the Regional Arts Development Fund (RADF) grant applications for Round 1 of the 2024/25 Program, as recommended by the RADF Advisory Committee.

### EXECUTIVE SUMMARY

Whitsunday Regional Council has participated in the Regional Arts Development Fund since its inception in 1994. The Queensland Government, through the Arts Office, operates the RADF program in partnership with local government. The RADF program provides funding for development of cultural activities through locally determined policy and assessment procedures.

RADF has been introduced to foster and promote professional development and employment of artists in regional Queensland.

The program supports locally determined regional arts and cultural development opportunities by providing discrete, short term, project based financial assistance.

Individuals, groups, and organisations are encouraged to seek assistance for:

- Professional services to amateur arts activity.
- Strategic arts & culture initiatives in local communities i.e. increasing amenity, community pride and liveability through infrastructure, public art and place-making projects.
- Travel costs associated with local artists attending specialised seminars/workshops in major centres for the purpose of Individual Professional Development.
- Professional components of projects such as residencies, productions, commissions, exhibitions, short term workshops, research, and promotion.
- Networking, training, and professional development for local arts workers.
- Development and delivery of diverse, exciting, and accessible arts and cultural activities, projects, and initiatives for, by and with local communities.

The RADF Local Committee advised that at the most recent meeting the committee assessed the applications for funding received and have recommended the applications below subject to conditions being endorsed by Council for approval.

Council's responsibilities for RADF operations are promotion, endorsement, and administration. Before RADF payments can be distributed Council is required to endorse RADF committee decisions at a council meeting.

### OFFICER'S RECOMMENDATION

That Council:

1. Receive the minutes from the Regional Arts Development Fund (RADF) Local Advisory Committee.
2. Approve the payment of Regional Arts Development Fund (RADF) grants (subject to conditions) – for Round 1 as recommended to Council by the RADF Advisory Committee to assist the following recipients:
  - a. Bowen Arts Society – Gel Print, Printmaking and Mixed Medium Workshops - \$2,905.
  - b. Jennifer Embelton – Short Film Project titled “The Sound it Makes” - \$8,000.
  - c. Gwada Murals – Reef/Turtle Mural on the Port of Airlie Transit Terminal Wall - \$7,930.
  - d. Artist Run Initiative (ARI) Whitsundays – Two-week Artist Residency with Masterclass and Community Forum - \$4,940.
  - e. Jennifer Horsford. – Workshops on Machine Embroidery including Lacemaking - \$3,300.
  - f. Diesel Gypsies – The Diesel Gypsies first EP Recording - \$6,000.

## **BACKGROUND**

RADF invests in quality arts and cultural experiences across Queensland based on locally determined priorities.

Local Arts and Cultural workers submit an application to Council for funding grants. Applications are assessed by an elected committee against the criteria based on program guidelines and priorities identified in Council’s Arts and Culture Policy.

All projects and activities receiving RADF funding are required to report on their contribution towards RADF 2024/25 Key Performance Outcomes (KPOs) included in the RADF guidelines.

The 2024 funding Round 1 closed on Wednesday 21 August 2024 for projects commencing after Monday, 30 September 2024.

## **DISCUSSION/CURRENT ISSUE**

The following applications were submitted:

### **Bowen Arts Society – Gel Print, Printmaking and Mixed Medium Workshops Requested \$2,905 – Recommended \$2,905**

To provide artistic experiences for community members from all cultural backgrounds and ages focusing on beginners and emerging artists to collaborate socially and support the wellbeing of community members through the art process of creativity.

This project enables participants to pursue a creative career and possibly an income producing interest, with workshops offered monthly from September to November with each participant having the capabilities to further extend on their knowledge gained through the workshops and build new social contacts through community participation as well as creating a sense of wellbeing through the process of art.

The RADF Committee’s recommendation was to fully fund the application, being an ongoing commendable project.

### **Jennifer Embelton – Short Film Project titled “The Sound it Makes” Requested \$10,000 – Recommended \$8,000**

To develop a professional practice, skills, and knowledge as a filmmaker. Creating a short film is a vital step towards leveraging her position in the industry for future opportunities to work as a director/producer on feature films/tv shows. Filmmaking is a uniquely collaborative process and is excited to work in partnership with other film industry professionals and community members towards a shared goal and enhanced outcomes.

The project is expected to create impact by supporting local businesses, strengthening the arts sector, engaging with new talent, involving members of the ATSI community, and providing on set film experience for senior students. The region will be left with community pride through varied, meaningful, and direct engagement, resulting in Bowen as a viable place for further cultural projects like filmmaking to thrive.

The RADF Committee's recommendation was to partially fund the application. The project serves as an excellent opportunity to develop the skills of filmmaking with the involvement of a school student initiative showing a positive outcome.

**GWADA Murals – Reef/Turtle themed mural on the Port of Airlie Transit Terminal Wall  
Requested \$8,330 – Recommended \$7,930**

To embellish a blank wall in a high tourist area of Port of Airlie showcasing the surrounding marine life with mural artwork. This artwork has the approval and support of Council's Executive Manager Procurement, Property and Fleet Peter Shuttlewood.

To increase awareness about how precious and unique the local environment is. Also, a great addition to the area being the gateway to the Whitsunday Islands and outer reef.

The RADF Committee's recommendation was to partially fund the application. The committee would like to have seen more information on the rationale and objectives of the project. The amount was taken from the initial requested amount in the application.

**Artist Run Initiative (ARI) Whitsundays – Two-week Artist Residency with Masterclass and Community Forum  
Requested \$4,940 – Recommended \$4,940**

ARI supports the local artistic community and inspires professional artists. This year Kim Percy a photographer and university lecturer will share her expertise with local artists and will lead a workshop at the Gloucester Sports & Recreation community hall in Hydeaway Bay, focussing on environmental photography.

Kim will share insights from her art practice and guide attendees in photographing the foreshore. Participants will enhance their skills, gain professional development, and develop a deeper appreciation for the Whitsunday environment. They will also create new works and connect with fellow community members.

The RADF Committee's recommendation was to fully fund the application with community involvement a positive outcome and with proven success of the project.

**Jennifer Horsford – 2 x Machine Embroidery Workshops including Lacemaking to be held in Cannonvale and Bowen  
Requested \$5,900 – Recommended \$3,300**

To provide public value for Qld Communities. Through Jennifers sewing groups she has found that there is a portion of the community that own Embroidery Machines and do not know how to use them, so has developed a workshop to spend two days teaching them how to use them and learn to create beautiful articles for their homes or as gifts.

The workshops will provide increased skills for the participants, enabling them to create wonderful works on their machines. The results will be that the participants will experience an increase in self-worth and the opportunity to expand their quality of life through meeting like-minded people and learning skills they thought were out of reach.

The RADF Committee's recommendation was to partially fund the application. Although the project serves as an excellent opportunity to develop skills and professional development in embroidery, there were no quotes included for the RADF requested amounts for accommodation and travel.

### **Diesel Gypsies – The Diesel Gypsies first EP Recording Requested \$10,199 – Recommended \$6,000**

The project will increase value to the career development of the band, stimulate cultural enrichment, inspire positivity and facilitate musical expression. And will also encourage local Whitsunday economic growth through performances that will impact local business revenue such as restaurants and local venues. The Diesel Gypsies plan to host underage music writing workshops and open mic at the PCYC for the under 18's community.

The outcome of the project will give advancement to the music project and gives leverage to progress in the band's collective careers. The EP will become an asset and a tool to advertise and engage locally, campaign and share positive insights through lyrics and conversation on social media as well as be involved with numerous playlists, radio stations, festivals and events all over Australia.

The RADF Committee's recommendation was to partially fund the application. Although they agreed that is a commendable project and will support the covering on the ground costs. Also, would like to see the project featured on YouTube.

**Total approved for August Round One - \$33,075**

### **FINANCIAL IMPLICATIONS**

The funding for the support will be taken from budget code: GL:3640.6405 – Arts & Culture Development (3640) / Donations (6405).

| <p>meaningful, and direct engagement, resulting in Bowen as a viable place for further cultural projects like filmmaking to thrive.</p> <p>The RADF Committee's recommended was to partially fund the application. The project serves as an excellent opportunity to develop the skills of filmmaking, with the involvement of a school student initiative showing a positive outcome.</p> <p><b>GWADA Murals – Reef/Turtle themed mural on the Port of Airlie Transit Terminal Wall</b><br/> <b>Requested \$8,330 – Recommended \$7,930</b></p> <p>To embellish a blank wall in a high tourist area of Port of Airlie showcasing the surrounding marine life with mural artwork. This artwork has the approval and support of Council's Executive Manager Procurement, Property and Fleet Peter Shuttlewood.</p> <p>To increase awareness about how precious and unique the local environment is. Also, a great addition to the area being the gateway to the Whitsunday Islands and outer reef.</p> <p>The RADF Committee's recommended was to partially fund the application. The committee would like to have seen more information on the rationale and objectives of the project. The amount was taken from the initial requested amount in the application.</p> <p><b>Artists Run Initiative (ARI) Whitsundays – Two-week Artist Residency with Masterclass and Community Forum</b><br/> <b>Requested \$4,940 – Recommended \$4,940</b></p> <p>ARI supports the local artistic community and inspires professional artists. This year Kim Percy a photographer and university lecturer will share her expertise with local artists and will lead a workshop at the Gloucester Sports &amp; Recreation community hall in Hydeaway Bay, focussing on environmental photography.</p> <p>Kim will share insights from her art practice and guide attendees in photographing the foreshore. Participants will enhance their skills, gain professional development, and develop a deeper appreciation for the Whitsunday environment. They will also create new works and connect with fellow community members.</p> <p>The RADF Committee's recommendation was to fully fund the application with community involvement a positive outcome and with proven success of the project.</p> <p><b>Jennifer Horsford – 2 x Machine Embroidery Workshops including Lacemaking to be held in Cannonvale and Bowen</b><br/> <b>Requested \$5,600 – Recommended \$3,300</b></p> <p>To provide public value for Qld Communities. Through Jennifers sewing groups she has found that there is a portion of the community that own Embroidery Machines and do not know how to use them, so has developed a workshop to spend two days teaching them how to use them and learn to create beautiful articles for their homes of as gifts.</p> <p>The workshops will provide increased skills for the participants, enabling them to create wonderful works on their machines. The results will be that the participants will experience an increase in self-worth and the opportunity to expand their quality of life through meeting like-minded people and learning skills they thought were out of reach.</p> <p>The RADF Committee's recommended was to partially fund the application. Although the project serves as an excellent opportunity to develop skills and professional development in embroidery, there were no quotes included for the RADF requested amounts for accommodation and travel.</p> <p><b>Diesel Gypsies – The Diesel Gypsies first EP Recording</b><br/> <b>Requested 10,199 – Recommended \$6,000</b></p> <p>The project will increase value to the career development of the band, stimulate cultural enrichment, inspire positivity and facilitate musical expression. And will also encourage local Whitsunday economic growth through performances that will impact local business revenue such as restaurants and local venues. The Diesel Gypsies plan to host underage music writing workshops and open mic at the PCYC for the under 18's community.</p> |

## **11.7 - Financial Support Request - Collinsville Connect Telecentre Incorporated**

**MEETING DETAILS:** Ordinary Council Meeting - Wednesday 25 September 2024

**AUTHOR:** Community Development Officer

**AUTHORISING OFFICER:** Director Community Services and Facilitation

---

### **PURPOSE**

For Council to consider a request for financial support from the Collinsville Connect Telecentre Inc. to fund a paid position to manage and run the Centre to ensure that services can continue to be provided to the Collinsville and Scottville communities.

### **EXECUTIVE SUMMARY**

The Collinsville Connect Telecentre has been operating for 21 years and provides crucial access to Information Technology (IT) services and support to the Collinsville and Scottville communities.

The Centre's long-term manager is looking to retire in the near future and has requested that Council consider contributing financially to support a salaried position for the future management of the Centre.

The Collinsville Connect Telecentre has requested a contribution of \$30,000 annually from Council to support this position.

### **OFFICER'S RECOMMENDATION**

That Council approve financial support of \$30,000 to the Collinsville Connect Telecentre Inc. for the current financial year to 2026/2027 financial year, contributing to the funding of a salaried position for the management of the Centre.

### **BACKGROUND**

The Collinsville Connect Telecentre Inc. plays an important role in keeping the Collinsville and Scottville communities connected online by providing the following:

- IT services for local small businesses and the general public
- Free computer and internet access for the general public
- Computer sales, troubleshooting and repairs
- Computer skills training for the unemployed
- Quality of life services delivered to the retired and elderly
- A safe, social and supportive environment for youth
- Coordination and delivery of many community projects
- Standard Operating Procedure inductions for local mining companies.

Council has provided an annual donation of \$3,000 since 2019 to fund the costs of internet services so the Centre can provide free wi-fi for community use and provide a section free of charge of the Collinsville Customer Service and Library building.

### **DISCUSSION/CURRENT ISSUE**

To ensure that the Collinsville Connect Telecentre is able to continue operating into the future, financial assistance is required to fund a salaried position within the Centre.

Currently, wages are covered by the local mining companies, as well as a large portion of the operations being completed voluntarily.

Councils' annual contribution of \$30,000 will be factored into the next three years annual budget to ensure that this position is maintained for future years allowing the Collinsville Connect Telecentre to continue to operate and provide their essential services to the community.

## **FINANCIAL IMPLICATIONS**

Currently there is no budget set for this financial support, however, is able to be reviewed at Budget Review 1.

## **CONSULTATION/ENGAGEMENT**

Director Community Services and Facilitation  
Director Corporate Services

## **STATUTORY/COMPLIANCE MATTERS**

*Local Government Act 2009*  
Local Government Regulation 2012

## **RISK ASSESSMENT/DEADLINES**

There is a financial cost to Council, however the assistance provided will support a not-for-profit organisation who provide essential IT services to the Collinsville and Scottville communities.

To be completed by 30 June annually in line with each relevant financial year budget.

## **STRATEGIC IMPACTS**

Corporate Plan Reference:

Facilitate, foster and encourage region wide activities and programs that engage our community.

Provide high quality recreational facilities that are well utilised by the local community and visitors alike.

## 11.8 - Economic Development Advisory Committee

**MEETING DETAILS:** Ordinary Council Meeting - Wednesday 25 September 2024

**AUTHOR:** Economic Development Research Officer

**AUTHORISING OFFICER:** Director Commercial Businesses

---

### PURPOSE

To present to Council for consideration to appoint an Economic Development Advisory Committee.

### EXECUTIVE SUMMARY

The establishment of an Economic Development Advisory Committee is being presented to Council for consideration including drafted Terms of Reference that will govern the new advisory committee.

### OFFICER'S RECOMMENDATION

That Council:

- a) Establish an Economic Development Advisory Committee;
- b) Adopt the Terms of Reference for the Economic Development Advisory Committee;
- c) Appoint the Mayor as the Chair of the Economic Development Advisory Committee; and
- d) Nominate Cr \_\_\_\_\_ as a Committee Member.

### BACKGROUND

The establishment of the Economic Development Advisory Committee 'the EDAC' is to provide guidance, advice, and recommendations on economic development initiatives in the Whitsunday region.

The primary objective of the EDAC is to support and promote the growth, sustainability, and competitiveness of the local economy and community through collaboration between the local government and key industry and business stakeholders. The EDAC will act as a forum for dialogue, knowledge sharing, and the development of innovative strategies to enhance economic development in the region.

### DISCUSSION/CURRENT ISSUE

The EDAC will consist of representatives from key sectors of the local economy, including but not limited to:

- a) Council Representatives including but not limited to the Mayor, Councillors as nominated, Chief Executive Officer, Director Commercial Businesses, Director Regional Strategy & Planning, and Manager Investment Attraction and Growth;
- b) Business associations and chambers of commerce;
- c) Industry-specific associations; and
- d) Small, medium, and large businesses across various sectors.

Individuals within industry segments and committees will be selected through nomination by the EDAC to ensure representation from diverse industries and stakeholders within the Whitsunday region.

The number of members will be determined based on the scope and requirement of the Whitsunday region and local economy, but it is recommended to have a balanced representation of approximately 15-20 members.

Meetings will be chaired by the Mayor who will be responsible for facilitating meetings, setting agendas, and ensuring effective communication.

The EDAC will be reassessed annually.

## **FINANCIAL IMPLICATIONS**

N/A

## **CONSULTATION/ENGAGEMENT**

Chief Executive Officer  
Director Regional Strategy and Planning

## **STATUTORY/COMPLIANCE MATTERS**

Council Committees Policy Clause 1.1

A committee established in accordance with s265 of the LGR, which provides advice and recommendations to Council on a specific function, portfolio, program or project as determined by Council when establishing the Committee.

## **RISK ASSESSMENT/DEADLINES**

The establishment of the EDAC will ensure that Council is proactive within the industry and promote positive collaboration between members.

## **STRATEGIC IMPACTS**

Corporate Plan Reference:

Provide advocacy and partnerships with government, community and business interests through effective stakeholder engagement.

Strengthen and grow our business and community to attract investment that aligns to WRC endorsed plans and strategies.

## **1. BACKGROUND**

- 1.1 The Economic Development Advisory Committee (EDAC) is established by the Whitsunday Regional Council (WRC) to provide guidance, advice, and recommendations on economic development initiatives in the Whitsunday region.
- 1.2 The primary objective of the EDAC is to support and promote the growth, sustainability, and competitiveness of the local economy through collaboration between the local government and key industry and business stakeholders. The EDAC will act as a forum for dialogue, knowledge sharing, and the development of innovative strategies to enhance economic development in the region.

## **2. MEMBERSHIP**

- 2.1 The EDAC will consist of representatives from key sectors of the local economy, including but not limited to:
  - a) WRC representatives including but not limited to the Mayor, Councillors as nominated, Chief Executive Officer, Director Commercial Businesses, Director Regional Strategy & Planning, and the Manager Investment Attraction and Growth;
  - b) Business associations and chambers of commerce;
  - c) Industry-specific associations; and
  - d) Small, medium, and large businesses across various sectors.
- 2.2 Industry Members will be selected through nomination by the Economic Development Team in consultation with the Mayor and CEO to ensure representation from diverse industries and stakeholders within the Whitsunday region.
- 2.3 The number of members will be determined based on the scope and requirement of the Whitsunday region and local economy, but it is recommended to have a balanced representation of approximately 15-20 members.
- 2.4 Meetings will be chaired by the Mayor and will be responsible for facilitating meetings, setting agendas, and ensuring effective communication.

## **3. ROLES AND RESPONSIBILITIES OF THE ECONOMIC DEVELOPMENT ADVISORY COMMITTEE (EDAC) MEMBERS**

- 3.1 The roles and responsibilities of the EDAC is as follows:
  - a) The EDAC Chair will be the Mayor.
  - b) Secretary will be a WRC representative as nominated from time to time.
  - c) Strengthen partnerships with local businesses to support local business activity, collaboration and innovation while also building the reputation of the region as an investment location.
  - d) Play an important role in shaping the economic development in our region as well as establishing partnerships and a unified approach to harness the strengths of the regions industry bodies, local chambers of commerce and the business community.
  - e) Provide advice and recommendations to WRC on economic development, initiatives, and programs to foster sustainable growth and attract investment.
  - f) Identify and assess economic development opportunities, challenges, and emerging trends in the local area, and propose strategies to leverage these for the benefit of the community.
  - g) Collaborate with WRC to develop and implement an economic development plan that aligns with the community's vision, goals, and objectives.
  - h) Act as a conduit between WRC and the business community, ensuring effective communication, information sharing and collaboration.
  - i) Review and provide input on proposed regulations, policies and projects that may impact the local economy, advocating for the best interests of businesses and industries.

- j) Support the development and implementation of programs and initiatives to foster entrepreneurship, innovation, and workforce development.
- k) Monitor and evaluate the progress and outcomes of economic development initiatives, providing feedback and recommendations for improvement.
- l) Provide strong economic leadership and regional representation.
- m) Actively participate in meetings through attendance, discussion, and review of minutes, papers and other EDAC documents.
- n) Support open discussion and debate and encourage fellow EDAC members to voice their insights.
- o) Seek approval of the Chair before inviting an external representative to attend meetings of, or otherwise participate in, the committee and/or any subsequent working groups.
  - Abide by WRC's Code of Conduct and requirements of the *Local Government Act* 2009 and the Local Government Regulation 2012.
  - A committee established in accordance with s265 of the LGR, which provides advice and recommendations to Council on a specific function, portfolio, program or project as determined by Council when establishing the Committee

#### **4. RESPONSIBILITIES OF THE ECONOMIC DEVELOPMENT ADVISORY COMMITTEE (EDAC) CHAIR**

4.1 The Economic Development Advisory Committee Chair will be the Mayor.

4.2 The responsibilities of the EDAC Chair are as follows:

- a) Sets the agenda for each meeting;
- b) Ensures that agenda and supporting materials are delivered to members in advance of meetings;
- c) Makes the purpose of each meeting clear to members and explains the agenda at the beginning of each meeting;
- d) Clarifies and summarises what is happening throughout each meeting;
- e) Keeps the meeting moving by putting time limits on each agenda item and keeping all meetings to two hours or less;
- f) Encourages broad participation from members in discussion by calling on different people;
- g) Ends each meeting with a summary of decisions and assignments; and
- h) Represent WRC as a key representative on Economic Development matters, and if not available will delegate the authority to committee members. Such delegates will be via email or telephone.

#### **5. MEETINGS AND REPORTING**

5.1 The EDAC will meet on a quarterly basis, determined by mutual agreement on a rotational basis between WRC Bowen and Proserpine Administration Buildings or an alternative location as advised.

5.2 Meetings may be conducted in person, virtually or through a combination of both, depending on prevailing circumstances and member preferences.

5.3 Minutes of the meetings will be recorded, including discussions, decisions, and action items, and circulated among members within a reasonable timeframe.

5.4 The EDAC will provide an annual report to WRC to summarizing its activities, recommendations, and progress towards achieving economic development goals.

5.5 A committee established in accordance with s265 of the LGR, which provides advice and recommendations to Council on a specific function, portfolio, program or project as determined by Council when establishing the Committee

#### **6. DURATION AND REVIEW**

6.1 The EDAC will be reassessed annually.

6.2 A review of the EDAC's effectiveness, composition, and relevance will be conducted annually, with recommendations for any necessary modifications or adjustments.

## **7. GENERAL**

### **7.1 Quorum and Decision-making**

#### **7.1.1 Quorum**

A minimum number of **seven (7)** EDAC members are required for decision-making purposes.

#### **7.1.2 Decision-making Process**

- a) Majority: a course of action requires support from more than 50% members who attend the meeting if there is quorum.
- b) An annual update will be provided to WRC.

### **7.2 Agenda, Minutes, and Decision Papers**

- a) A package will be sent to members three to five business days in advance of a meeting.
- b) This package will include the following:
  - i. Agenda for upcoming meeting.
  - ii. Minutes of previous meeting.
  - iii. A progress report.
  - iv. Decision papers.
  - v. Any other documents/information to be considered at the meeting.

### **7.3 Proxies**

- a) Members of the EDAC can send their nominated proxy to meetings. Only nominated proxies are entitled to participate in discussion.
- b) Nominated proxies are to be approved by the EDAC board before attending the meeting.
- c) EDAC members will inform the Chair as soon as possible if they intend to send their proxy to a meeting and no less than two business days before the scheduled meeting.

**These Terms of Reference will guide the operations of the Economic Development Advisory Committee, enabling effective collaboration between WRC and industry stakeholders to drive economic growth, prosperity, and resilience in the local area.**

## 11.9 - Whitsunday Coast Airport Master Plan and Infrastructure Report 2024

**MEETING DETAILS:** Ordinary Council Meeting - Wednesday 25 September 2024

**AUTHOR:** Senior Commercial Officer Aviation and Tourism

**AUTHORISING OFFICER:** Director Commercial Businesses

---

### PURPOSE

To present the Whitsunday Coast Airport Master Plan 2024 and Whitsunday Coast Airport Infrastructure Report 2024 to Council for consideration.

### EXECUTIVE SUMMARY

The Whitsunday Coast Airport Master Plan 2024 and the Whitsunday Coast Airport Infrastructure Report 2024 have been developed to support and guide the development and expansion of Whitsunday Coast Airport following the significant growth in passenger numbers and aircraft traffic. These documents will inform how to develop the airport across a number of stages, allowing continued economic benefit across the whole Whitsunday Region.

It is expected that the pathway through to construction drawings may identify challenges within existing infrastructure, this will require additional engineering solutions and potential amendments to the Master Plan to resolve.

### OFFICER'S RECOMMENDATION

That Council adopt the:

- a) Whitsunday Coast Airport Master Plan 2024; and
- b) Whitsunday Coast Airport Infrastructure Report 2024.

### BACKGROUND

In 2015, Council adopted the Whitsunday Coast Airport – International Export Hub Master Plan and Feasibility Study.

The 2015 Master Plan was the primary document to underpin the Whitsunday Coast Airport's (WCA) growth and development over the next 20 years. It was compiled through the delivery of a master plan appraisal, economic base modelling, options and engineering analysis. The master plan also took into account the many historical planning documents developed throughout the airport's 73-year history.

At the time of the July 2015 Master Plan release, WCA had just celebrated a new financial year record of 281,003 passenger movements. It had achieved this milestone in partnership with Virgin and Jetstar airlines who were collectively servicing the Brisbane, Sydney and Melbourne markets.

Since then, WCA has added Skytrans and QANTAS mainline as airline partners and this financial year is likely to realise a new passenger numbers record, for the third consecutive year. Notably, this number will be almost double the passenger numbers celebrated in the corresponding period, 9 years earlier. The commencement of Jetstar's Adelaide service will be a significant contributor to WCA's ongoing recovery from the unfortunate demise of Bonza. In this regard, it is expected that the operational data retained from the Bonza

experience will be invaluable in attracting alternate airlines to reinstate their lost services. Additionally, WCA report that discussions with potential air service providers for two completely new domestic destinations continue to develop positively.

Airport Industry Management Support (AIMS) were appointed to develop the Whitsunday Coast Airport Master Plan 2024 'Master Plan 2024' to support and guide the development and expansion of WCA following significant growth in passenger numbers and aircraft traffic. The Master Plan 2024 review commenced with a significant stakeholder consultation process held between the 24th of July to 3rd September 2023.

Interested parties were invited to complete a survey, provide written submissions, or meet with the master planning facilitators at one of the public information sessions conducted in Proserpine, Cannonvale and Bowen. The facilitators also met face to face with key stakeholders on site and by phone.

The vision for WCA is to provide the residents of the Whitsunday region with a world class aviation facility focused on the future. With the key priority for long term growth of the airport into a commercial aviation precinct integrated into a road, rail and air transport and logistics hub. The WCA development will be built on the pillars of safety, sustainability and security.

## **DISCUSSION/CURRENT ISSUE**

The purpose of the Master Plan 2024 is to provide a detailed planning framework for the long-term development of the airport required to accommodate its' future growth.

The objectives of the 2024 Master Plan 2024 are to:

- Undertake a site analysis of key land use and facility opportunities and constraints;
- Undertake thorough review of legislative context, including planning and environmental contexts in relation to the WCA;
- Undertake forecasts for passenger, aircraft, and freight up to 2034;
- Present a preferred land use and precinct plan;
- Identify strategies to encourage growth in passenger numbers;
- Present strategies to increase and diversify revenue for the airport;
- Develop the airport as an international gateway to the Whitsundays Region; and
- Identify strengths, weaknesses, constraints, and opportunities for the airport in the short, medium, and long term.

The high growth forecast estimates WCA will be close to providing a million seats per annum in 10 years' time (2033/34 FY) through realising the following opportunities:

- Going to regular daily MEL and SYD services
  - Up gauging from A320 to A321NEO's on SYD, MEL and BNE
  - Negotiating the introduction of A220 and further E190 aircraft
  - The reinstatement of Newcastle, Sunshine and Gold Coast routes
  - The introduction of an additional 3 new domestic routes (including ADL in Sept 2024)
  - The introduction of narrow body international operations from July 2029

The Whitsunday Coast Airport Infrastructure Report 2024 'Infrastructure Report 2024' supplements the Master Plan 2024 by providing more detail on the opportunities and issues identified through the master planning process. It provides infrastructure-based solutions to issues categorised in an order of priority 1 – 3, with priority 1 issues being most urgent.

### **Priority 1 Works (Required urgently, advance planning undertaken)**

- Air transport Operation (ATO) apron expansion (tender documentation prepared)
- Terminal expansion works (concept design refined for cost estimate)
  - Check in.
  - Screening Points.
  - Departures hall.
  - Baggage Make up Area (BMA) extension.
- Sewerage Treatment Plant upgrade.
- Provision of fuel facilities.

### **Priority 2 Works (Recognises an issue and provides a concept solution).**

- Vehicle Access, Circulation and Parking focussed on:
  - GTO Operations and loop road.
  - Rental Cars.
  - Public Parking Areas.
  - Staff Parking Areas.
  - Site Preparation (expansion for parking plus accommodation precinct).
- Terminal expansion focussed on:
  - Baggage Make up Area (BMA) duplication.

### **Priority 3 Works (Required in time to meet demand, identified in yellow).**

- Terminal
  - International arrivals hall and processing areas
- Taxiways
  - Construction of dual and link taxiways (TWYS)

### **Other Works (concepts for discussion purposes)**

- Freight Distribution Centre expansion
- Corporate Apron construction
- General aviation expansion to the east

Where practical, cost estimates are provided for proposed works and the background to these estimates are detailed within the Infrastructure Plan.

All designs provided are conceptual but are detailed enough to allow high level cost estimates to have been prepared by the Cost Plan Group. Architectural and engineering design works to verify proof of concept and refine cost estimates are the next stage to progress to these works.

## **FINANCIAL IMPLICATIONS**

As WCA provides significant economic benefit to the Whitsunday Region and is a major tourism driver for Queensland and Australia, Council will be advocating and applying for grant funding from the State and Federal Government to assist in implementing the Master Plan 2024 and Infrastructure Report 2024.

## **CONSULTATION/ENGAGEMENT**

Glenn Robinson, Managing Director – Airport Industry Management Support  
Operations Manager - Whitsunday Coast Airport  
Manager Tourism, Aviation and Marine  
Stakeholders

## **STATUTORY/COMPLIANCE MATTERS**

All designs are conceptual and will be subject to architectural and engineering design therefore may differ slightly once those plans have been finalised.

The proposed development of WCA discussed in the Master Plan 2024 has been considered relative to Commonwealth, State, Regional and Local Government requirements including planning regimes, policies and applicable legislation and standards. This section has been consolidated (over the 2015 Plan) to include planning, environmental and economic considerations.

There are a number of strategic and statutory documents that either offer a planning perspective on WCA, or that require consideration during the assessment process of any proposed developments for on, or around, the WCA. The key documents are discussed within the Master Plan 2024.

## **RISK ASSESSMENT/DEADLINES**

Implementation of the Master Plan 2024 and Infrastructure Report 2024 are critical for the continued growth of the WCA. Once adopted Council can commence advocacy for grant funding.

## **STRATEGIC IMPACTS**

Corporate Plan Reference:

Manage the aviation and tourism activities of the region as the gateway to the Whitsundays.

## Acknowledgement of Country

We pay respect to Elders past, present and emerging and acknowledge their ongoing relationship and connection to Country.

To acknowledge and show respect for our traditional owner groups' history, culture and our shared future, the Welcome to Country is conducted at all significant events.

Whitsunday Regional Council endorses the vision of a nation which values Aboriginal and Torres Strait islander heritage, cultures and peoples and recognises their distinct position as the original custodians of Australia.

Council's Mission is to make a sustainable future possible by building stronger relationships, mutual respect and encouraging cultural practices that strengthen and support harmony between Aboriginal and Torres Strait Islander peoples and the broader community within the Whitsunday Region.

Council values input and active participation from Aboriginal and Torres Strait Islander peoples into decision making.

## Executive Summary

At the time of the July 2015 Master Plan release, the Whitsunday Coast Airport (WCA) had just celebrated a new financial year (FY) record of 281,003 passenger movements. It had achieved this milestone in partnership with Virgin and Jetstar airlines who were collectively servicing the Brisbane, Sydney and Melbourne markets.

Since then, the airport has added Skytrans and Qantas mainline as airline partners and this FY will realise a new passenger numbers record, for the second consecutive year. Notably, this number will be almost double the passenger numbers celebrated in the corresponding period, 9 years earlier.

Due to commence in September, JetStar's inaugural Adelaide service will be a significant contributor to WCA's ongoing recovery from the unfortunate demise of Bonza. In this regard, it is expected that the operational data retained from the Bonza experience will be invaluable in attracting alternate airlines to reinstate their lost services. Additionally, WCA report that discussions with potential air service providers for two completely new domestic destinations continue to develop positively.

This strategy to actively pursue new markets and grow capacity on established routes, (either through attracting increased frequency, or aircraft up-gauging) has been successfully demonstrated by WCA over recent years, and its continued success is anticipated in the high growth passenger forecasts.

The primary issue identified within this Master Plan is that WCA's existing infrastructure cannot accommodate even the low growth passenger forecasts moving forward. Proposed solutions to these issues are provided in the Infrastructure Report that supplements this Master Plan.

WCA's infrastructure provision requirements have been categorised into Priority 1, 2 and 3 works within the Infrastructure Report. Priority 1 works are required urgently and include the need to expand the air transport operation (ATO) apron as well as a significant terminal extension. 'For Construction' tender documentation was prepared and costed for the ATO apron expansion as part of the master planning process. A concept design for the terminal expansion was prepared to allow a high-level cost estimate by a quantity surveyor. Within that estimate is a budget allowance to further refine and finalise the terminal design concept. The proposed concept can be seen in the Infrastructure Report but note that this layout may change with further engineering and architectural input.

Priority 2 and 3 Works provide conceptual solutions for emerging issues. Priority 2 Works are primarily focussed on the landside (public, staff and rental car parking etc) and baggage make up area. Priority 3 works are primarily triggered by a commitment to commence international operations utilising the original STEA Option 5 international terminal design concept. Where appropriate costings for Priority 2 and 3 Works are provided in the Infrastructure Report.

Aside from the issues associated with growth, this Master Plan and its' associated Infrastructure Report also explore a range of development opportunities.

As in the 2015 Master Plan the development of a multimodal freight hub is discussed in the context of a fully developed Freight Distribution Centre (FDC). A new Corporate Apron development concept is explored to cater for future vertical take-off and landing (VTOL) aircraft such as drone taxis, as well as handling corporate jet and dedicated freight aircraft.

Vehicle access, circulation and parking was closely reviewed with a new design concept provided that in time could be implemented to separate ground transport operations from public, increase the number of parking bays across the board and introduce premium parking options including rental car premium ready bays. A proposed new airport loop road will not only improve traffic circulation but will provide access to a newly identified accommodation precinct that if pursued, could become a solution to the decreasing bed night availability in the region.

Wherever possible the works proposed have been designed to reduce the airports carbon footprint through initiatives such as recycling the closed runway pavement to backfill for the new aprons, exclusive use of LED airfield ground lighting and allowing for solar panels on all the proposed covered walkways and new roof lines.

The WCA is in some ways a victim of its own success when it comes to having to deal with the significant growth of the last 3 years. However, the demise of Bonza does present an opportunity to take advantage of a temporary lull in aircraft operations and progress the infrastructure works required for the airport to maintain its capability for growing visitation to the region.

## 1. Overview

The Whitsunday Coast Airport (IATA Code: PPP, ICAO Code: YBPN) is located approximately 15km southwest of Proserpine, in the Whitsundays Region of Queensland. The airport lies 4.5km west of the Bruce Highway and is accessed from Lascelles Avenue (Sir Reginald Ansett Drive). The airport is within the Whitsunday Regional Council area and is one of the main access points for the region.

The airport is currently serviced by up to 12 air transport operations (ATO) per day from its partner airlines Jetstar, Qantas, Skytrans and Virgin Australia to destinations including Brisbane, Melbourne, Sydney and Cairns, with direct Adelaide flights confirmed for commencement in September 2024.

Users of the facility include those flying for business and locals, but the significant majority are leisure travellers visiting this unique and inspirational tourism destination.

The airport established a new annual passenger number record in the 2022/23 financial year (FY) and since 2017 has received 10 aviation or tourism industry awards for its various contributions to the Whitsundays region.

### 1.1 Purpose Of This Master Plan

The purpose of this Master Plan is to provide a detailed planning framework for the long-term development of the airport required to accommodate its' future growth.

### 1.2 Master Plan Objectives

The objectives of this Master Plan are to:

- Undertake a site analysis of key land use and facility opportunities and constraints;
- Undertake thorough review of legislative context, including planning and environmental contexts in relation to the WCA.
- Undertake forecasts for passenger, aircraft, and freight up to 2034
- Present a preferred land use and precinct plan
- Identify strategies to encourage growth in passenger numbers;
- Present strategies to increase and diversify revenue for the airport;
- Develop the airport as an international gateway to the Whitsundays Region; and
- Identify strengths, weaknesses, constraints, and opportunities for the airport in the short, medium, and long term.

### 1.3 Methodology And Consultation

#### 1.3.1.1 Methodology

As required by the scope, this review followed the methodology of the 2015 Master Plan which was based on the Australian Airport Associations Master Planning guidelines.

#### **1.3.1.2 Consultation**

This Master Plan review commenced with a significant stakeholder consultation process held between the 24th July to 3rd September 2023.

Interested parties were invited to complete a survey, provide written submissions, or meet with the master planning facilitators at one of the public information sessions conducted in Proserpine, Cannonvale and Bowen. The facilitators also met face to face with key stakeholders on site and by phone.

Communication tools to raise awareness of the consultation period included:

- Newspaper advertisement via newspaper public notices (2)
- Direct email to key stakeholders and Yoursay members
- Social media posts on WRC platforms (2)
- A3 Posters with QR code linking to survey at the Airport
- Project page and fact sheet on our Online Engagement Portal - Yoursay Whitsunday.

### **1.4 Airport Vision And Objectives**

The adopted Vision and Objectives for the Whitsunday Coast Airport are as follows.

#### **1.4.1 Vision**

The Vision for the Whitsundays Coast Airport is to provide the residents of the Whitsunday region with a world class aviation facility focused on the future. With the key priority for long term growth of the airport into a commercial aviation precinct integrated into a road, rail and air transport and logistics hub. The Airport development will be built on the pillars of safety, sustainability and security.

#### **1.4.2 Objectives**

The objectives for the Whitsunday Coast Airport are to:

1. Be an airport with the capacity for increased tourism;
2. Have capacity to facilitate new routes for economic drivers of the area – tourism, natural resources, local business as well as accommodate the local regions needs for its own visitors;
3. Be at the forefront of future mining projects in the region;
4. Implement new freight services to increase export of local produce nationally/internationally; and
5. Establish a first class facility with a long term, sustainable future

#### **1.4.3 Implementation of the Master Plan**

The key attachment for this Master Plan is the accompanying Infrastructure Report.

The Infrastructure Report has been compiled to bring together all the infrastructure developments identified throughout this planning process and to discuss timing, design options and delivery.

## 2. Airport Context

### 2.1 Location

The Whitsunday Region has a population of around 36,000 residents spread across the four areas of Bowen, Collinsville, Proserpine and Airlie Beach – Cannonvale.

The Whitsunday Coast Airport (WCA) is located in Gunyarra, approximately 14km south of the Town of Proserpine, 30km southwest of Airlie Beach and 70km south of Bowen. The region is approximately 1,000km north of Brisbane and 600km south of Cairns.

It is owned and operated by the Whitsunday Regional Council as a prescribed business activity.

Figure 1: Location of Whitsunday Coast Airport

## 2.2 Regional Significance

The WCA is strategically located between Brisbane and Cairns and is a critical gateway to the Whitsunday region. This is most clearly demonstrated through the 477k passengers that passed through the WCA in the 2022/23 FY.

In recent years the airport has strategically adopted a proactive approach to driving the economic growth of the region, leveraging off strong airline relationships to open new destinations and increase capacity on existing routes. These efforts have been recognised through the awarding of no less than 10 major tourism and / or aviation awards since 2017.

The Queensland Department of Infrastructure has identified in the document, “Economic Directions Statement – Queensland Airports” that the WCA is an airport of economic significance to the state for reasons identified as passenger movements, tourism impacts and ongoing expansion plans, (the latter is discussed throughout this Master Plan).

The airport is committed through its Objectives to continue to drive economic growth in the Whitsundays region, supporting the key industries of tourism, agriculture and natural resources.

Adoption of additional concepts in this Master Plan, such as further development of the Freight Distribution Centre (FDC) and the introduction of a new accommodation precinct will ensure the airport continues to grow in significance for the region it serves.

### 2.2.1 Tourism

Tourism as a collective industry provides an estimated \$1.588B annually to the Whitsundays economy and is the largest employer in the region.

The WCA is primarily a leisure airport and is a significant contributor to tourism in the Whitsunday region. It does this not just through the facilitation of air services and the creation of supporting jobs, but also through its investment in marketing the region, providing representation at travel shows and industry gatherings and its active pursuit of new destination pairings.

These efforts led to the airports record-breaking passenger numbers last FY and the passenger forecasts within this master plan indicate that record will be broken again in the 2023/24 FY.

### 2.2.2 Agriculture

The Whitsunday Region is the largest winter growing region in Australia with 2.13m hectares allocated to agriculture.

Agricultural industry in the Whitsundays is estimated to be worth \$974M annually derived from:

- Grazing (\$130m)
- Horticulture (\$650m)
- Aquaculture (\$74m) and
- Sugar cane (\$120m)

The Whitsunday Coast Airport services the agriculture sector by facilitating reliable air access for business travellers; and for freight via the WCA Freight Distribution Centre.

### **2.2.3 Natural Resources**

The QCOAL Group has a number of currently active hard coking and thermal coal mines just to the south of Collinsville and the North Queensland Export Terminal is located 25kms north of Bowen.

Collectively, mining in the Whitsundays region contributes an estimated \$1.3B to the region's economy through the production of c9m tonnes of coal.

The Whitsunday Coast Airport plays a critical role in facilitating reliable air access to and from the region for mining sector workers and freight.

## **2.3 Relationship To Other Airports In The Region**

There are several airports in the region, and these are discussed following.

### **2.3.1 Air Transport Operation (ATO) Airports**

WCA is positioned in a highly competitive situation with three domestic airports, Mackay, Hamilton Island and WCA being located within 20 minutes flying time of each other.

All 3 airports have runways that are 45m wide and each currently accommodate Code 4C aircraft, including the Airbus A320 and Boeing 737 800 type aircraft. At 2,073 metres long WCA has a slight edge in length over Hamilton Island at 1,766m and Mackay at 1,981m.

From a perspective of competitive tensions, WCA and Hamilton Island Airport primarily compete for leisure travellers arriving by air into to the region, while Mackay and WCA both have plans for multi model freight hubs and accommodation precincts. The distinct advantage WCA has in the region is over 430 hectares of flat land suitable for development and with very few neighbours potentially subjected to the impacts of aircraft noise. WCA management maintain the stance that strong competition in aviation is beneficial to the entire region.

Townsville and Cairns Airports are 230kms and 490kms respectively, as the crow flies, to the north. At this point in time Cairns is the only relatively close airport with international ATO operations. Skytrans provide a direct air service from Cairns.

Figure 2: Relative location of other ATO airports in the region.

### 2.3.2 Other WRC Airports

WRC also owns or operates three other airports in the region at;

- Bowen (1hrs drive from WCA)
- Collinsville (2hrs drive from WCA) &
- Mount Coolon (3.25hrs drive from WCA) is owned by the State Government and currently maintained by WRC.

These are shown on the following map.

Figure 3: Relative location of the four WRC airports

The team based at WCA have overarching responsibility for the safe and compliant operations of all WRC airports and Mount Coolon Airstrip. WCA staff inspect, maintain and provide ARO and/or WSO services for these airports.

(i) Bowen Aerodrome

Bowen Aerodrome transitioned from registered to certified status in 2022. It has two lit runways, 04/22 (chip sealed) & 12/30 (gravel).

The airport predominately serves agricultural and aeromedevac flight operations with no air transport operations (ATO's) and none planned.

A Land Use and Development Plan was prepared for Bowen Airport in 2017. The plan recognises the airport's strengths as its location within the Whitsundays and relative to the township of Bowen. Its opportunities were identified as ideally positioned to support future resource related projects in the region and the development of its land for commercial use.

Where practical, any development proposed for Bowen Aerodrome should be considered to ensure it is complimentary to the commercial strategy and operational plan of the WCA.

Similarly, Bowen Aerodrome should always be considered as a possible alternative location when new general aviation related developments are proposed for WCA. Bowen Aerodrome has some aspects that could be considered benefits over WCA, such as a lack of air traffic (including air transport operations) and closer access to a larger town. Importantly, any further development at Bowen would assist in helping the aerodrome reach cost neutrality in its own right.

(ii) Collinsville Aerodrome

Collinsville is a non-certified aerodrome with a 1400m long gravel RWY, located 6km from the township of Collinsville. It services aeromedevac operations for the region and also caters for mining flight charters.

The installation of a new fauna proof fence early in 2024 has improved safety for nighttime operations (primarily aeromedevac) and removed the need for out of hours call outs for ad hoc night operations.

It is expected that an upgrade of the RWY to chip seal and aerodrome ground lighting will take place late in 2024.

(iii) Mount Coolon Aerodrome

Mount Coolon is a non-certified aerodrome located just west of the Mount Coolon Hotel. It is an invaluable facility for aeromedical evacuations for the local community. It is owned by the State Government and maintained by Whitsunday Regional Council through the WCA team.

## 2.4 Ownership And Management

The WCA is wholly owned by the Whitsunday Regional Council.

Additional sub-leaseholders are:

- Viva Fuel
- IOR (Fuel service provider)
- W & P Hinton
- Whitsunday Aero Club
- RSE Investments
- Heli-Engineering Pty Ltd
- BOM
- Taste of Whitsundays
- Gifts Whitsundays
- Optus
- Air Services Australia

## 2.5 Airport Stakeholders

The WCA maintains several Stakeholder contact lists that include:

- Aviation Industry Participants (AIPs)
- Regulatory Bodies
- Regional, State and Federal contacts and
- Leaseholders

The WCA Aviation Industry Participants (AIP's) group meets regularly to discuss airport-related matters. Details can be found in the Aerodrome Manual.

FINAL DRAFT

## 3. Site Analysis

### 3.1 Airport Site

The airport site is within the jurisdiction of the Whitsunday Regional Council (WRC). The site outlined in red in Figure 4 below, identifies the airport site boundaries.

Site specific details are provided in Table 1 following.

*Table 1: Site specific detail for WCA.*

| Lot on Plan  | Area (ha) | Road Details     | Tenure                                    |
|--------------|-----------|------------------|-------------------------------------------|
| 50 HR 808298 | 434.90    | Lascelles Avenue | Reserve (for landing ground for aircraft) |

*Figure 4: Airport site and boundary (Supplied by WRC)*

The following plan identifies the airside and landside boundaries within the airport site (the light green is airside, dark green landside).

Figure 5: Airport Site – landside and airside (TAG)

### 3.2 Existing Site Facilities Summary

Existing site facilities at WCA are identified in Figure 6 that follows.

Figure 6: Existing airport site facilities (A3 size)

### 3.3 Surrounding Land & Tenure

#### Surrounding land.

The land surrounding the airport site is owned by a range of private and public stakeholders, including:

- Dray & Others (private);
- Cox (private);
- Willmar Sugar (company);
- Queensland Rail;
- Whitsunday Regional Council; and
- Crown land.

The location of the airport provides an ideal situation for possible future development. The site is surrounded by flat rural land which is undeveloped with very few neighbours in residence. The Bruce Highway and existing railway line located on the airport boundary provide excellent connectivity possibilities.

The land to the northeast between the airport and Bruce Highway is currently used by the Whitsunday Moto Sports Club at the Whitsunday Raceway and Dirt Riders Club operating Motocross racing from Dray's Park Racetrack. These are compatible use's that have no detrimental impact on airport operations.

#### Tenure.

The WCA surrounds are within a range of tenures. The airport site itself and a small parcel on the east of the site is a 'reserve' tenure. Land to the northeast and some land to the west is 'Lands lease'. There is a small parcel of land which is State Government owned, and the predominant tenure surrounding the airport is 'freehold'.

### 3.4 Contours And Topography

The airport site is generally very flat, grading down gently towards a creek along the southeast property boundary (Deadman Creek) and another small creek crossing the airport property beyond the north end of the runway. Contours of the site can be seen in Figure 7.

Figure 7: Site contours

With consideration of the significant rainfall experienced in the wet season, it is practical that before any significant civil works take place at WCA, a thorough investigation of the hydrology impacts be undertaken.

### 3.5 Existing Airside Infrastructure And Facilities

#### 3.5.1 Pavements

With the single exception of TWY B and the GA apron it serves, all the pavements at WCA underwent major rehabilitation in 2017.

The design traffic loading adopted for the 2017 pavement design was assumed to be:

- B737/A320 at 4 flights per day
- A330/300 at 1 flight per week

The following pavement design was utilised.

- 100mm asphalt though the central 27 m of runway width, tapered to 60 mm at the shoulders.
- 250mm foamed bitumen stabilised base, assigned a modulus of 800 MPa.
- Residual (nominal 100-150 mm) of existing granular uncrushed aggregate.
- CBR 15, modelled as a modulus of 150 MPa.

Both the granular base course and the asphalt surfacing layers were refurbished with the resulting specifications now published in the ERSA; PCN 53/F/B/1400 (203PSI)/T Grooved. It is noted that with the change to ACR/PCR pavement strength rating system coming in in November 2024 the new ERSA entry will read PCR F/A/420/1575/T (assuming the proposed new design aircraft is adopted).

In a recent Pavement Inspection Report (15/08/2023), Kamen Engineering determined the pavements to be generally in very good condition. The report advises that there is an element of surface distress apparent (cracking) that requires ongoing monitoring and continued treatment with a bitumen-based sealant.

In addition, some deformation (wheel rutting) was apparent on the apron and as a result the Report supports WCA plans for an asphalt resurfacing treatment to take place in 2026FY.

With regards to TWY B, this Master Plan review investigated a variety of concepts that considered upgrading of TWY B from Code A to Code B or C. Regardless of these concepts a reseal of TWY B pavements should be planned for within the next two years (2027).

Pavements are discussed at length in the Infrastructure Report at Attachment A.

### 3.5.2 Runway 11/29

- RWY 11/29 at WCA is 2,073m long x 45m wide.
- It is a Code 4 instrument non-precision approach (INPA) RWY.
- A crown exists at the centre of the runway with a negative transverse slope to both edges.
- RWY 11/29 has 3 metre RWY shoulders provided.
- The runway strip (RWS) is 2193m long and maintained at 150m wide. (this non-conformance has been grandfathered in the Aerodrome Manual as the new MOS dimension requires 280m width)
- A 60m clearway is provided at each end within the RWY, as required
- 90m x 90m runway end safety areas (RESA) have been provided at both ends with insufficient space within the existing boundary fence to provide the MOS preferred length of 240m.

### 3.5.3 Taxiways

There are 2 existing taxiways (TWY's) at WCA.

#### (i) TWY A

TWY A is a perpendicular (to RWY 11/29) TWY linking the RWY to the ATO apron.

- TWY is 23m wide and is suitable for all aircraft with an OMGWS of 6m to <9m (this covers all existing aircraft types in service plus the A321 NEO).
- TWY A has 3.5m sealed shoulders which doesn't meet the total width requirement of 34m for Code D aircraft under the new MOS requirement and this has been grandfathered. Note: there are no longer Code D aircraft operating in Australia and TWY A meets all specifications for Code C aircraft.
- TWY A has a graded taxiway strip (TWS) of 37m and overall width of 74m

#### (ii) TWY B

TWY B exits off TWY A to provide access for general aviation aircraft to the general aviation (GA) aprons and lease hold areas.

- TWY B is a Code A TWY and is suitable for all aircraft with an OMGWS of up to 4.5m.
- Traffic is restricted to weight below 5700kg
- Its surface consists of coarse textured, aged and brittle bituminous spray chip seal.

- No shoulders are provided nor are they required.
- TWY B has a TWS of 31m and a graded width of 20.5m's as required for Code A.
- It is not lit.

### 3.5.4 Aprons

There are 3 existing aprons at WCA including the grass GA apron, the sealed GA apron (both at the northern end of TWY B) and the ATO apron.

#### (i) ATO Apron.

The ATO apron has 4 parking bays capable of accommodating Code C aircraft.

- Bay 1 use for aircraft parking is restricted due to its truncated design.
- This truncated design also impeded aircraft refueller vehicle access until a temporary concrete slab was recently laid.
- A situation where there are no aircraft parking bays available for arriving ATO aircraft is occurring regularly at WCA

This Master Plan proposes an expansion of the ATO apron as Priority 1 works in the Infrastructure Report.

#### (ii) GA Grass Apron

The GA grass apron is located off TWY B near the Aeroclub and is used by itinerant GA traffic as well as local users. There are no tie downs provided.

#### (iii) GA Sealed Apron

The sealed GA apron is located at the very northern end of TWY B.

- Its current location prevents the easy continuation of TWY B further to the north which would allow access to currently undeveloped land in that area
- Due to its limited size it is used almost exclusively by local operators and tenants.

### 3.5.5 Airfield Ground Lighting

The airfield ground lighting (AGL) and control systems at WCA were completely updated in 2015.

RWY 11/29, TWY A and the ATO apron are lit and the AGL lighting systems provided include:

- RWY edge lighting at 60m spacings
- Turning node
- Threshold / RWY end
- Precision approach path indicators (PAPI) single sided, both approaches
- RWY threshold identification lights (RTILS) on both approaches
- Green centreline TWY lighting
- Holding position

- Apron edge
- Apron lighting (4 poles, 8 LED lamps at terminal front) is connected to the PAL with manual switching possible from the lighting control room.
- A primary and two secondary wind indicators are illuminated.

Additionally,

- A pilot activated lighting (PAL) system is provided (located in the lighting control room) and operates on frequency 126.7 MHz.
- Standby power for the AGL is provided by a dedicated generator.
- No aerodrome beacon is provided (nor is one required) and no hazard lights are required.

### 3.5.6 Illuminated Wind Indicators (IWI)

The primary IWI and accompanying signal circle are located on the northern side of RWY 11/29.

Secondary windsocks are provided at each threshold and are illuminated for nighttime use.

### 3.5.7 Markers and Markings

The RWY, TWY's and ATO apron are all marked in accordance with the MOS.

- The grounds maintenance crew have an established maintenance program for refurbishment of markings

## 3.6 Summary Of Aviation Traffic

### 3.6.1 Airline Partners and Routes flown

WCA currently has four partner airlines servicing eight different routes.

Table 2: Airline partners and routes flown

| No. | Airline Partner  | Routes               | Destination                                                                                                                                   |

| 4.  | Virgin Australia |                      | <ul style="list-style-type: none"> <li>• Brisbane</li> </ul>                                                                                  |

At the time of writing WCA are actively pursuing additional routes with potential airline partners.

### 3.6.2 Passenger numbers (Historical)

WCA passenger numbers were comparatively strong (to other Australian airports) right through the COVID period and its recovery has been impressive.

2022/23 set all-time passenger numbers record for the airport at 477,490 and it is readily apparent that the 24FY will also hit a new record high.

The following chart shows passenger numbers from 2014FY to 2023FY.

Figure 8: WCA Passenger Numbers 2013/14 – 2022/23

Passenger forecasting over the next 10 years is provided at Section 5 – Forecasts.

#### 3.6.2.1 ATO Aircraft Movements

For clarity, an aircraft movement is considered either a landing, or a departure.

The following table demonstrates the significant growth the airport has experienced in ATO movement numbers.

Table 3: Comparison of aircraft movement numbers

| No | Aircraft Movements | Historical (2014) | Pre-COVID (2019) | Current                        |
|----|--------------------|-------------------|------------------|--------------------------------|
| 1. | Busiest day/s:     | 4                 | 8                | 12 (Mon, Thurs, Sat and Sun's) |
| 2. | Busiest week:      | 38                | 56               | 106 (Jan 24) confirmed sked    |
| 3. | Avg / month:       | 166               | 248              | 427 (Apr 23)                   |
| 4. | Avg / annum:       | 1995              | 2978             | 4040 (Oct 23 YTD)              |

While this growth has brought with it significant economic benefits to the region, it is also responsible for the current congestion issues being experienced in the terminal and on the apron.

### 3.6.3 Other Aircraft Operations

The WCA plays a critical role in facilitating other aircraft movements. Having recently introduced Avgas the airport is now servicing itinerant aircraft than would have otherwise overflowed.

Other regular aircraft operations include,

- helicopter movements (both private and commercial operations)
- Aeromedical evacuations
- Scenic flights by local tenants
- Military operations
- Itinerant GA movements (light aircraft)
- Itinerant GA movements (corporate jet)

Figure 15 General Aviation Landings at WCA shows there were almost 4,500 GA landings in FY23.

## 3.7 Aviation Support Facilities

WCA has a number of facilities that are provided to enhance operations and safety at the airport.

### 3.7.1 Aircraft Fuelling Facilities

Avgas is provided by IOR in a self-contained, self-service unit located adjacent to the general aviation apron at the end of TWY B. The unit holds up to 40kl's of Avgas.

VIVA has a fuel depot which is located somewhat inefficiently on the north side of Lascelles Avenue. There is on-site storage for up to 85,000 litres of Jet A1 fuel delivered via a 27,000 litre capacity truck.

During the preparation of this plan IOR had also successfully tendered to provide JetA1 at WCA and were in the process of planning a new fuel depot and transfer point.

The new fuel depot site is identified in the Infrastructure Report at Attachment A.

### 3.7.2 Weather Information System

The Bureau of Meteorology provides an automated weather information service (AWIS) at WCA.

One-minute automated weather information is relayed via:

- VHF on frequency 126.25 MHz at WCA or
- phone on 07 3564 3732

The base station used for broadcasting on VHF is owned and maintained by WCA.

### 3.7.3 Aviation Rescue Fire Fighting Services (ARFFS)

A new ARFFS Station was established at the airport in 2020 providing invaluable first response capability for emergencies at the airport.

The station is crewed by a Fire Commander and 4x fire fighters utilising 2x Ultra Large Fire Vehicles (Mk8 Panthers).

### **3.7.4 Air Traffic Control and airspace.**

The airspace at the WCA is not controlled at this time and no air traffic control (ATC) service is provided.

CASA conducted reviews of WCA airspace in July 2018 and again in 2023. While the results of the 2023 review are still to be published, discussions with the regulator indicate that while it is coming, there are no immediate plans to introduce ATC at the WCA.

While traditional air traffic control towers have been made from bricks and mortar there is a move happening towards remote towers (r-TWR) that are remotely controlled and operated. Adoption of this technology is happening faster in Europe and the USA than it is in Australia, but the benefits are significant, including reduced set up and maintenance costs with no apparent loss in safety outcomes. WCA have indicated that they would like to partner with Airservices Australia to become an early adopter of this technology, such as is planned at the new Western Sydney Airport

From WCA's perspective Airservices Australia have implied that WRC would need to provide the key internet and electrical feeds and redundancy. This Master Plan identifies land for both the traditional tower and remote tower location.

### **3.7.5 Navigation, landing and approach aids.**

Navigation aids are provided and maintained by Airservices Australia under the Airservices Australia Act.

- The WCA has a VHF Omni-directional Range (VOR) radio navigation device which operates on VHF frequency 113.7. It is positioned on S 20 29.8 (Lat) E 148 33.2 (Long).
- Airservices Australia also maintain Distance Measuring Equipment (DME) at WCA. The DME operates on 113.5/84X and is co-located with the VOR.
- Airservices have published DME or GNSS, VOR and RNP approaches for both RWY thresholds at WCA.

**Note:** Airservices have de-commissioned their non-Directional Beacon (NDB) since the 2015 Master Plan was written.

There are no landing aids such as an Instrument Landing System (ILS), at the WCA. Any proposal to install an ILS would need to be assessed against the significant purchase and maintenance (flight testing) costs vs the number of actual flight cancellations attributed to weather. In anticipation of this WCA are recording all flight delay and cancellations for future referral and consideration.

### **3.7.6 Security Screening**

Whitsunday Regional Council are the screening authority at the WCA with passenger and checked baggage screening contracted to a service provider, by tender.

There is a single screening lane for passengers and checked baggage is cleared via a multiview EDS x-ray integrated into the baggage conveyor system and overseen by a screening officer. Historically, the screening point can be afflicted by long queues although this has been improved with operational and layout changes.

Advice from Smiths Detection (provider of the screening point equipment) is that an efficient single lane screening point can service up to 1m passengers per annum before a second lane is required, noting that there is room for a second lane at the WCA screening point.

At a leisure port such as the WCA the decision to introduce a second lane would be made in consideration of the additional costs vs maintaining a positive passenger experience. The IATA level of service guidelines suggest the optimal wait time for screening is 5-10 minutes.

The WCA also has additional screening equipment utilised at the Freight Distribution Centre (FDC) for clearing cargo under their Regulated Air Cargo Agent (RACA). WCA provide their own screening service for cargo clearing.

Note that any proposed expansion of the terminal that includes the sterile area will have operational and cost impacts for the screening service provider. It is suggested that the screening service provider is included early in discussion of proposed departures hall expansion.

### 3.8 Existing Landside Facilities

#### 3.8.1 Terminal

A \$15m expansion of the WCA terminal was completed in late 2019. The terminal was essentially doubled in size to allow it to cater for 2x simultaneous Code C aircraft operations and a busy hour or peak hour passengers (PHP) number of 406.

Existing terminal dimensions include:

|                          |                   |
|--------------------------|-------------------|
| Departures Hall:         | 840m <sup>2</sup> |
| Check in area:           | 512m <sup>2</sup> |
| Baggage collection area: | 916m <sup>2</sup> |

Figure 9: Key WCA Terminal areas by square metre

The terminal also provides other critical facilities required including:

- Passenger and checked baggage screening areas (single lane)
- Screening offices and private search facilities
- 12x check in counters

- Food and beverage restaurant
- 9x Arrivals area booths (three are vacant the rest leased to rental car and GTO operators).
- 3x airline offices (2 occupied)
- 1x retail outlet for local souvenirs

Despite the 2019 being anticipated as a 10-year build, given the recent significant growth in passenger numbers, the terminal is once again at maximum capacity and further expansion is required.

This is discussed in length in the Infrastructure Report.

### **3.8.2 Rental Car Operations**

There are 5 rental car operators at WCA:

- Avis / Budget Group
- Hertz
- Thrifty
- Dollar
- Europcar

Each business operates under a lease agreement giving them access to one or all of:

- Parking bays
- Terminal booths
- Vehicle storage areas
- Maintenance sheds (located within the hire car park)

There is currently inadequate area formalised for use by rental car agencies and additional area/facilities have been proposed in the Infrastructure Report.

### **3.8.3 Car Parking**

#### **(i) Public parking**

The public car park is currently adequate only ever approaching capacity over long weekends and school holidays.

It is approximately 11,000m<sup>2</sup> in size with approximately 350 parking bays (not all are marked). There is an electronic boom gate entry (single lane) and dual boom gate exits. The current fees for parking are as follows:

Table 4: Current WCA car parking fees.

| Time                          | Parking Fee |
|-------------------------------|-------------|
| 0 - 30 Minute                 | Free        |
| 30 minutes – 2 hours          | \$6.50      |
| 2 – 8 hours                   | \$13.00     |
| 8 - 30 hours                  | \$24.00     |
| Each 24 hours thereafter      | \$22.00     |
| Annual Corporate Parking Card | \$2,040.00  |

No separate long-term or premium parking options are provided.

(ii) Staff parking

All airport staff currently park at the eastern end of the terminal. There are 20 sealed parking spots but room for approximately 80 more vehicles utilising the unmarked grass and gravel bays. Additional car parking will be required as the staff numbers continue to grow and it is anticipated that a new parking area will be required in the med term. This has been proposed as Priority 2 works, likely to be undertaken in the next 4 years.

Staff parking is currently free of charge, and this may lead to fringe benefit tax (FBT) implications. An alternative site with boom gate access is proposed in the Infrastructure Report.

(iii) Rental Car parking

The dedicated hire car parking area on the north side of Lascelles Avenue (opposite the staff parking area) has 99 bays, all of which are leased to the various hire car operators.

It has a boom gate entry and exit and there are 4 maintenance sheds on site.

The existing hire car park is inadequate in size to hold the existing number of rental cars, requiring excess vehicles to be parked in various grass areas around the airport. There have been concerns raised about the appropriateness of the grey water disposal methodology provided at the wash bay sheds. Alternative rental car parking arrangements are conceptualized in the Infrastructure Report.

### 3.8.4 Ground Transport Operators

As primarily a leisure destination, ground transport operators (GTO) play a critical role in the passenger's transition between air and road transport modes.

Following are the registered GTO number's for the 23/24 FY.

Table 5: Registered GTO vehicle type and numbers

| GTO Type             | Number    |
|----------------------|-----------|
| Maxi Taxi            | 9         |
| Taxi                 | 15        |
| Mini-van             | 20        |
| Mini bus and trailer | 12        |
| Vehicles             | 7         |
| Coach                | 5         |
| <b>Total</b>         | <b>68</b> |

There are currently available:

Table 6: Existing parking bay type and number

| Parking bay type     | Number       |
|----------------------|--------------|
| Taxi (shared)        | 6-8          |
| Mini bus and trailer | 3            |
| Coach                | 4            |
| <b>Total:</b>        | <b>13-15</b> |

It is acknowledged that not all GTO vehicles attend at the same time, however their parking bays are often at capacity during peak periods. Conceptual plans for expansion are provided in the Infrastructure Report.

### 3.8.5 Freight Distribution Centre

In alignment with both the WCA Objectives and the WRC Regional Economic Development Strategy (2022-2025), WCA opened its Freight Distribution Centre (FDC) in 2022.

The stated objectives of the FDC are 3-fold.

1. Assist with increasing airline yields on existing air transport operations (ATO) services, improving sustainability.
2. Diversifying the airport's income stream and reducing reliance on passenger driven aeronautical revenues.
3. Providing air freight opportunities to the region in the form of:
  - The ability to get high yielding, perishable freight out to market sooner, providing local producers a competitive edge in quality.
  - Opening access to new export markets for local growers through the range of routes available out of WCA.
  - Providing greater options for sourcing food and beverage, retail, medical and resource goods/supplies through the range of existing inbound routes.
  - Providing delivery timing options through the high daily frequency of flights at WCA.

- Providing competition in freight carriage by working with all airlines.
- Facilitating faster delivery for internet shopping (ie Amazon) and Australia Post.

The FDC has been in operation for over 12 months now and is currently averaging 2.1 tonne of freight/month through the airport. 92% of outbound is high value perishable seafood product including fish, prawn and red claw lobster.

The FDC is co-located with the airport's grounds maintenance team in the old firefighting station. It is a landside building with direct airside access through Gate 6.

A dedicated tug and trailer is used to transport freight between the FDC and the ATO apron where goods are loaded or offloaded from commercial aircraft. TWY B is used for this access.

There are currently no dedicated air freighters operating at the WCA however, two specific areas are identified in the Infrastructure Report as options for the provision of aircraft parking bays for dedicated freight flights.

The existing freight service is growing and will likely require more space in the short term with the immediate solution being to remove the co-share arrangement with the airports grounds maintenance team as outlined in the Infrastructure Report.

In the longer term it is proposed that the FDC is moved to the extreme north of the airport property and expanded to include rail and road freight in a significantly redeveloped multimodal transport hub. Concept drawings can be seen in the Infrastructure Report.

### **3.8.6 Grounds Maintenance Shed**

The grounds and maintenance shed is co-located with the FDC. It is used as a workshop and for storage of plant and equipment used for the upkeep of the airport. Having once had the benefit of sole occupancy of this building, there is now a growing shortage of storage space.

It is anticipated that the FDC building might be expanded in time to better accommodate all the necessary plant and equipment used by the airport.

### **3.8.7 Access Roads**

WCA is accessed directly off the Bruce Highway via Lascelles Avenue which is the airport's only access road. This could be problematic following a required road closure however, at 4.3km's long it is difficult to imagine a business case that would support investing in an alternative access solution.

If the fully developed FDC outlined at Section 3.8.5 is pursued it is understood that an upgrade to the Lascelles Avenue & Bruce Highway intersection would require upgrading to facilitate heavy vehicle traffic such as B doubles. At the time of writing The Department of Transport and Main Roads (TMR) Mackay Branch, are working on the Goorganga Plains Plan and Preserve Corridor which is aimed at improving the flood immunity of the Bruce Highway in this area. An upgrade of the intersection to allow for the use of B-doubles formed part of the project considerations. Contact with TMR can be continued at: [Mackay.Office@tmr.qld.gov.au](mailto:Mackay.Office@tmr.qld.gov.au).

Concern was raised during the public consultation period regarding the lack of boom gates at the railway line crossing. Despite being out of the airport's direct control, WRC may choose to champion that issue with the rail operator and other appropriate parties.

There are often congestion issues around the terminal and car parks during flight times and traffic circulation can be congested during typical peak hours. It was considered that a new loop road at the terminal would both improve traffic flow as well as open up new areas for public, coach and hire car parking, as well as access to the proposed new accommodation precinct. This is discussed in detail in the Infrastructure Report.

It was noted that the Whitsundays Tourism Destination Plan (2019-2024) calls for flood mitigation works to take place on the Bruce Highway to maintain access for visitors to the region, including the WCA. The WCA also supports any initiatives to facilitate flood proofing of the Bruce Highway in the Whitsunday Region.

### **3.9 Utilities And Civil Infrastructure**

All utilities and civil infrastructure will require assessment for compatibility with proposed terminal upgrades.

#### **3.9.1 Water**

Water supply for the airport is provided from the mains line that runs from Mackay and terminates at WCA. During periods of high use water pressure drops significantly and it becomes necessary to boost pressure from the backup supply tank located at the Freight Distribution Centre.

With the forecast increase in passenger numbers and potential terminal expansion consideration should be given to ensuring the backup supply has sufficient storage capacity.

#### **3.9.2 Electricity**

Mains electricity is provided along with 2x backup generators, one for the terminal and ancillary buildings and another separate generator for the airfield lighting.

The terminal has 990 commercial grade solar electricity producing panels on the roof in a 400kW solar array providing up to 663,810 kWhs of clean renewable energy.

Where it is practical, all proposed development in the Infrastructure Report allows for solar panel installation.

Airservices Australia have advised that if new remote tower (r-TWR) technology is implemented (as opposed to a bricks and mortar tower) the necessary power feed will also require full redundancy.

As part of any proposed terminal expansions an assessment on power supply adequacy should be completed.

### **3.9.3 Sewerage**

Sewerage is treated by an onsite treatment plant. This plant has already been identified as requiring significant upgrading to cater for current numbers. WCA continues to work in partnership with the Department of Environment and Science to resolve final design and compliance issues in this matter.

### **3.9.4 Communications and internet**

Reliable internet access is critical for the ongoing operation of the airport as most airline systems and many of the WCA reporting systems, are now cloud based.

Of course, the users of the terminal also require a reliable and high-speed internet access for checking-in, ordering food and beverages, making bookings or simply browsing while waiting for flights.

With regards to the ability to charge personal mobile phones, the 2019 terminal upgrade provided a significant number of USB and power points for this purpose in the departures lounge.

Discussions with Airservices Australia have also identified the need for significant bandwidth, with full redundancy, if remote tower air traffic control (r-TWR) is to be introduced.

### **3.9.5 Stormwater**

With an average annual rainfall of 1.43m, storm water management must always be a significant consideration when planning civil works at the WCA.

This applies particularly to the proposed new ATO apron expansions as all rainfall collected in the above-ground open drains in this vicinity flows towards and beyond the terminal on the eastern side of the rental vehicle's car park.

### **3.9.6 Perimeter fencing**

An 1800mm high cyclone fence is provided around the perimeter of the airside to deter unauthorised access. It is maintained and fit for purpose.

It is suggested that for any future fence replacement along Lascelles Ave between the railway tracks and ARRFs road, the outer fence is positioned as close to the roadside as is practical. This will ensure that any future development in that area starts at the roadside edge of the block and can be uniformly positioned, allowing maximum utilisation of the land inside, as opposed to the layout of the existing GA area.

### **3.9.7 Fire fighting**

There are four resupply hydrants on airport, one positioned airside outside the baggage break-down area and the other 3 at the ends and central to the terminal. They are fed from 2x dedicated 195,000 litre water tanks located adjacent to the Administration building and Pump sheds.

The Fire Control Panel is located just inside the main central doors of the terminal.

## 4. Legislative Context

The proposed development of WCA discussed in this Master Plan has been considered relative to Commonwealth, State, Regional and Local Government requirements including planning regimes, policies and applicable legislation and standards. This section has been consolidated (over the 2015 Plan) to include planning, environmental and economic considerations.

There are a number of strategic and statutory documents that either offer a planning perspective on WCA, or that require consideration during the assessment process of any proposed developments for on, or around, the WCA. The key documents are discussed in summary following.

### 4.1 National Rules And Standards

As the aerodrome certificate holder, WRC is by definition the aerodrome operator at WCA. The aerodrome operator is bound by legislation to ensure that the airport is maintained and operated in accordance with all applicable Commonwealth legislation including the Civil Aviation Act, Civil Aviation Safety Regulations (CASR's) and the Aviation Transport Security Act and Regulations.

The Part 139 Manual of Standards (the MOS) is made pursuant to CASR 139 and sets out the detailed standards and operating procedures for aerodromes used in air transport operations in Australia. This is the key reference document for all proposed infrastructure design and operations at the WCA.

#### 4.1.1 National Airports Safeguarding Framework (NASF)

The NASF is a national land use planning tool developed with input from all levels of government and is focused on improving community amenity and safety incomes. It provides 6 guidelines for managing risk at airports including:

- Guideline A: Measures for Managing Impacts of Aircraft Noise
- Guideline B: Managing the Risk of Building Generated Windshear and Turbulence at Airports
- Guideline C: Managing the Risk of Wildlife Strikes in the Vicinity of Airports
- Guideline D: Managing the Risk of Wind Turbine Farms as Physical Obstacles to Air Navigation
- Guideline E: Managing the Risk of Distractions to Pilots from Lighting in the Vicinity of Airports
- Guideline F: Managing the Risk of Intrusions

The NASF is directly relevant to the WCA planning considerations for both airside and landside developments.

#### 4.1.2 Environment Protection and Biodiversity Conservation Act

The Environment Protection and Biodiversity Conservation Act 1999 (the EPBC Act) is the Australian Government's central piece of environmental legislation. It provides a legal framework to protect and

manage nationally and internationally important flora, fauna, ecological communities and heritage places - defined in the EPBC Act as matters of national environmental significance.

The EPBC Act comes into play when a proposal has the potential to have a significant impact on a matter of national environmental significance. This includes the adoption or implementation of a plan for aviation airspace management involving aircraft operations that have, will have or are likely to have a significant impact on the environment.

Delivery of the proposed developments in this Master Plan should include an assessment of the EPBC Act applicability.

## **4.2 State Planning**

### **4.2.1 State Planning Policy**

Queensland's State Planning Policy (SPP) July 2017 outlines the state Governments interests in land use planning and development for Queensland. It identifies and seeks to protect through the planning framework key state infrastructure, including strategic airports and aviation facilities.

The WCA has been declared within the SPP as an airport of strategic importance, ensuring that the state's interests are reflected in the WRC local government planning regime, specifically, within the Whitsunday Planning Scheme 2017.

### **4.2.2 The Whitsundays Tourism Destination Plan (2019-2024).**

Jointly prepared by Tourism Whitsundays, Tourism and Events Queensland and WRC this Plan outlines the strategy for growing tourism in the region.

The plan recognises the WCA role as increasing frequency and flight sectors for domestic traveller's and improving connectivity to international gateways. It suggests the airport should be positioned to handle international charters.

This plan is in alignment with the WCA Vision and Objectives.

## **4.3 Regional Planning**

The Whitsundays forms part of the Mackay, Isaac and Whitsundays region, an area of over 90,000 square kilometres with an estimated population of c181,000 people.

### **4.3.1 Mackay Isaac Whitsunday (MIW) Regional Plan**

The MIW Regional Plan establishes a vision and direction for the region through 2031. Of particular significance to the WCA within this plan is the recognition that;

- The MIW region currently has limited capacity for air freight and
- The effective integration of roads with rail, ports and airports is essential for sustaining economic growth and strengthening the resilience and diversity of the region.

This Master Plan proposes the development of multi transport mode catering freight related infrastructure that supports the desired outcomes of the MIW Regional Plan.

#### **4.3.2 Mackay Isaac Whitsunday Regional Transport Plan 2018**

The MIW Transport Plan was prepared by the Department of Transport and Main Roads (TMR) to set out regional transport priorities and actions for the region.

- This plan discusses the need for a distribution hub connected to port and airport development opportunities as well as the need to improve air freight capacity.
- It goes on to discuss the opportunity to increase tourism and agricultural exports through direct international airport access.

This Master Plan proposes infrastructure that would support the desired outcomes of the MIW Regional Transport Plan.

#### **4.3.3 Mackay Isaac Whitsunday Natural Resource Management Plan (2014-2024)**

Prepared by the Mackay Isaac Whitsunday Communities the Natural Resource Management Plan (NRMP) is intended to guide investment and activity in natural resource management across the region.

The sustainable development elements within the Infrastructure Report supports the vision of the NRMP.

### **4.4 Local Government Planning**

In the local context the Whitsundays region covers an area of 23,876 square kilometres with a population base of 38,506 residents. Whitsunday Regional Council provides a number of plans and policies relevant to the WCA.

#### **4.4.1 WRC Community Plan**

The WRC Community Plan was developed to ensure that Council has a clear appreciation of the needs and priorities of its residents with a shared vision for the future.

The WCA's contribution under this Plan is to Movement and Access as part of the interconnected and efficient transport services, supporting Councils undertaking to provide well maintained transport infrastructure and service industries.

#### **4.4.2 WRC Corporate Plan.**

The Corporate Plan recognises the WCA as one of its business activities and outlines the application of a quadruple bottom line methodology measured across the pillars of Financial, Environmental, Social and Governance performance.

The WCA is operated in this manner and held accountable through the use of performance indicators that are developed as part of the Annual Operational Plan and reviewed within the Annual Report.

#### **4.4.3 WRC Regional Economic Development Strategy 2022-2025**

This document formalises WRC's economic development strategy based on the delivery of more investment and more jobs as the pathway to the region's economic and environmental sustainability.

Specific reference to the WCA refers to its potential to contribute to the strategy as a freight handling facility. It is noted that the WCA role in this strategic plan to provide a Freight Distribution Centre (FDC) has already been achieved.

Moving forward this Master Plan outlines the infrastructure required to allow for the growth of the FDC as well as opportunities to cater for dedicated freight aircraft both at the FDC and in the proposed multimodal hub.

#### **4.4.4 Whitsunday Planning Scheme 2017 (version 4.7)**

Prepared in accordance with the Sustainable Planning Act 2009 and reviewed every 10 years, the Whitsunday Planning Scheme 2017 (the Scheme) sets WRC's policy direction for the future and appropriate development of the Whitsunday region over the next 20 years to 2036. Within the Strategic Framework, the policy intent of the Scheme is collectively represented by five themes:

1. Liveable communities and housing
2. Economic growth
3. Environment and heritage
4. Safety and resilience to hazards; and
5. infrastructure

Each theme is structured to include clarity on its strategic intent, proposes a strategic outcome and describes a land use strategy for achieving those outcomes.

While the Strategic Framework should be considered in its entirety to appreciate the full policy intent of the Scheme, the WCA features specifically within the themes of Economic Growth, Environment and heritage and Infrastructure.

##### **Economic Growth**

As part of Council's policy to protect the region's economic resilience, the WCA location is identified in this theme as an area that could support new, major industrial expansion.

##### **Environment and heritage**

This theme focusses on the preservation of cultural heritage and the conservation and enhancement of ecological systems. As an urban gateway the WCA is identified in this theme as a core landscape value, each of which are nominated for protection and where possible, enhancement.

##### **Infrastructure**

The strategic outcome for this theme is that the service supporting capacities of WRC infrastructure are coordinated, efficient and orderly and that infrastructure provision and operation are financially sustainable.

As land use strategy it is proposed that within the vicinity of the WCA location, an international airport, remote mine operations centre, air freight and supporting education and industry activities are established.

##### **The Airport Environs Overlay Code (SPP Mapping)**

A key inclusion within the Scheme is the provision of the Airport Environs (AE) overly which can be accessed at WCA Overlay map. The AE Map identifies critical aspects of the airport's operation that must be protected during any related development application assessment.

These aspects include:

- the obstacle limitation surface (OLS) including the approach surfaces which impacts on the potential height and locality of any proposed new developments,
- the Australian Noise Exposure Forecast (ANEF) which provides guidance on aircraft noise levels based on the vicinity of the runways and flight paths and
- buffer zones for wildlife and external lighting to ensure any air safety risks associated with proposed developments.

The mapping tool also provides useful overlays for acid sulphate salts, flood, heritage and bushfire threat assessment.

FINAL DRAFT

## 5. Growth Forecasts

This section is focused on air transport operations (ATO's) with general aviation (GA) and freight discussions following at Sections 5.7 & 5.8 respectively.

### 5.1 Background

Forecast passenger numbers, freight and aircraft movements are used to ensure that appropriate airport infrastructure is provided, ideally on a just-in-time basis.

Forecasting is not an exact science, as is clearly demonstrated by the following unforeseeable events that significantly skewed WCA forecasts over the last 7 years.

1. 2017 - Cyclone Debbie hit and effectively shut the region down, the same week that Jetstar were scheduled to introduce additional MEL and SYD capacity.
2. 2020 - The withdrawal of Tiger Air services and Virgin Australia going into voluntary administration soon after.
3. 2019-22 - The COVID 19 pandemic.

Despite these negative impacts, passenger numbers at the WCA have proven resilient as demonstrated by the following data that shows the 2023/23 actual passenger numbers were almost back to the High Growth forecast levels of the 2015 Master Plan.

Figure 10: Actual passenger numbers vs high growth forecast numbers

Between September-2021 and December 2023, the airport successfully introduced 4 new routes and 3 new airline partners.

In April 2024, the untimely demise of Bonza Airlines took Sunshine Coast, Newcastle and Gold Coast connectivity temporarily off the table. However, the upside of this is that the WCA now has a significant amount of verified passenger load factor data that will be invaluable as future negotiations with replacement airlines progress. Cairns services (introduced Sept 2021) continue to operate with success and a new Adelaide service is already on sale for a September 2024 commencement. In keeping with

WCA's strategy of actively pursuing new city pairings, airport management has advised that further opportunities are also being pursued with various airlines.

The net result of this activity culminated in a new passenger number record through the airport in the 2022/23 FY and even with the loss of Bonza back in April, the 2023/24 FY will undoubtedly set another new record for the airport.

Importantly in addition to this domestic growth, international visitation (through existing capital city routes) will continue to grow with pre-COVID international passenger visitors not anticipated to fully return until FY2026<sup>1</sup>.

Despite Australia's economic growth having slowed to below average rates and the succession of shocking global events in recent years, the outlook for the WCA remains extremely positive and this is shown in the forecasts that follow.

## 5.2 Forecast Methodology

Due to the airport's demonstrated success in driving growth, the supply model was selected as the most appropriate and accurate forecasting methodology.

To this end, current schedules were used to create a schedule baseline which was extrapolated within low, medium and high growth scenarios. In the high growth scenario, all opportunities currently under negotiation or consideration are realised over time. The low growth scenario best demonstrates growth left to its own devices with existing opportunities missed and generic growth based on CAGR. Within the medium growth forecasts some but not all new opportunities are realised.

The forecasts were prepared in consultation with WRC and its partner airlines, and also considered reviews of;

- historical traffic, including long-term patterns.
- existing infrastructure
- current schedules, aircraft mix and load factors.
- potential economic drivers and
- proposed capacity increases and
- new route development.

The aircraft movement forecasts should be reviewed with consideration that the high growth scenario anticipates the introduction of A321NEO, E190 and A220 aircraft resulting in increased seat capacity, from similar frequency.

All scenarios reflect that following the current period of accelerated growth from 2020/21, the numbers will reach a plateau and growth will become less significant.

## 5.3 Supply Modelling Considerations

In preparing the ATO passenger and aircraft movement forecasts we have taken the following points into consideration.

### 5.3.1 Growth Strategy

The 2015 Master Plan correctly identifies that passenger growth at WCA has historically responded well to supply, i.e. in most cases the addition of aircraft capacity has had a sustainable impact on airline load factors and yield. The recent and successful introduction of 4 new routes driven by the WCA, supports this approach and the successful continuation of this strategy forms the basis of the high growth forecast modelling.

### 5.3.2 Fleet upgrades

There are some possible aircraft up-gauging and/or potential new route development opportunities for WCA with the Qantas Group currently embarking on their fleet renewal program.

The high growth scenario adopts WCA securing A321 NEO, E190 and A220 aircraft introductions on domestic routes, with the A321XLR pencilled in for international operations.

Table 7: Table of known fleet upgrades in near future (Source: Jetstar and QANTAS media center's).

| Aircraft | Notes                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |

### 5.3.3 International Operations

As with the 2015 Master Plan, the high growth forecast reflects WRC's long-term ambition to attract direct international operations. It allows for a potential start date in FY27 at a rate of 2 services week (destinations still to be evaluated).

The aircraft nominated for the purpose of forecasting is the A321XLR (See s.5.3.2 Fleet Upgrades above). This is a narrowbody Code C aircraft with a massive range of 8,705 km's, with either a 175 or 200 seat configuration.

Selection of a specific destination will determine whether or not the performance of this aircraft would require additional runway length at WCA to accommodate the total departure weight, including fuel requirements for a mid-summers day, with no wind assistance. Regardless of the possibility that the runway may require extension, the costs of apron and international terminal expansions, plus fit out for Boarder Force attendance will be significant and would require partnership and support at both state and federal level.

Without any pre-emption, also supporting this aircraft selection is the fact it is Jetstar purchasing the A321XLR's. Jetstar is a well-established WCA airline partner providing up to 62% of all passengers (as at May 2024). They currently fly into a range of southeast Asian destinations including Cambodia, Singapore, Phuket and Bangkok.

The following table provides examples of the long-haul destinations that an A321 XLR can, theoretically, fly from the WCA.

*Table 8: Cities within the nominated 8,705km range of the A321XLR*

| Country     | City         | ICAO | NauticalMiles | KM's | Est flight time |

Visually the potential international destinations present as follows.

Figure 11: Range of A321 XLR

The proposed FY27 introduction of WCA international flights is supported by Airservices Australia recent advice to industry (Aviation Network Overview FY23) that international operations will return to pre-covid numbers in FY 26. This timing is also supported by the intended pavement overlay budgeted for in the 2027FY.

Until direct international flights to WCA commence there remains the ongoing opportunity to supplement domestic tourism by continuing to hub and spoke international visitors out of WCA's expanded number of capital and major city pairings. This approach is supported by the Whitsundays Tourist Destination Plan.

## 5.4 Historical WCA Traffic Drivers

To appreciate the many highs and lows of the WCA's historical passenger traffic it is of benefit to understand that a single 737 service, operating one day per week at an 80% load factor can gain or lose an airport c15,000 passengers per annum. In a regional airport these results are highly visible and have a significant impact both on the airport business and the region it serves.

The following graph shows the impacts on traffic outcomes resulting from various historical drivers at WCA, both positive and negative.

Figure 12: Passenger Numbers and Drivers – 2001 – 2023 FY's

While it is impossible to pre-empt and prepare for every possible negative traffic driver, the airport has done a good job of mitigating the potential impacts of the negative events by:

- creating new route pairings (opening new markets and fresh customer bases)
- increasing its number of airline partners (reducing the potential impacts of an individual airline collapse)
- Investing in the creation of the new WCA Freight Distribution Centre (to capitalise on underutilized aircraft hold space and reduce the airline's reliance on just pax revenues).

Whitsunday Regional Council has also recently adopted a new governance structure that ties Tourism and Aviation. This strategically positions the WCA to contribute to its sustainability through managing its own marketing partnerships and investment. This has already proven to be a winning approach for the WCA, most easily demonstrated by last FY's record passenger numbers and several industry awards over recent years.

Together these initiatives combined help to reduce the potential impacts of the negative drivers to as low as reasonably practical (ALARP).

## 5.5 Current Traffic Analysis

This section is focused on air transport operations (ATO). General aviation and freight are discussed separately following.

At the time of writing WCA had 4 ATO airline partners servicing 4 destinations. The WCA schedule is difficult to summarise given the large amount of additional capacity that is temporarily added during peak

periods. To combat this, aggregates taken over extended periods were used, but these also became problematic as new routes commenced operation and Bonza services withdrew.

The following data was compiled from the OAG database to provide an example of monthly traffic. Note the pre COVID numbers highlighted in yellow and provided for comparison.

**Table 9:** Current traffic data– inbound only.

### 5.5.1 Busy Months Analysis

As a leisure destination WCA is a seasonal port with the busy period usually at peak for the school holidays. The airport actively works with its tourism partners to reduce the fringe period troughs through collaborative marketing and supporting/promoting various regional events throughout the year.

Review of data from 1 Jul 2014 to 30 June 2023 has established that the following months are the busiest by aircraft movements:

1. December
2. January
3. October
4. April
5. November

Interestingly, post COVID (1 July 2022 to 30 June 2023) the top 5 remain, but in 2023, April became the busiest month on record with 427 movements. It is anticipated that this will change again following the summer school holiday period.

### 5.5.2 Busy Day Identification

The busy days by average at WCA are currently Saturdays, Sundays, Mondays and Thursdays with 6 ATO arrivals each (12 movements) in the confirmed June 2024 schedule.

### 5.5.3 Busy Hour Analysis

The below chart shows that the most current data available (Jan 2024) weekly busy hour peak occurs at 1400 where an average of 1,185 passengers per week pass through the terminal.

At this time, it is common to have 3 aircraft operating simultaneously, noting that 2 simultaneous operations was the design ceiling of the terminal for the last upgrade development.

Figure 13: Weekly Busy Hour Trend (Jan 2024 0800-2300).

Note that the hours either side of 1400 are also comparatively busy. This condensed busy period (1300-1500) lends itself to severe congestion issues when there are even minor aircraft delays.

While the terminal becomes severely congested at this time, the most significant impact on operations can be seen on the apron as aircraft can be forced to circle while waiting for one of the 4 parking bays to free up. It is important to remember that this is double the planned capacity of the existing terminal which was designed for 2 simultaneous operations.

## 5.6 Forecasts

The following pax forecasts reflect the withdrawal of Bonza services and include the confirmed addition of the JQ Adelaide services commencing September 2024.

All forecasts demonstrate that in time growth will plateau, potentially as the region runs out of available bed nights. [This Master Plan introduces a new WCA accommodation precinct as a potential solution to this issue].

With the average load factor of all airlines, on all routes sitting strongly at 81% (May 2024) it is unlikely that the airport is in jeopardy of losing any of its' existing services.

It is recommended that these forecasts are reviewed and updated on an annual basis.

### 5.6.1 Low Growth Forecast Scenario

Disregarding any of the many potential traffic disrupters, this forecast is considered worst case and demonstrates a shift away from the airport's current strategy of pro-actively and successfully, pursuing

all potential aviation opportunities. It reflects the pending introduction of ADL flights and the recent up gauging from Q400 to E190 aircraft for QF on BNE.

With regards to the provision of infrastructure even the low growth forecast utilising the current schedule and minimal growth requires significant expansion of the terminal and an apron expansion.

### **5.6.2 Medium Growth Forecast Scenario**

The medium growth forecasts reflect the pending introduction of ADL flights and the recent up gauging from Q400 to E190 aircraft for QF on BNE. It also includes incremental reinstatement of Gold Coast, Sunshine Coast and Newcastle routes. It includes the addition of two new domestic routes (but introduced later than the high growth forecasts) but disregards the potential for international operations. It reflects a minimal up gauging of A320 to A321NEO aircraft.

### **5.6.3 High Growth Forecast Scenario**

Given the purpose of this forecasting exercise is to understand what future infrastructure may be required at the WCA, all known commercial aviation opportunities have been assumed to be successfully implemented in the high growth forecast scenario.

The high growth forecast estimates the WCA will be close to providing a million seats per annum in 10 years time (3033/34 FY) through realising the following opportunities:

- Going to regular daily MEL and SYD services
- Up gauging from A320 to A321NEO's on SYD, MEL and BNE
- Negotiating the introduction of A220 and further E190 aircraft.
- The reinstatement of Newcastle, Sunshine and Gold Coast routes
- The introduction of an additional 3 new domestic routes (including ADL in Sept 2024)
- The introduction of narrow body international operations from July 2029

The forecasts are provided as a graph following.

Figure 14: WCA ten-year Passenger Forecast data showing Low Medium and High scenarios.

*Table 10: Aircraft Movement Forecasts Step Growth (Years 1, 5 and 10).*

| Financial Year      | Low Growth       | Medium Growth | High Growth |
|---------------------|------------------|---------------|-------------|
| 2023/24 (This year) | 4000 (estimated) | -             | -           |
| 2027/28 (5yrs)      | 3958             | 4276          | 5404        |
| 2033/34 (10yrs)     | 3996             | 4936          | 5814        |

Note that the forecasts allow for the eventual replacement of the A320's with the A321 NEOs (186 seats vs 232) and the Q400 with the E190 (76 seats vs 97) bringing growth with no reflected increase in frequency.

## 5.7 General Aviation

In this section the term general aviation (GA) is used generically to cover all aviation activity other than ATO. Specifically, that includes recreation, aeromedical, charter, military, and local based flights.

GA activity at the WCA primarily occurs at the northern end of the GA access taxiway, (TWY B) and is inclusive of the GA sealed and grass aprons, local operators and hangers, as well as the AVGAS refuelling facility.

### 5.7.1 Historical GA Movement Numbers

The following chart shows the total GA aircraft landings per annum at WCA through FY2017/18 to FY2022/23.

*Figure 15: General Aviation Landings at WCA 2018-2023 FY's.*

Close to 70% of the 2023 FY landings were made by just 3 local commercial aviation companies including the local scenic charter operator, LAME (aircraft engineering) service provider and flight training schools.

### 5.7.2 GA Development Opportunities

The future of GA at the WCA needs strategic consideration. GA generally is struggling to secure upgraded facilities at many Australian airports, simply because delivering new aviation infrastructure is expensive and GA commercial returns are comparatively (to ATO), low. Where grant money is available for development from time to time, few Councils are in a position to co-fund aviation infrastructure that isn't, at the least, operationally cost neutral.

There are also risks to consider relating to mixing ATO and GA traffic at a busy port where there is no air traffic control (ATC) provided. While this will change in the next few years as ATC is introduced, there are existing incident reports of operational conflicts between GA and ATO movements at WCA.

WRC owns and operates the certified airport at Bowen. While it would not likely suit existing commercial GA users of WCA, Bowen should always be considered as a viable alternative for private GA operators looking for a base in the region. It has excellent existing infrastructure, (including 4 RWY options), is ideally located near the township and has land suitable for both aviation and non-aeronautical development.

Having said that, WCA is in an enviable position with 10,000 m<sup>2</sup> of land already committed to GA with another massive c500,000 m<sup>2</sup> available for development, should appropriate opportunities materialise.

A range of GA development possibilities at WCA have been considered and these include:

- Upgrading TWY B to open the GA precinct to a greater variety of aircraft
- Provision of land for additional hangarage
- Additional itinerant and aeromedical aircraft parking
- Provision of a dedicated freight and FBO serviced apron
- Development of a vertiport to cater for vertical take-off and landing (VTOL) aircraft ie drones for personal taxis and or freight carriage.

To explore these possibilities further please refer to the accompanying Infrastructure Report.

## 5.8 Freight Operations

The expansion of air freight services at WCA is specifically recognized as required in each of the MIW Regional Plan, the MIW Regional Transport Plan and the WRC Regional Economic Development Strategy. It is inferred less directly in almost every other reviewed economic development strategy, at state or regional level, that speaks to the WCA.

Furthermore, the MIW Regional and Transport Plans outline the need for the integration of road, rail, airport (and seaport) and the Whitsundays Destination and MIW Transport Plans both outline the potential benefits to regional agriculture and tourism from direct international access.

These documents remain relevant and go a long way to crystallizing the potential for freight operations at WCA.

The WCA made significant progress in realising its freight ambitions with the successful creation and opening of the WCA Freight Distribution Centre in 2022.

### 5.8.1 Historical Performance

At Nov 2023 the FDC is facilitating an average of 2.1 tonne of freight per month, reflecting a seasonal peak of nearly 3.8 tonne in May 23. To maintain perspective, it should be acknowledged that up until recently, there was zero freight uplift at the WCA.

84% of freight moved is outbound and 92% of this to date has been seafood. At Nov 2023 the most common inbound freight is live animals.

The following charts show the volumes of moved freight since April 2023.

Figure 16: Outbound freight totals by month Apr – Nov 2023.

Figure 17: Outbound freight totals by month Apr – Nov 2023.

### 5.8.2 Underbelly Freight Potential

As a result of the FDC development two of the four airlines currently servicing WCA are now carrying freight in the hold of their ATO aircraft. Commercial negotiations with the other established airlines continue and at the time of writing are close to finalization.

With all its' commercial agreements in place the FDC will begin a targeted marketing campaign highlighting its point of difference from other airports in the region, the 4 destinations serviced directly.

In 2015 it was estimated by schedule and aircraft type that there was 4,483 tonnes of airfreight capacity per annum passing through WCA.

Using the same methodology but based on the November 2023 schedule (annualised), there is now an estimated 6,240 tonnes of underbelly capacity available.

There is clearly significant room for freight tonnage to grow on the back of further investment in the FDC, at the appropriate time.

### 5.8.3 Freight Infrastructure Requirements

With the development of the FDC in the existing grounds maintenance building, the airport has established itself cost effectively for this first stage in its development as a freight facility.

As freight numbers grow so will the spatial requirements of the FDC. At some future point it is anticipated that the grounds maintenance team, will be relocated out of the primary FDC building.

This Master Plan goes on to support the increase of freight movement by including in the Infrastructure Report the following conceptual infrastructure development:

- A new aircraft parking apron (servicing corporate charter, aeromedical and freight aircraft) efficiently positioned near the FDC
- Commercial development of the GA precinct to bring more potential aviation related freight opportunity (ie. customers) to the airport
- A massive redevelopment of the FDC to the north of the airfield bringing rail, air and road together (the existing satellite FDC terminal would remain to service ATO aircraft).
- Development of a significant new aircraft apron at the future FDC designed for large (up to A321) sized dedicated freighters.

It is anticipated that a fully developed FDC will encompass road, rail and air and be developed at the north end of the airport property.

Future freight development concepts can be viewed in the Infrastructure Report.

## 7. Planning Parameters

The key planning parameters adopted for the preparation of the Infrastructure Report that accompanies this Master Plan are as follows.

### 7.1 Design Aircraft

Selection of the design aircraft is vital to understanding infrastructure requirements.

#### 7.1.1 Background

The design aircraft for both the 2015 Master Plan and the 2017 pavement rehabilitation works included a combination of the Code C Boeing 738 aircraft and the Airbus A330-300, a Code E widebody aircraft.

The A330 was selected as, at that time, it was considered the most likely aircraft to enable direct flights from Asia return. These aircraft are now near the end of their serviceable life and are being replaced with new, more fuel-efficient Code E widebody aircraft such as the 787 Dreamliner or A350. The smaller Code-C Airbus A321 XLR, is an exciting prospect for the WCA as it can also reach Southeast Asia from the WCA (see Section 5.3.3).

#### 7.1.2 The 2024 Design Aircraft

For the purpose of this planning review the A321 Neo was selected as the critical design aircraft based on the following considerations:

- The much larger A321 only weighs 15.5 tonne more and is 6.9m longer than the A320 aircraft currently used.
- The A321 holds 232 passengers, c 50 more than current Code C aircraft (depending on configuration).
- Jetstar (JQ) have recently acquired a fleet of 18x new A321 aircraft.
- JQ currently provide 60% of all ATO aircrafts movements at WCA (the remaining 40% is spread across 3 other airlines).
- JQ have indicated its desire to utilise A321's at the WCA.
- The A321 is the largest available ATO aircraft type that can use the WCA RWY without an extension.
- An engineering pavement assessment has confirmed the A321 can operate at 85 tonnes at the WCA for the 20 year planning horizon without any significant negative impact on the existing pavements.
- The A321NEO is part of the same aircraft family as the A321XLR that has been identified as the most suitable aircraft to commence international operations at the WCA.

At this time the WCA pavement movement areas are A321 NEO ready but as identified in the Infrastructure Report, many known and potential operational pinch points require addressing prior to the introduction of regular and concurrent A321NEO operations.

## 7.2 Peak Periods

Understanding the WCA future peak hour traffic is critical to informing both airside and landside infrastructure design.

To assist with this we have used the IATA Level of Service Guidelines focused on Optimum design which is midway between Sub-Optimum and Over-Design specifications.

For design purposes we have adopted a typical future peak hour from the high growth forecast (see Section 5.6.3), catering for 4x simultaneous operations of the design aircraft.

The reasoning behind this is:

- The planning parameters are aligned with the Airports vision to be a world class facility focused on the future.
- WCA's demonstrated success in and current pursuit of, securing new routes and airline partners.
- Most airlines operate their business services before turning to leisure markets causing the schedules to congest early to mid-afternoon. Without the possibility of slot time arrangements, the airlines dictate when they want to operate and often, all want access at similar times.
- The 2017-18 terminal upgrade took an extremely conservative approach to development (i.e. 2x simultaneous aircraft operations) which has lasted just over half its expected capacity life (5 out of 10 years).
- The planning parameters take into consideration the likelihood and impacts of aircraft operational delays and ensures these passengers will be as comfortable as is realistically possible.
- There is not much difference between the low passenger growth infrastructure requirements and high growth, with the notable exception being the allowance for future international operations.

Discussion of terminal and apron peak hour capacity follows.

### 7.2.1 Terminal peak hour capacity

Expanding the terminal to comfortably cater for 4x simultaneous A321 NEO aircraft operations is realistic and will meet the airport's requirements into the long term.

In calculating the size of the terminal expansion required we have utilised the IATA Airport Design Reference Manual (ADRM) with the Optimum Design requirement of 2.0 - 2.3m<sup>2</sup> per person for public spaces.

Based on the A321NEO operating at 85% load factors and including all staff, meeters and greeters etc. it is estimated that the terminal will accommodate 1,834 people during the future busy hour and based on the Optimum Design require some 3668m<sup>2</sup> of public area to comfortably accommodate them.

The current public area provided is 2,266m<sup>2</sup>, a shortfall of around 1,402m<sup>2</sup>.

The proposed terminal expansion is based on the Option 5 International swing gate concept prepared by STEA architects that designed the original terminal and last upgrade.

The departure halls are planned on two levels providing significant additional room for passengers as well as further food and beverage (F&B) and retail opportunity's, including a possible common use lounge facility, as well as supporting future aerobridge installation.

The resulting increases in public area capacity are in the following table. \*Note that the proposed 2 staged baggage make up area (BMA) expansions are not public areas and therefore excluded in the calculations for the public area requirements.

The terminal design and a breakdown of the high-level costings are provided at the Infrastructure Report that accompanies this Master Plan.

### 7.2.2 Apron Capacity

The high growth forecasts for aircraft movements suggests an estimated increase to 5,764 movements per annum in the 10-year time frame.

*Table 12: Ten-year maximum forecast aircraft movements*

| Aircraft movements | No.   |
|--------------------|-------|
| 2033/34 FY         | 5,814 |
| Averaged per week  | 112   |
| Average daily      | 16    |

Despite using a 4 simultaneous aircraft operation planning parameter, the apron expansion proposed in the Infrastructure Report will simultaneously accommodate 6x A321 aircraft, or 7 if 2x smaller aircraft are on the alternative makings on bay 6.

It is anticipated that this will be adequate to handle the high growth forecast aircraft movements.

The ATO apron expansion is discussed in depth in the Infrastructure Report.

## 7.3 Runway Parameters

RWY 11/29 is a Code 4 instrument non precision approach (INPA) runway. The RWY TWY A and the ATO apron were rehabilitated in 2017 resulting in the following pavement strength rating PCN 53/B/1400/T and with current RWY dimensions of 2073m x 45m and a RWS of 150m.

### 7.3.1 Runway strength/condition.

Selection of the A321 NEO introduced a new design aircraft type for the WCA. Being heavier and longer than aircraft currently operating at the airport, AIMS commissioned Airport Pavement Engineering Specialists (APES) to undertake an engineering assessment to better understand the potential pavement impacts from regular use of the A321.

The APES assessment used the following parameters:

- An indicated maximum aircraft departure weight of 85 tonnes as identified by Jetstar and based on the existing MEL-WCA route.
- Consideration of up to 4,500 annual departures over a 20-year structural pavement design life.
- A CBR of 15% (As was adopted for the 2017 pavement rehabilitation).

In short, the APES review determined that the A321 NEO could be used for up to 4,500 departures p/a, as long as it remained at, or under, the proposed 85 tonne maximum departure mass. More than this weight may see the pavements exhibit accelerated distress, over time.

There are some existing longitudinal cracks in the runway pavements which are continuously monitored, and bitumen sealed against moisture by the ARO's as part of ongoing maintenance.

At some point in the short term (currently budgeted for 2027) it is anticipated that a pavement overlay will be required as part of the pavement maintenance program. Actual timing will depend on influences

such as weather, aircraft frequency and type. This scheduled maintenance is the only foreseeable RWY related works for WCA in the short term.

In the mid to longer term, should WCA wish to introduce the utilisation of Code E aircraft, significant additional infrastructure works are required including a 327m extension to the west. The full scope of these works has been provided previously in separate presentations by Airwork's and APES and these documents remain available for review.

### 7.3.2 Critical RWY and surfaces data

The following 4 tables provide the current data on takeoff and approach parameters, and transitional surfaces.

## 7.4 TWY B Codes

Two design aircraft were chosen to demonstrate the upgrades that might be considered for TWY B. For the initial 300m's of TWY B heading away from TWY A, the Gulfstream 8 corporate jet was selected. Beyond the c300m intersection, the King Air B360 used by RFDS was selected as the critical aircraft.

## 7.5 Other

There are some quite significant concepts presented in the Infrastructure Report that involve infrastructure development. With regards to the planning parameters for these they are based primarily on guidance taken from CASR Part 139 Manual of Standards Aerodromes and Australian Standards where applicable.

FINAL DRAFT

## Executive Summary

This Infrastructure Report has been prepared to accompany the Whitsunday Coast Airport (WCA) Master Plan 2024. It takes into consideration the key Planning Parameters of the Master Plan document including the design aircraft selection, terminal peak hour and apron capacity and the passenger and aircraft movement forecasts.

It is provided as a stand-alone document to conveniently separate the identification of the issues in the Master Plan with the actual and conceptual solutions provided here in the Infrastructure Report.

The infrastructure works discussed within this document are split into 3 levels of priority, with Priority 1 works being most urgent. Priority 2 and 3 works provide conceptual solutions to emerging issues. A fourth category, 'Other Works' outlines opportunities that would only be undertaken when a sound business case can be tabled demonstrating an acceptable return on investment.

The most urgent of the Priority 1 works include expansions of the aircraft parking apron and passenger terminal. 'For Construction' drawings and specifications for the apron upgrade have been prepared pre-empting a tender process. The domestic terminal expansion design is also well developed and ready for detailed design work.

Priority 2 works provide concept solutions to the road traffic congestion issues that would come with the high growth forecasts, as well duplication of the baggage make up area. These projects have been given high level cost estimates by a Quantity Surveyor.

Priority 3 Works reflect the Whitsunday Regional Councils (WRC) vision of becoming an international port by reviving the STEA architects international swing gate international terminal concept for the WCA. The design has been further refined and is ready to go to back to key stakeholders for continued consultation. It is anticipated that the proposed international terminal works will coincide with the need to introduce a dual taxiway (TWY) system to provide better apron access and aircraft manoeuvring options.

'Other Works' in this report identifies potential development opportunities for freight and general aviation. In this regard, land for a new Corporate Apron has been identified to cater for any or all of, vertical take-off & landing (VTOL) corporate, military and aeromedical aircraft operations and to further free up the ATO apron.

The possible development of new commercial and hanger lease lots to the east is explored using an extended TWY B and the multi modal freight hub proposed in 2015 has been further refined as the fully developed Freight Distribution Centre.

A parcel of WCA land has been identified for a new accommodation precinct in response to the regions decreasing bed night availability.

As part of this Executive Summary a complete cost estimate follows at Table 1 and for the ease of identification, while Figure 1 shows each area of priority by colour, (Priority 1 is red, Priority 2 is purple and Priority 3 is yellow).

Detailed discussion on each works category including 'Other Works' is included within this report.

## Introduction

This Infrastructure Report was prepared based on the following information provided in the Whitsunday Coast Airport (WCA) Master Plan 2024:

- the stakeholder consultation process,
- the results of the SWOT analysis,
- the agreed Planning Parameters and
- the passenger and aircraft movement forecasts.

The Infrastructure Report supplements the Master Plan by providing more detail on the opportunities and issues identified through the master planning process. It provides infrastructure-based solutions to issues categorised in an order of priority 1 – 3, with priority 1 issues being most urgent.

A fourth category, 'Other Works', are works that would only be undertaken when a sound business case can be tabled demonstrating demand and an acceptable level of return on investment. In summary each of the categories cover the following:

**Priority 1 Works (Required urgently, advance planning undertaken - identified in red).**

- Air transport Operation (ATO) apron expansion (tender documentation prepared)
- Terminal expansion works (concept design refined for cost estimate)
  - Check in.
  - Screening Points.
  - Departures hall.
  - Baggage Make up Area (BMA) extension.
- Sewerage Treatment Plant upgrade.
- Provision of fuel facilities.

**Priority 2 Works (Recognises an issue and provides a concept solution - identified in purple).**

- Vehicle Access, Circulation and Parking focussed on:
  - GTO Operations and loop road.
  - Rental Cars.
  - Public Parking Areas.
  - Staff Parking Areas.
  - Site Preparation (expansion for parking plus accommodation precinct).
- Terminal expansion focussed on:
  - Baggage Make up Area (BMA) duplication.

**Priority 3 Works (Required in time to meet demand, identified in yellow).**

- Terminal
  - International arrivals hall and processing areas
- Taxiways
  - Construction of dual and link taxiways (TWYS)

**Other Works (concepts for discussion purposes).**

- Freight Distribution Centre expansion
- Corporate Apron construction
- General aviation expansion to the east

Where practical, cost estimates are provided for proposed works and the background to these estimates are detailed following.

## Infrastructure Design & Costings

All the conceptual designs and drawings provided in this Infrastructure Report were prepared with reference to the Planning Parameters described in Section 7 of the Master Plan 2024 and with regards to the ATO apron expansions, these are compliant with applicable designs and standards.

Cost estimates on proposed upgrades for this project have been acquired through a number means and these are discussed following.

1. Kamen Engineering is an Australian aviation pavements engineering firm with significant experience in both the design and construction of airfield pavements. Kamen were engaged to complete the pavement design and provide preliminary costings for the apron expansion proposed in this report.
2. The Sewerage treatment plant and WCA Fuel site preparation were cost estimated in consultation with Whitsunday Regional Council (WRC) using current industry rates.
3. The apron flood lighting cost estimate was prepared by A.K Electrical.
4. The Cost Plan Group (Quantity Surveyors) were involved in the 2017 expansion of the airport terminal. Given their familiarity with the airport they were re-engaged to provide all other cost estimates including the terminal and other concepts.

The Cost Plan Group have provided the following graph “Estimate Limits of Accuracy” which gives guidance on the range of accuracy to be expected in each stage of the design process.

Note that with the exception of the apron expansion all proposed works discussed in this report are currently at the Feasibility stage.

Figure 2: Estimates of accuracy -Cost Plan Group.

The next step to further refine cost estimate accuracy for the domestic terminal works is the engagement of architects and engineers (civil, electrical etc) to progress to detailed design. These costs are included in the estimates provided within this report, as Professional Fees.

With regards to the International Terminal upgrade the pathway forward now requires input from key stakeholders such as Boarder Force to ensure that the proposed design is operationally feasible.

The Cost Plan Group Report provides clarity on what has been included in their cost estimate documents.

# 1. PRIORITY 1 WORKS

Priority 1 works are required to both relieve existing congestion and provide for the forecast growth in passenger numbers and aircraft movements. Priority 1 Works are considered urgent, and planning and design should continue post adoption of this Infrastructure Report.

Each of the Priority 1 works are discussed in detail over the following sections.

## 1.1 ATO Apron

There are currently 4 air transport operation (ATO) aircraft parking bays, numbered 1 to 4, right to left, as you enter the apron on TWY A. Bay 1 utilisation is problematic as it is restricted by design to smaller aircraft only accommodating the current Skytrans service.

Congestion on the ATO apron is a serious issue and this has been identified through SWOT analysis as a potential threat to the continuing growth of aircraft movement and passenger numbers, if not addressed.

## 1.2 ATO Apron Congestion Analysis.

Busy hour analysis of the current WCA flight schedules identified regular occurrences of 2x simultaneous Code C aircraft requiring apron parking for servicing.

[Note that this was a design parameter of the terminal expansion completed in 2017, an expansion considered at that time to be appropriate for the 10-year growth horizon].

Prima facie this scenario might appear manageable with 3.5 bays, (remembering that Bay 1 is restricted). However, if minor operational delays are brought into consideration by viewing the busy period to include an hour either side of the busy hour (such as 1230-1430 Saturdays, Sundays Mondays & Thursdays), the likelihood of 3 aircraft requiring simultaneous apron access is extremely high. Adding to the issue, under the current schedules, another aircraft also arrives just outside this current busy period, at 1435.

The situation where no appropriate (this often excludes Bay 1) parking bays are available occurs under the existing schedules with regularity (estimated as once a monthly by WCA). At worst, this results in aircraft having to fly circuits until a parking bay is vacated.

There are also a number of additional scenarios that can and do severely exacerbate the existing apron congestion issues.

- When one or more aircraft go unserviceable for an extended period (a situation made worse when it occurs on one of the unrestricted Bays 2-4).
- The increased number of flights scheduled, including the new ADL services and the double daily's from MEL and SYD that regularly occur in peak periods and
- Parking requests from aero-medevac, itinerant and military operators for aircraft too large to use the general aviation (GA) area. [It is understood that the airport regularly has to refuse access to non ATO traffic due to the lack of parking bays].

In addition to the lack of parking bays, the current apron congestion also creates aircraft manoeuvring issues whereby departing aircraft are required to backtrack the RWY behind aircraft that have just landed to allow that aircraft to access their vacated bay.

## 1.3 ATO Apron Congestion Solutions

The following options were investigated as possible solutions to the apron congestion situation.

### 1.3.1 Procedural.

WCA staff already work collaboratively with the airlines and ground handlers to try to coordinate schedules and allocate bays to minimise apron congestion. When apron congestion becomes unavoidable, the Aerodrome Reporting Officers (ARO's) coordinate the most effective parking of aircraft, including at times the need to request aircraft stay in the air and hold. However, once the apron is full, there are simply no other options for parking aircraft which no amount of procedure will remedy.

### 1.3.2 Technological.

The introduction of a nose in guidance option to enable power in and push back aircraft parking was reviewed. This option would have significant operational impacts for the ground handling agency (GHA) as well as require additional financial investment by the WCA.

While these issues are not insurmountable, the power in - push back (PI-PB) solution was disregarded as a short-term solution when it was confirmed through modelling that even with PI-PB, the airport would still only be able to accommodate 4 parking bays and that Bay 1 will remain restricted without physical expansion.

The investigation of PI-PB at WCA was a worthwhile exercise and this may still be introduced at a future point in conjunction with apron and terminal works that support the introduction of aero-bridges.

### 1.3.3 Infrastructure

Investigation has confirmed that infrastructure development is the only way to effectively resolve the current aircraft parking and manoeuvring issues.

With this understanding, Airwork's aviation draftsmen were engaged to prepare several apron design options with all parties coming to agreement on a plan that provides 6x A321 NEO unrestricted bays, or 7 aircraft, with a combination of smaller aircraft types (up to Q400).

The new 6 bay apron configuration we will achieved by

1. Extending Bay 1 to allow for unrestricted A321 NEO aircraft operations.
2. Constructing additional parking bays 5 & 6 on the western side of the apron.

With up to 7 aircraft parking bays, WCA will be able to meet the Master Plan 2024 design parameter of 4 simultaneous operations in the busy hour, (double current schedules) plus provide redundancy for operational delays that occur in the busy period.

Based on the forecast aircraft movements this arrangement should be adequate for ATO services into the long-term catering for up to and including the high growth forecasts.

## 1.4 ATO Apron Works

Using the revised apron plan, AIMS engaged Kamen Engineering to investigate, design and deliver the Technical Specifications necessary to enable Whitsunday Regional Council (WRC) to facilitate a procurement process for the proposed apron works.

The Technical Specification and associated plans have been collated as a tender documentation package and delivered to WCA.

As part of this process, we have had cost estimates prepared that include all site preparation, pavement construction, apron ground and flood lighting and line marking. The cost estimates were provided by Kamen Engineering (pavements and apron ground lighting) and AK Electrical (supply and installation of apron floodlighting).

These follow at Table 2.

## 1.5 TERMINAL

The WCA terminal was doubled in size over 2018 -19 to cater for 2x simultaneous Code C aircraft operations.

As discussed in the Master Plan 2024, there are now regularly 3x large Code C aircraft simultaneously on the ground and as with the apron, there is significant congestion in the terminal. This issue has been identified by Strengths, Challenges, Opportunities and Threats (SCOT) analysis as a threat to the future growth of the airport if not addressed.

As the terminal is made up of many different areas these are each discussed individually for clarity in the following sections.

- Check in
- Aviation Security Screening
- Departures Hall
- Gates
- Baggage Make up area
- Baggage break down (collection)

A plan of the full scope of the proposed terminal works is provided on the following page at Figure 4. It identifies works required in the short term as Priority 1 in yellow, the medium term (within 4 years) as Priority 2 in purple, with Priority 3 works triggered by demand and opportunity, and identified in yellow.

The proposed designs were prepared with reference to the IATA Design Reference Manual reflecting the Optimum Design requirement of 2.3m<sup>2</sup> (see Section 7 – Planning Parameters of the Master Plan 2024).

The designs provided are conceptual but are detailed enough to allow high level cost estimates to have been prepared by the Cost Plan Group. Architectural and engineering design works to verify proof of concept and refine cost estimates are the next stage to progress to these works.

A summary of costs by area and priority follow below.

## 1.6 Check in area.

The check in area regularly suffers from severe congestion in the busy period (see Master Plan 2024 Section 5.5 - Current Traffic Analysis). With existing congestion and the high growth passenger forecast identifying almost 1 million annual passenger seats by the 2034FY, a physical expansion of the check in area is required now.

The entire terminal is designed to be easily extended in either 4, 6 or 8 metre width bays and for the purpose of the check in area extension a 16 x 12m / 192 m<sup>2</sup> extension is suggested that will abut a proposed expansion in the baggage make up area (see Section 1.9 following).

In addition to the physical expansion to the check in area, we investigated the pros and cons of common use self-service (CUSS) kiosks and common use passenger processing (CUPPS) options to possibly aid with speeding up the check in process and relieving queue congestion.

Kiosks can be purchased for between \$15k (smaller fixed units) to \$25k (battery powered portable units) plus installation and freight (typically 20-25% of capital costs). There are also ongoing charges for maintenance, subscriptions between \$2-3k / month and consumables such as generic bag tags, boarding passes etc to consider.

Kiosks are being used less for check in these days, given the advance of mobile phone and airline applications (Apps). However, bag drops with baggage tag printing capability would be highly effective in combination with a physical expansion of the check in hall to provide space and reduce queues. The addition of the bag tag printing capability at the bag drop would be a better option than standalone kiosks to make the best use of the additional hall area provided.

To this end it is proposed that two new common use baggage drops are installed at the eastern end of the expanded check in area. This will assist with reducing queues and will speed up the check in process.

Two bag drops have been estimated along with an extension of 4m to the existing collector belt at a total estimated cost of \$315, 525. This cost has been added to the cost of the check in area expansion provided by the QS.

The proposed works were costed at \$2.12m.

Figure 5: Check in area expansion concept (16m x 12m)

## 1.7 Aviation security screening

The expansion of the departure halls proposed at Section 1.8 will significantly increase the landside security zone (sterile area) at WCA. The biggest related impact on the screening service provider will be the increased time required to establish the sterile area prior to commencing screening and early engagement with the service provider will assist with their preparedness.

The existing passenger screening point is single lane however there is enough space available to revert to a dual lane when queuing times become unacceptable. IATA Level of Service guidance suggests 5-10 mins as an acceptable time range for passing through a screening point. Given WCA is a leisure destination where a positive passenger experience is paramount, the shortest possible period is the preference. The WCA already record and monitor queueing times for this purpose.

The passenger screening point is subject to arriving passenger interference as they enter from the arrival gates (particularly Gate 1) and transit through the pass back. This will be relieved with the additional Gates in the proposed expansion which will provide alternative entrances to the terminal, negating the need to use Gate 1. In the longer term, the eventual addition of the proposed international arrivals satellite terminal at Section 3.1 will provide direct 'inside' access from at least aircraft Bays 5, 6 & 7, by-passing the departure hall altogether.

If the arriving passenger issue continues to impact the screening point, there is an opportunity to provide an attractive nib wall c1.4m high designed to divert incoming passengers around the screening point. With thoughtful design this wall could also provide a shelved area for passengers to repack their items.

The proposed location is shown in purple below, but has not been costed.

Figure 6: Proposed feature nib wall to separate arriving pax from screening traffic.

No issues were identified with the checked baggage screening arrangement. There should be no impact from the proposed existing belt extension in the immediate term. However, there will be a systemic change to outbound baggage processing that will come with the proposed installation of a second loop belt as proposed in Section 2.1.

## 1.8 Departures Hall (Domestic)

As is discussed in the WCA Master Plan 2024 (see S.7 Planning Parameters) there are existing and significant congestion issues in the Departures Hall.

Figure 7 shows the proposed expansion of the Departures Hall which includes a 12 x 36m extension of the existing terminal frontage and the addition of a second hall measuring almost 30 x 20m square and providing 2 additional gates on the lower floor. Both extensions are 2 levels.

The proposed new hall can be separated from the expanded existing hall via an operable wall, as per the original STEA Architects Option 5 International Swing Gate terminal design. This provides the ability to facilitate future international operations via the 85m<sup>2</sup> processing hall positioned airside between Gates 3 and 4.

*Note: Facilitating international operations hinges on the construction of the International Arrivals Hall as seen on Figure 19 and marked as Priority 3 works.*

In a departure from the STEA Option 5 design, both the existing hall expansion and new hall are proposed to be 2 levels. This is recommended for a number of reasons.

- It will provide additional redundancy over the anticipated public space requirements in this area well into the long term.
- Building only one level now will make construction of the second level in the future extremely difficult to manage (operationally) and much more costly.
- When the proposed international swing gate lounge is in operation a significant amount of area will become unavailable for domestic use. With the second level option, upstairs can be used as required to accommodate whichever passenger stream has the greatest operational need by use of the operable walls.
- The operable walls will allow flexibility in way the terminal is generally utilised ie opening and closing of areas, in addition to facilitating international operations.
- In the longer term the second level can provide direct aerobridge access and additional gate options.
- The upstairs expansion out the front of the existing departure gates is suitable for an airline or common use lounge.
- The increased space provided would also accommodate additional food and beverage and/or retail options.
- Second level access is provided via a combination of lift and travelator.

To maintain operational capability, it is proposed that the new arrivals hall to the west would be constructed and completed first. When it is opened all arrivals and departures would transit through the new hall while the expansion of the existing hall is completed. It is anticipated that once these works are completed, existing external wall will come down in a night, to open into the expanded area the following day.

Figure 7: Proposed departures hall expansion concept.

### 1.8.1 Departure Hall Gates

When considering the scope of the Departures Hall expansion common user equipment arrangements were considered at the gates to allow for some flexibility of gate use between airlines.

Initial discussions with services providers identified that the associated costs were in the vicinity of:

- 6 x gate stations \$180,000 (3x double desks at each gate)
- 6x ongoing costs \$1,200/month (subscription etc)
- Installation, cabling, internet access etc (TBC)

Given the proposed Departures Hall expansion will provide a total of 5 lower-level gates the additional and ongoing costs of switching to common use were considered to be better utilised providing dedicated airline gates.

## 1.9 Baggage Make Up Area (BMA)

The BMA baggage belt is often full preventing the ground handling agent (GHA) access for their tugs and baggage carts. This situation will only worsen as more flights come on.

A two-stage approach is proposed to relieve the BMA congestion. The first is identified as a Priority 1 works and this is to extend to existing baggage carousel belt. [The second stage is to install a second pellet loop belt and associated infrastructure, this is identified as a Priority 2 works and discussed in Section 2.1].

It is proposed WCA install a 10m belt extension as the initial upgrade to the BMA. This approach will:

- delay timing pressure to install and maintain a costly second carousel.
- economically provide an increase in access to the belt that will cater for up to four simultaneous aircraft operations.
- introduce the connecting terminal structure required to house the second carousel.

The 336m<sup>2</sup> under roof expansion that is proposed to cover the extended belt will also deliver two rooms suitable for airline or airport offices in the terminal back of house, and abut the check in area extension proposed at Section 1.6

Figure 8: Carousal extension and BMA expansion concept.

## 1.10 SEWERAGE TREATMENT PLANT (STP)

Upgrading the existing sewerage treatment plant (STP) has been already identified as one of the key infrastructure issues requiring urgent resolution at WCA.

WCA already have a plan in place to duplicate the capacity of the existing plant and are currently working closely with the Department of Environment and Science to resolve final design and compliance issues. This plan will be completed as soon as practical.

Estimated STP costs are at Table 4 below with the proposed location shown in Figure 9.

1.11 FUEL FACILITIES

Two additional areas at the airport have been reserved for the purpose of establishing new fuel facilities.

1.11.1 Aviation Fuel

Long prior to the master planning consultation process, the Airlines were indicating to WCA that they would benefit from the introduction of competition for fuel supply. The recent end of the existing fuel supply contract provided an opportunity to introduce this competition, as well as a commercial opportunity to assist WCA in reducing any reliance on passenger fees and charges.

The proposed facility site and development costing and location follows.

| Item | Project                                                                | Cost \$m |
|------|------------------------------------------------------------------------|----------|
| 1.   | New aviation fuel depot area. Site preparations and all-weather access | .35m     |

Figure 10: Proposed new IOR aviation fuel depot site.

### 1.11.2 WCA Fuel

A proposed new automated vehicle refuelling facility is proposed for location on the south side of Lascelles Drive, near the Freight Distribution Centre (FDC) (see

Figure 11).

This facility is required for the convenience of those visiting or returning vehicles to the airport. It is also opportunity for the airport to lessen its reliance on passenger fees keeping the WCA impact on airfare prices as low as practical and in turn, the destination as competitive as possible.

The concept design allows for 30,000L self-bunded tank such as that WRC have previously installed at their Proserpine Works Depot.

It has had a high-level cost estimate as follows.

## 2. PRIORITY 2 WORKS

Priority 2 works include the proposed:

- 1 Duplication of the baggage make up area (BMA) &
- 2 Vehicle access, circulation and parking upgrades.

While the design for the BMA area duplication was investigated, designed and costed, the road traffic solution is a concept designed to offer solutions for the emerging traffic issues that will come with the high growth forecasts. These are discussed following.

### 2.1 BMA - Duplicate Carousel

The proposed extension of the baggage carousel discussed earlier at Section 1.9 provides an economical way to delay the costly exercise of adding, operating and maintaining this second carousel.

However, it is expected that a duplicate pellet loop belt arrangement will be required to accommodate the longer-term forecast growth in passenger numbers. A high-level cost estimate for these works comes in at **\$5.9m** and this work has been given a Priority 2 level based on the interim carousel extension discussed as Priority 1 Works at Section 1.9.

The installation of the second belt will be assisted by the fact that the works completed for extension of the existing belt will have already laid many of the building and ground foundations for the works required, (ie moved the existing fence and gate, expanded the concrete footprint and bought the intersecting terminal structure out).

Figure 12: BMA carousel duplication concept.

## 2.2 VEHICULAR ACCESS, CIRCULATION AND PARKING

This section considers car parking expansion and options, vehicle circulation and ground transport operations.

A broad concept design solution has been developed that has taken into account all of the issues raised through the consultation process and that caters for high growth forecast increase in passenger numbers.

At this stage as a concept design, the cost estimates provided by the Quantity Surveyor make the undertaking of all the proposed works in this section cost prohibitive. However, planning in this area should continue as it is anticipated that additional facilities will be required within the next 4 years.

Specifically, it examines:

- Public parking (short, long and premium options)
- Rental Cars parking and operations
- Set down and pick up areas
- Coach and bus with trailer access and parking
- Options to access to the proposed accommodation precinct
- Staff car parking
- Circulation of traffic with consideration of buildability
- Longer term expansion

Budget is included in the cost estimates to engage traffic movement specialists to refine the concept design.

The entire concept is shown at Figure 13 following and discussed in detail throughout this section.

Figure 13: Vehicle access, circulation and parking upgrades – concept design.

## 2.3 Ground Transport Operations and Loop Road

The existing coach, bus & minivan GTO area regularly suffers from congestion in peak periods.

This conceptual solution provides dedicated parking for 15 coaches (up from 7) with duplicated parking shown on the backside (western side) of the loading area for long term future growth - (this is not included in the cost estimate).

There is an opportunity to improve traffic flow by introducing a loop road that will separate GTO operations from the public traffic, as well as provide access to the public rental car park and proposed new accommodation precinct. Passenger safety and security is enhanced by providing lit covered walkways with solar panels on top, from the terminal to the GTO loading area.

Other notable points of this concept design include:

- Minimising the infrastructure investment needed by working within or near to the current parking areas and using existing boom gate locations.
- Provision of an increased taxi staging area with shelter.
- An additional footpath set down area is provided to allow up to 4 buses with trailers to pull up without having to reverse.
- Introduction a e-Tag readers for ease of GTO and taxi charging.

Figure 14: Loop road and GTO area set down concepts (in yellow).

2.4 Rental Cars

The volume of rental cars now required to meet the demand at the WCA sees many hire car operators relying on informal parking at loosely designated grassed areas around the airport. While fees are charged for this service, the arrangement is visually unattractive, and many of these areas will be required for other purposes if concepts from this Infrastructure Report are pursued.

Grouping all hire cars in a new single dedicated C200 bay area (up from 94 and including 40 premium ready bays) will be more convenient for the operators and users, easier for the airport to control and be more visually appealing for visitors arriving and departing down Lascelles Ave.

Also, it is known that the existing wash bays are not equipped to capture the water used for washing cars and this concept solution provides a dedicated wash bay/maintenance precinct just to the northwest of the rental car parking bays.

*Note: In this costing we have only allowed for clearing and road access to the proposed new wash bay maintenance shed sites.*

## 2.5 Public Parking Areas

### 2.5.1 General

The public car park only operates at high occupancy levels during peak holiday periods and with the withdrawal of Bonza it is anticipated that expansion works originally proposed for the car park within the next 2 years can be safely deferred out to 4.

This proposal includes a necessary reseal to the existing public car park as well as expanding the number of bays to c430 (from c350). It also allows for additional future expansion with a cost estimate provided for this site preparation (clearing) at Section 2.7, Table 11 following, provided to give the option of completing all required site preparation in one effort.

In this concept the design utilises all the existing facilities (boom gates etc) in their current locations. The price estimate includes 15x EV charges, footpaths and covered walkways with solar on top, as well as CCTV coverage for safety and security.

### 2.5.2 Premium

This Report proposes to move the rental car operators to a new location and use their existing site which would be extended to provide a c110 bay premium parking facility.

The premium parking option would be undercover with solar roofs and a security fence around the perimeter to control access. The price estimate includes the provision of 5 EV charges, footpaths and covered walkways with solar on top, as well as CCTV coverage for safety and security.

| Item                               | Project                                     | Cost \$m      |

Figure 16: Expanded public car parking options.

## 2.6 Staff Car Parking.

With more airlines bringing more flights, there are more people coming to work at the WCA. As such consideration must be given to the provision of an increased staff car parking area.

Given the premium location of the existing staff car park at the eastern, or check-in end of the terminal, it is proposed that this area is reserved and kept largely unimproved, for future terminal expansion. A staff car park provides a very easy and economical option to disassemble when the time comes to implement a more permanent & higher use for the existing area, (consider: additional check-in and BMA extensions).

An alternative staff car park is proposed for establishment in the area across Lascelles Avenue, currently used to park overflow hire cars and identified in Figure 17 that follows. This location also allows significant opportunity for future growth to the north towards the proposed accommodation village should it be required in the distant future.

Development of this site will also assist in the required doubling of the sewage treatment plant (STP) site, by clearing the surrounding land and providing a sealed and controlled access point.

For safety appropriate nighttime lighting and a covered walkway to the terminal are provided. For security, boom gates and CCTV are included, plus an e-tag reader for better control of this area. 4x EV charges are also provided in the cost estimates.

## 2.7 Site Preparation (Accommodation Precinct and Car Park Expansion)

Site preparation for each of the car park related elements already discussed has been included in their individual cost estimates.

Given the plant and equipment would already be on site it is proposed that the site preparation for the long-term car park growth expansion area and the proposed accommodation precinct (neither of which are proposed for development at this time) take place while other works proposed in this section are under way.

See Figure 18 that follows to identify these sites.

### 3. PRIORITY 3 WORKS

#### 3.1 International Arrivals Hall

In keeping with the STEA Architects Option 5 design for international operations, a 2 level international arrivals satellite hall and departing passenger facility have been proposed for construction. This area has been identified as Priority 3 works (triggered by demand) and is identified with yellow fill at Figure 19 below.

The appropriate separation of international passengers from domestic is achieved through the use of operable walls. For departures passengers will pass through the screening point with additional LAGS screening to be carried out in a purpose-built processing area between Gates 3 & 4.

The next step in this process is engagement with key stakeholders to confirm the operational capability of the design. Once confirmed the engagement of architects to refine the design is the next step forward.

When not being used as an international hall this hall can be used as an arrivals hall conveniently located for aircraft parking Bays 5 & 6.

The 2x international processing halls have been costed by the Cost Plan Group at \$17.6m.

Figure 19: International arrivals and departure processing halls (in Yellow Priority 3)

## 3.2 Revised Taxiway Systems

### 3.2.1 Dual Taxiways

It is proposed that a second perpendicular TWY linking the RWY to the proposed western expansion of the ATO apron (see Figure 3 of this Report) would be an effective means of improving aircraft manoeuvrability on the ground at WCA. This arrangement is referred to as a dual TWY system.

ICAO considers that a dual TWY system works well for airports with up to 25 movements within the busy hour. Given their comparatively low cost when compared to a full parallel TWY, it is an attractive solution to future congestion brought about by increased aircraft movements. It could be particularly effective if constructed in unison with the parallel link TWY proposed at Section 3.2.2 following.

This dual TWY system will provide WCA:

- The ability for 2 aircraft to simultaneously taxi between the apron and RWY.
- The benefit of an earlier exit off the RWY following a landing from the south-east (RWY 29).
- The introduction of intersection departure points (for some aircraft types)
- A spread of operational wear and tear over 2 TWY's.
- Apron access redundancy if one TWY needs to be closed for repair or maintenance.
- An additional emergency parking bay (once appropriately closed)

### 3.2.2 Parallel Link TWY

The construction of a parallel (to the RWY) TWY linking TWY A to the proposed second perpendicular TWY would provide significant additional manoeuvring area for aircraft.

The potential to use this link TWY for short term/emergency parking should be considered when finalising the design for the second perpendicular TWY, to ensure significant clearances are maintained between aircraft on the link TWY and aircraft using the dual TWY's.

The dual perpendicular TWY with parallel link concept can be seen at Figure 20 following.

The proposed new TWY system is costed collectively as it is anticipated that they would be constructed simultaneously to reduce costs and operational interruptions.

Table 12: Construction of dual and link TWY's cost estimates

| Item                                                                                                                                 | Project                                  | Cost \$m |

Figure 20: Proposed perpendicular and link taxiways.

### 3.2.3 Movement Area Guidance Signs

The introduction of a more complex TWY system (such as discussed in the previous section) should be supplemented by information movement area guidance signs (MAGS).

This would for example, reduce the risk of a pilot mistakenly turning down TWY A instead of TWY C (assuming this is the designation given to the proposed perpendicular TWY)

MAGS are a MOS requirement (S8.79 (6)) if intersection departures are to be formalised in the AIP. In anticipation of the future introduction of ATC, MAGs with Instructions should be considered in the context of nighttime illumination (ie provision of electrical feeds).

## 4. OTHER WORK (CONCEPTS)

### 4.1 Corporate Apron

As part of the master planning process a location for a fourth aircraft parking apron option has been identified to the east of the ATO apron and west of the two GA aprons (see Figure 21 that follows).

For discussion purposes this apron is conceptually known as the Corporate Apron.

The proposed site for the corporate apron is approximately 2 metres below the height of the adjacent ATO apron to the immediate west. Construction of the corporate apron is proposed at its existing ground level given the significant amount of fill that would be required to bring it up to the ATO apron height.

This approach will also negate the need to raise the adjacent servicing landside area for future hanger or access road construction.

These are not insignificant works, but they would present the following opportunities:

- Additional larger aircraft parking options, off the ATO apron.
- The potential to attract corporate aircraft and their high yield passengers.
- The possibility of attracting new commercial tenants such as a fixed based operator (FBO).
- The ability to service dedicated small Code C freight aircraft, in efficient proximity to the Freight Distribution Centre.
- Use as a vertiport facility if/when advanced air mobility and unmanned aerial vehicles (UAV's), become common use as Taxi's or freight deliverers (appropriate charge stations should be considered for future electric aircraft)
- The ability to cater for a large range of Defence Force aircraft.
- The ability to move larger aeromedical operations off the ATO apron.
- The ability to provide an isolated heavy helicopter parking bay.

To access the corporate apron with larger aircraft approximately 300m of TWY B would need to be upgraded from Code A to Code C design with a new link TWY required between the upgraded TWY B and the Corporate Apron.

For the purpose of cost estimations, the Gulfstream 8 aircraft was selected as the critical aircraft for the Code C pavement design for TWY B. ie 15m wide with a weight bearing of up to 47.5 tonne.

Of course, this development like all others proposed for the airport would have to be assessed on its merits and ability to offer an adequate return on investment before detailed planning occurs.

It would most likely gain momentum if a significant anchor tenant, such as a Fixed Base Operator (FBO) could be attracted to service regular corporate aircraft movements and their high income passengers into the region.

Cost estimates for the construction of an upgraded TWY B, link TWY and corporate apron follow at Table 13.

\*This is an indicative price based on the concept drawing above. To reduce costs the size of the corporate apron could be further refined and developed in stages. The landside area could also be developed in stages as required, beginning with a simple access road and parking bays designed to service Corporate Apron users.

## 4.2 Freight Distribution Centre Expansion

In alignment with both the WCA Objectives and the WRC Regional Economic Development Strategy (2022-2025), WCA opened its' Freight Distribution Centre (FDC) in 2022.

The FDC is poised to expand its freight operations significantly as negotiations with the remaining airlines not yet contracted for freight come to an anticipated successful conclusion.

The current plan for short term FDC expansion is to move the co-sharing grounds maintenance team's plant and equipment to a near-by purpose-built facility.

In the long term it is anticipated that the future FDC will add rail and road capability as originally envisioned in the 2015 Master plan as the International Export Hub. The existing FDC building would remain operational as the distribution point for all ATO carried freight.

The fully expanded FDC is anticipated to reflect the concept design following. This concept was not costed.

Figure 22: Fully developed Freight Distribution Centre (FDC) concept drawing

### 4.3 GA Expansion to the east

TWY B is currently a Code A, 7.5m wide x 760m long TWY, with no ground lighting and is limited to aircraft below 5,700 kg's maximum take-off weight (MTOW).

The initiation of any proposed aviation developments to the east hinges on TWY B as the pavement link between the general aviation (GA) area and RWY 11/29.

The opportunities that an upgraded TWY B could bring the WCA are many, but they all come with significant cost. Not surprisingly, the more new infrastructure provided, the more opportunities that present, but even the "do-nothing" option requires a pavement overlay in the short term, and this maintenance alone does nothing to diversify or expand the usability of the GA area.

Given the previous conflicts between GA and ATO aircraft operations at the WCA it may be practical to consider any new GA development be undertaken at WRC's certified airport at Bowen, (this is discussed at Section 5.7.2 - GA Development Opportunities in the Master Plan 2024)

However, in the other extreme, the following drawing at Figure 23 is one concept of what a fully developed GA area might look like at the WCA. It is provided to generate discussion and for use to showcase possible layouts in response to future commercial development enquiries made to the airport.

The opportunities identified in Figure 23 would require the following upgrades to TWY B.

- 300m upgrade to Code C
- a realignment upgrade to Code B and 1200m extension:

These works will provide

- (i) Access to a proposed new Corporate Apron for servicing:
  - dedicated freighters
  - corporate jet
  - drone use (taxi, freight etc)
  - medivac and
  - defence force
- (ii) A commercial precinct with airside/landside access for aeronautical related development.
- (iii) A landside commercial precinct providing lower cost lots for non-aeronautical development.
- (iv) A GA precinct providing hanger lots for development by tenants.
- (v) An extended GA and drone parking area (utilising the old TWY B)
- (vi) A dedicated helicopter precinct
- (vii) A realigned ARFF road to enable the expansion of the airside area and provide access to landside developments.
- (viii) Dedicated freight aircraft direct access to the fully developed Freight Distribution Centre
- (ix) A strengthened TWY for unrestricted use by the ARFFS tenders.

An artistic impression of these potential developments follows at Figure 23.

Note that a high cost estimate was provided for these works that came back at an estimated \$260m.

## 11.10 - Councillor Related Policies Review

**MEETING DETAILS:** Ordinary Council Meeting - Wednesday 25 September 2024

**AUTHOR:** Manager - Governance and Administration Services

**AUTHORISING OFFICER:** Director Corporate Services

---

### PURPOSE

To review the Councillor related policies in alignment with Council's recently adopted Policy Framework.

### EXECUTIVE SUMMARY

Council has undertaken a complete review of all its Councillor related policies, and the policies are being presented for Council's consideration. Some policies have no changes, some have changes which are identified in the report and some policies are being recommended for deletion.

The policies that are recommended for adoption were workshopped with Councillors and independently reviewed by Local Government Association Queensland to ensure practicality and adherence to legislative requirements.

The proposed policies were also reviewed by Council Lawyers to ensure compliance to legislation.

### OFFICER'S RECOMMENDATION

That Council

1. Adopt the following policies
  - a. Councillor Acceptable Requests Guidelines, as shown in **Attachment 1**
  - b. Councillor Expenses and Resources Policy, as shown in **Attachment 2**
  - c. Entertainment and Hospitality Policy, as shown in **Attachment 3**
  - d. Councillor Conduct Investigations Policy, as shown in **Attachment 4**
  - e. Social Media Policy, as shown in **Attachment 5**
  - f. Media Relations Policy, as shown in **Attachment 6**
  - g. Councillor Roles in development matters, as shown in **Attachment 7**
2. Rescinds the following policies
  - a. Gifts, Benefits Policy, as shown in **Attachment 8**
  - b. Related Party Disclosure Policy, as shown in **attachment 9**
  - c. Confidentiality for Councillors Policy, as shown in **attachment 10**
  - d. Private Email and Social Media Platforms, as shown in **attachment 11**

### BACKGROUND

The Quadrennial Local Government elections were conducted in March 2024, and a new Council was elected for the 2024-28 term. As one of its priorities Council reviewed and adopted a new policy framework and committed to review all the Councillor related policies to set the tone and protocols for the rest of the term for Council. The Councillor related policies have been reviewed and are presented for Council's consideration.

## DISCUSSION/CURRENT ISSUE

In undertaking this review the following approach was taken:

- Obtaining Clear Council Direction.
- Statutory (Legislation) driven – Head of Power.
- Utilised Department of Local Government and LGAQ policy models templates (where available).
- Followed Local Government best practice.
- Separated Councillors related matters and employees related matters.
- Consolidated policies where possible

### Policies with no changes

The Councillor Roles in development matters has been reviewed and there are no recommended changes other than formatting changes. This policy is to be re-adopted under the new framework, with only minor formatting changes and no changes to the content or application of the policy:

### Policies with changes

The following policies have been reviewed in consultation with the Councillors and the suggested changes are detailed below:

#### Councillors Acceptable Request Policy, refer to **Attachment 1**

**Purpose:** Section 170A (7) of the Act requires that Council adopts Acceptable Requests Guidelines about the way in which a Councillor may ask local government employees for advice to help them carry out their responsibilities under the Act. Section 170A (7) (a) Sets out the guidelines for requests for assistance, advice or information by Councillors to local government employees to assist Councillors to carry out their responsibilities under the Act. Section 170A (7) acceptable requests guidelines are guidelines, adopted by resolution of the local government.

#### Proposed Changes

- Contact point for Councillors aligned with Functional Lead within Council who has overall ownership and responsibility of the relevant function.
- Removal of reference to non-existent Council positions
- Removal of appendix 2 which contained Council roles and positions
- Response times aligned with legislative timeframes

#### Councillor Expenses and Resources, refer to **Attachment 2**

**Purpose:** To meet the requirements of section 250 of the Local Government Regulation 2012 which requires that Council adopt an expenses reimbursement policy. Parameters to authorise payment of reasonable expenses incurred, or to be incurred, by Councillors; and provide resources including administrative support to assist Councillors to discharge their duties and responsibilities. S 250 (1) of the LGR, A local government must adopt an expenses reimbursement policy. S250 (2) LGR A local government may, by resolution, amend its expenses reimbursement policy at any time.

#### Proposed Changes

- Clarification of Head of Power

- Defined Policy Statement
- Clarification of councillor administrative resource
- Inclusion of legal costs coverage and reimbursement
- Expansion of 'Council business' definition to include community external groups meetings/events
- Addition of requirement to align Purchasing cards and financial delegations
- Expansion of Council vehicles usage into neighbouring Councils for Council business

#### Entertainment and Hospitality, refer to **attachment 3**

The purpose of this policy is to ensure compliance with section 196 of Local Government Regulation 2012 (the Regulation) and that Council's expenditure in relation to entertainment or hospitality is reasonable and appropriate. To ensure that public sector standards of accountability are maintained and that there is consistency in the way that entertainment and hospitality expenditure is administered.

Under section 196 of the LGR - A local government must prepare and adopt a policy about the local government's spending on entertainment or hospitality (an entertainment and hospitality policy). All entertainment and hospitality expenditure must meet reasonable community expectations of an effective local government advancing the common good. A local government may spend money on entertainment or hospitality only in a way that is consistent with its entertainment and hospitality policy.

#### Proposed Changes

- Alignment to model template
- Clarification of Head of Power
- Approvals for spending as follows:
  - a. Council officers may not authorise their own spending
  - b. Spending by a Council officer must be authorised by the officer's supervisor/manager
  - c. Spending by the Chief Executive Officer must be authorised by a member of the Executive Leadership Team or the Mayor
  - d. Spending by a Councillor must be authorised by the Mayor, Chief Executive Officer, or the appropriate Director
  - e. Appropriate documentation must be supplied when claiming reimbursement for expenses incurred (e.g. tax invoices, receipts etc.); and
  - f. Where there is some doubt about the validity of claiming particular spending, the principles of this policy should be used to make the determination.

#### Councillor Conduct Investigations, refer to **Attachment 4**

**Purpose:** Section 150AF of the Local Government Act 2009 identifies how Council deals with suspected inappropriate conduct of Councillors referred by the Office of the Independent Assessor (OIA) to the local council. It states the process for investigating suspected inappropriate conduct of councillors referred to council by the OIA. And further states the circumstances in which an entity other than council may investigate the conduct.

#### Proposed Changes

Department of Local Government provides a template for this policy, and this template was recently updated as follows:

- any recommendations from the IA made under section 150AC(3)

- the investigation policy itself, where it is not inconsistent with the IA's recommendation (section 150AF(2)(a))
- any other way of investigating that the local government decides by resolution (section 150AF(2)(b))
- section 150AF(3) requires that the resolution states the decision and reasons for the decision to conduct the investigation in another way.

#### Social Media Policy, refer to **Attachment 5**

**Purpose:** The Public Records Act 2002, Information Privacy Act 2009, Local Government Act 2009 all identify a policy is needed. This is to set out the standards of behaviour expected in relation to professional use of social media on behalf of Council, and the use of social media by Council employees and Elected Members

#### Proposed Changes

- Alignment to Department of Local Government policy template
- Removal of procedural information from policy
- Rescind Private Email and Social Media Platforms Policy, and content incorporated into this policy

#### Media Relations, refer to **Attachment 6**

**Purpose:** This Policy is required under the Local Government Act, section 9, to establish protocols for managing communication between the Council and the media to ensure coordinated, coherent, accurate and reliable presentation of Council information, so that Council maintains credibility, integrity and customer confidence, and Council's corporate values and brand are reinforced.

#### Proposed Changes

- Alignment to Department of Local Government policy template
- Scope redefined
- Inclusion of record keeping and compliance requirements

#### Policies to be deleted

The following policies have been reviewed and are not required as the content in the policies is considered to be adequately covered by legislation and represents duplication of matters covered in legislation:

- Gifts, and Benefits Policy – covered by legislation (to be rescinded)
- Related Party Disclosure Policy – covered by legislation (to be rescinded)
- Confidentiality for Councillors Policy – covered by code of conduct (to be rescinded)
- Private Email and Social Media Platforms – incorporated into Social Media policy (to be rescinded)

## **FINANCIAL IMPLICATIONS**

All Councillor spending associated with the proposed policies, is budgeted for in the 2024-25 budget

## STATUTORY/COMPLIANCE MATTERS

*Section 9(1) Local Government Act 2009*, A local government has the power to do anything that is necessary or convenient for the good rule and local government of its local government area.

## RISK ASSESSMENT/DEADLINES

It is important to regularly update and review policies to ensure they remain current. During the review risk is mitigated by referring to the latest legislation, standards and guidelines relevant to Council business.

Once this review is complete and policies are updated, policy owners are responsible for:

- Communicating changes
- provide all Councillors and employees with access to the updated documents
- arrange training, as needed and if required

Outdated policies can leave Council at risk. Old policies may fail to comply with new laws and regulations. They may not address new systems or technology, which can result in inconsistent practices.

## STRATEGIC IMPACTS

Corporate Plan Reference:

Lead and coordinate the organisation's corporate governance and risk management, in addition to the delivery of efficient and customer focused administration support for the organisation to ensure high levels of performance and compliance.

Support the organisation in ensuring appropriate compliance with legislation and to support the elected council in its decision-making processes and obligations as a local government.

## STRATEGIC POLICY: Elected Members

### Councillors Acceptable Request Policy

Endorsed by Council

8 June 2022

## 1. Purpose

- 1.1 This policy establishes the way in which Councillors are expected to interact with Employees. This Policy also incorporates the acceptable requests guidelines as required by section 170A(7) of the *Local Government Act 2009 (Qld)*.
- 1.2 Councillors and Employees must be able to interact to deliver positive outcomes for the community. However, the divide between Councillors and the Council organisation comprised of Employees established by the LGA must be respected.
- 1.3 It is important that the right balance is achieved to ensure:
  - 1.3.1 constraints on the flow of information are not unduly onerous;
  - 1.3.2 Council Employees' time and resources are appropriately respected;
  - 1.3.3 appropriate controls are in place to protect both Council Employees and Councillors; and
  - 1.3.4 the principles of good governance are respected.

## 2. Scope

- 2.1 This policy applies to all Councillors and Employees.
- 2.2 However, nothing in this policy overrides or derogates from the Mayor's power to direct the CEO pursuant to section 170 of the LGA.

## 3. Policy Statement

### Acceptable Requests Guidelines Outline

- 3.1 Councillors may seek advice or information from Employees in order to perform their responsibilities under the LGA.
- 3.2 To maintain the integrity of the relationship between the elected and administrative elements of Council, this policy specifies:
  - 3.2.1 the way in which Councillors may request advice or information from Employees, including the reasonable limits on requests that a Councillor may make;
  - 3.2.2 the Employees who may respond to requests; and
  - 3.2.3 the manner in which Employees are to respond to Councillor requests.

### General Requirements For Requests

- 3.3 When asking for advice or information, Councillors must:

## STRATEGIC POLICY: Elected Members

### Councillors Acceptable Request Policy

Endorsed by Council

8 June 2022

3.3.1 act in accordance with the LGA (particularly section 170A), Local Government Principles and Code of Conduct for Councillors in Queensland;

3.3.2 not direct, or attempt to direct an Employee to do anything;

**[Note: Section 170(3) prohibits a Councillor directing an Employee, other than the Mayor directing the CEO. It is misconduct to breach this prohibition.]**

3.3.3 not behave towards an Employee in an overbearing or threatening manner;

3.3.4 not coerce or entice, or attempt to coerce or entice an Employee to do anything that does not comply with these Guidelines;

3.3.5 not unduly disrupt or burden an Employee in the undertaking of that Employee's routine employment obligations;

3.3.6 not place, or attempt to place, an Employee in a position that would create a conflict of interest for that Employee, or that would compromise the integrity and honest performance of that Employee;

3.3.7 comply with all laws that apply to Council, as well as Council's policies, procedures and guidelines;

3.3.8 not breach or request an Employee directly or indirectly breach any confidentiality obligations under legislation, particularly in circumstances where information is not to be disclosed by Councillors (for example, the *Information Privacy Act 2009*, *Crime and Corruption Act 2001*, *Public Interest Disclosure Act 2010* and the *Workers Compensation and Rehabilitation Act 2003*);

3.3.9 during the caretaker period not request advice or information that involves or relates to major policy decisions of Council or which will result in or be likely to result in any inappropriate political gain or advantage for the Councillor (as per sections 90A – 90D of the LGA);

3.3.10 act in good faith; and

3.3.11 be respectful, reasonable and professional.

3.4 Councillors should be aware that any request for advice or information and response provided may be subject to disclosure if an application for access is made under the *Right to Information Act 2009*.

3.5 Councillors may request advice or information with assistance from an allocated Councillor Support Officer. However, when doing so, the Councillor Support Officer should not be utilised in a way to deliberately circumvent the requirements of this policy.

### How A Councillor Can Make A Request For Advice Or Information

3.6 A Councillor may ask:

## STRATEGIC POLICY: Elected Members

### Councillors Acceptable Request Policy

Endorsed by Council

8 June 2022

- 3.6.1 for information - the CEO (only) for information that Council has access to, relating to Council; or
- 3.6.2 for advice - the CEO or relevant Function lead for advice to assist the Councillor to carry out his or her responsibilities under the LGA.
- 3.7 A Councillor may ask for advice or information by lodging the request either:
  - 3.7.1 via a Councillor Support Officer;
  - 3.7.2 via email;
  - 3.7.3 via telephone; or
  - 3.7.4 in person.
- 3.8 The CEO or Function Lead may require that the request be made (or remade) in writing to ensure that the request is able to be fulfilled and meets the requirements of this policy and the LGA.

#### Process For Requests

- 3.9 Requests for advice or information will be managed by assigned Councillor support staff and sent to the most appropriate Employee for response.
- 3.10 Requests will be acknowledged by the relevant employee and responses should be provided in accordance with section 170A of the LGA, being:
  - 3.10.1 within 10 business days of receiving the request; or
  - 3.10.2 if it is not practicable to comply with the request within 10 business days, within 20 business days after receiving the request. For complex matters, an interim response (to the extent possible) should be provided within 10 business days.

#### Service Requests

- 3.11 Service requests made by residents or by Councillors on behalf of residents are not considered requests for advice or information.
- 3.12 Where the Councillor has made a request on the status, and/or the process to be followed for the actioning of a service request, this is considered a request for advice.

#### Reasonable Limits On Requests For Advice Or Information

- 3.13 A Councillor may not ask for information:
  - 3.13.1 that is capricious or which will place an unreasonable burden on Council's resources;
  - 3.13.2 that is a record of the conduct tribunal or former conduct review body;

## STRATEGIC POLICY: Elected Members

### Councillors Acceptable Request Policy

- 3.13.3 if disclosure of the information to the Councillor would be contrary to an order of a court or tribunal;
- 3.13.4 that would be privileged from production in a legal proceeding on the grounds of legal professional privilege;
- 3.13.5 that would disclose personal information, including employees' bank accounts details, child support deductions or tax file number;
- 3.13.6 which is protected under legislation, including information that:
  - 3.13.6.1 relates to a public interest disclosure under the *Public Interest Disclosure Act 2010*;
  - 3.13.6.2 is confidential information under the *Crime and Corruption Act 2001*;
  - 3.13.6.3 is about matters relating to the conduct of any councillor pursuant to Part 3, Chapter 5A of the LGA; and
- 3.13.7 that is a record in relation to an Employee's recruitment and performance with the exception of the recruitment and performance of the CEO.

### Provision Of Documents Or Information In Response To Requests

- 3.14 In line with Council's commitment to the environment and a reduction in paper usage, access to electronic copies of documents only will be provided wherever possible. However, there may be circumstances where it is appropriate for Council to provide a paper copy only, including for documents where no electronic copy exists, or due to the sensitivity of the document.
- 3.15 Councillors must be aware of their responsibilities under the Act regarding the sharing or further distribution of advice or information. The right of Councillors to have access to information is for the purpose of exercising the roles and responsibilities of a Councillor. It does not carry with it the right to disclose any information obtained by a Councillor to another person, unless the information is already publicly available.
- 3.16 While not every document will be considered 'Confidential', Councillors should be aware that information provided may contain confidential material and should be handled appropriately to ensure that Council maintains its reputation and good standing within the community.

**[Note: Section 171 of the LGA makes it an offence to use information acquired as a Councillor to gain a financial advantage for the Councillor or another, or to cause detriment to Council. It is misconduct to release information that a Councillor knows, or should reasonably know, is information that is confidential to Council.]**

- 3.17 Providing details of discussions held with Employees regarding Council projects, internal policy considerations or technical opinion with third parties is prohibited.

## STRATEGIC POLICY: Elected Members

### Councillors Acceptable Request Policy

Endorsed by Council

8 June 2022

3.18 Councillors must not by-pass the provisions of the *Right to Information Act 2009* by providing members of the public with information made available to a Councillor as an elected representative that is not already publicly available.

*[Note: The Right to Information Act 2009 provides important safeguards for the release of Council information, including exemptions, public registers of released documents and cost recovery. The purpose of this restriction is not to prevent the release of information, but to ensure information is released in accordance with Council's processes.]*

3.19 Councillors should ensure that hardcopy documents provided by Council are kept secure at all times and securely destroyed when the documents are no longer required.

#### Provision Of Documents Or Information Relating To Reports To A Committee Or Council

3.20 Where a request for the provision of advice or information relates to a matter on an upcoming agenda of a committee or Council meeting, the response must be provided to all members of the relevant committee or Council.

3.21 The timing of responses to requests in relation to items on an agenda of a committee or Council should have consideration to the meeting date and prioritise providing the advice or information in advance of the meeting.

#### 'View Only' Access To Documents

3.22 Council may have documents which, due to their nature, cannot be shared (electronically or in hardcopy) with Councillors, but can be viewed by Councillors.

3.23 Where 'view only' access to documents is the preferred option available for requested documents, Councillor Support Officers will organise a suitable time in a meeting room.

3.24 Appropriate reasons to only allow 'view access' to a Councillor include if:

- 3.24.1.1 a document is of historical significance and could be damaged if copied or scanned;
- 3.24.1.2 copying or scanning a document would unreasonably divert the resources of Employees (e.g. due to length or complexity);
- 3.24.1.3 a document cannot be copied or reproduced by law or agreement;
- 3.24.1.4 the contents of the document are considered by the CEO to be of such a confidential or sensitive nature, that a risk could arise in the provision of the document in hardcopy or electronic format.

#### Request A Review

3.25 If a Councillor is not satisfied with a response to their request for advice or information, the Councillor may ask the CEO for a review. That review shall be undertaken by CEO's nominee under Council's Complaints Management Policy.

## STRATEGIC POLICY: Elected Members

### Councillors Acceptable Request Policy

Endorsed by Council

8 June 2022

- 3.26 Councillors must not directly contact an Employee regarding a complaint about a request for advice or information. All complaints must be directed to the CEO.

#### Customer Requests

- 3.27 Where a community member/customer is unwilling or unable to contact Council directly, a Councillor may submit a request for support on their behalf via Councillor Support Staff.
- 3.28 Community members/customers will not receive preferential treatment by lodging service requests via Councillors. Any requests raised through this channel will be processed in accordance with usual service level standards.
- 3.29 Council must endeavour to keep the requesting Councillor informed of how the request is being dealt with to the extent possible.

#### Raising A General Operational Matter With Council

- 3.30 If a Councillor has identified an ordinary operational matter, (e.g. reporting a pothole, missed bin service or submitting an application) that requires attention, the Councillor may raise this request via any existing channels available to external customers and also via the allocated councillor administrative support.
- 3.31 In these circumstances the Councillor is considered to be a customer. The same service level standards that apply to external community members/customers will be applicable for these issues.

#### Complaints Regarding Operational Performance

- 3.32 Feedback from the community regarding operational performance is an important aspect of a Councillors legislated role of monitoring the performance of Council.
- 3.33 If a community member raises a concern with the performance or service provided by Council, the Councillor should in the first instance raise the concern with the CEO or Function Lead.
- 3.34 Councillors must be mindful of adopted service response standards when monitoring service requests. Under no circumstances is it acceptable for a Councillor to directly contact an Employee regarding a complaint about operational performance.
- 3.35 Where the complaint is about a decision or action taken by Council's administration, the complainant should be directed to make a complaint under Council's General Complaints Management Policy.

#### Emergency And After Hours Service

- 3.36 Councillors should use the after-hours emergency service process if they become aware of an after hours emergency. This will ensure the effective operation of the afterhours service as well as duty of care for on call Employees.

## STRATEGIC POLICY: Elected Members

8 June 2022

3.37 When an issue arises after-hours that is not an emergency, but is of such urgency that to delay contact would bring harm to Council or damage the reputation of Council, Councillors may contact the CEO or relevant Function Lead.

#### Suspected Breaches Of Policy

3.38 A breach of this policy by a Councillor may constitute a breach of the Code of Conduct for Councillors in Queensland. The Office of the Independent Assessor is the responsible agency for complaints about the performance or conduct of a councillor in Queensland.

3.39 A breach of this policy by Employees may constitute a breach of the Employee Code of Conduct is and is reported to the relevant Director who is to handle the complaint in accordance with adopted Council process.

### Councillor Expenses and Resources

Endorsed by Council

8 July 2020

## 1. Purpose

- 1.1 Section 250(1) of the Local Government Regulation 2012 (Qld) requires Council to adopt an expenses reimbursement policy. Section 249(2) of the LGR states that an expenses reimbursement policy provides for the following:
  - 1.1.1 payment of reasonable expenses incurred, or to be incurred, by councillors for discharging their duties and responsibilities as councillors;
  - 1.1.2 provision of facilities to councillors for that purpose.
- 1.2 This policy responds to the requirement of sections 249 and 250 of the LGR and in doing so, provides a basis for supporting Councillors and reimbursing them for expenses reasonably and legitimately incurred in performing their roles as the elected members of the Council.

## 2. Scope

- 2.1 This policy applies to Councillors and sets out specific guidelines for the reimbursement of legitimate expenses incurred or to be incurred by a Councillor while carrying out Council Business. It also deals with the provision of administrative support to enable Councillors to discharge their duties and responsibilities.
- 2.2 This policy does not provide for, or add to, the remuneration received by Councillors for the performance of their roles. Councillors remuneration is determined by the Local Government Commission and as such, falls outside the scope of this policy.
- 2.3 Where a Councillor has special needs or suffers from some form of impairment, the special access and equity needs of the Councillor may result in the provision of additional support or other changes to this policy as required.

## 3. Policy Statement

- 3.1 Council is committed to ensuring that Councillors are not financially disadvantaged in the conduct of their role. This policy underpins that commitment by providing that reasonable expenses incurred by Councillors in carrying out their duties and responsibilities will be reimbursed. This policy also sets out the facilities and resources that Council will provide to Councillors.
- 3.2 The payment or reimbursement of expenses and the provision of facilities and resources for Councillors will be:
  - 3.2.1 open and transparent;
  - 3.2.2 financially responsible and accountable;

- 3.2.3 based on ensuring economy and efficiency;
- 3.2.4 subject to budget provisions; and
- 3.2.5 in accordance with all statutory requirements.

3.3 This policy has been written to reflect the following underpinning principles:

- 3.3.1 the use of public money must be in the public interest;
- 3.3.2 the allocation of Council resources must be fair and reasonable;
- 3.3.3 public disclosure of policy and resolutions promotes transparent decision making; and
- 3.3.4 Councillors must accept accountability for their expenditure and use of facilities.

## 4. Guiding Principles – General

### Budget Provisions

- 4.1 An entitlement budget will be allocated to each Councillor each financial year for reasonable expenses incurred under this policy.
- 4.2 Budget allocations are available for one financial year only. Unspent funds in a single financial year will not be carried over to the next financial year.
- 4.3 All entitlements under this policy are subject to Council's budgetary constraints.

### Professional Development

- 4.4 Councillors are encouraged to undertake relevant Professional Development, including conferences, seminars and training.
- 4.5 Council will organise and pay for business costs for Professional Development where the activity level is reasonable, and the activity is:
  - 4.5.1 directly related to a Councillor's official duties; or
  - 4.5.2 organised by a government agency or an industry body (e.g. LGAQ, ALGWA).
- 4.6 Requests by Councillors to attend Professional Development are to be made in writing to the CEO outlining the details of the event and the benefits to Council.
- 4.7 Any funds expended at the event on personal pursuits will be payable by the Councillor from private funds.

### Council Business

- 4.8 To be entitled to reimbursement under this policy, expenses must be incurred conducting Council Business.

## STRATEGIC POLICY: Elected Members

### Councillor Expenses and Resources

Endorsed by Council

8 July 2020

- 4.9 Any expenses of a personal nature are not reimbursable. Expenses of a personal nature include, but are not limited to:
- 4.9.1 tourism related costs;
  - 4.9.2 social events;
  - 4.9.3 in-flight and in-house movies;
  - 4.9.4 Mini bar purchases;
  - 4.9.5 Airline club fees;
  - 4.9.6 Alcohol not consumed as part of a meal; and
  - 4.9.7 Payment of costs associated with the return of personal items which have been left behind.

## 5. Guiding Principles – Travel Expenses

### Travel Expenses Generally

- 5.1 Council will reimburse travel expenses where travel is undertaken for Council Business.
- 5.2 All requests for travel are to be made in sufficient time to gain the required approval and to take advantage of travel discounts and deals.
- 5.3 The following approval required to incur travel expenses:
  - 5.3.1 local and interstate travel – CEO approval;
  - 5.3.2 international travel – a resolution of Council
- 5.4 Economy class air travel is the standard. Where flight time exceeds five hours, the Mayor is eligible for Business Class travel and other Councillors are eligible for Premium Economy class (or equivalent).
- 5.5 Councillors are required to travel by the most direct and cost effective route available.

### Meals

- 5.6 Council will reimburse the actual cost of meals associated with Council Business, when:
  - 5.6.1 the Councillor incurs the cost personally;
  - 5.6.2 the councillor can produce original documents sufficient to verify the actual meal cost (e.g. tax receipt); and
  - 5.6.3 the expenses are reasonable.

- 5.7 Reimbursement will be limited to a maximum of the ATO guidelines for meal allowance except for in exceptional circumstances (e.g. entertaining in an unusually expensive location outside the region) and approved by the CEO.
- 5.8 The prior approval of the CEO must be obtained for the reimbursement of costs of alcohol consumed with a meal. The CEO may place conditions on approval (e.g. financial limits).
- 5.9 Tips and gratuities are not reimbursable unless the meal is in a foreign country and there is a recognised cultural expectation that a tip will be provided. The prior approval of the CEO must be obtained for the reimbursement of tips and gratuity costs.

*[Note: Such approval is expected to be sought when travelling to countries with a tipping culture, e.g. the United States of America.]*

#### Accommodation

- 5.10 Councillors are entitled to accommodation when it is necessary having regard to the length of travel for Council Business. Councillors are entitled to stay in accommodation to a standard of 3/4 stars or equivalent. However, where practical, Council will book accommodation offered as part of a conference package (which may exceed the 3/4 star standard).
- 5.11 Council will book and pay for accommodation in accordance with this policy.
- 5.12 Where a Councillor chooses to stay with friends or family, no accommodation expenses will be paid.
- 5.13 Councillors may be reimbursed for reasonable incidentals associated with accommodation in accordance with this policy, up to a maximum of the ATO guidelines.

#### Parking and transport

- 5.14 Councillors may be reimbursed for parking or transport (public transport, taxis, etc.) when conducting Council Business outside the Whitsunday Region.

*[Note – vehicles for travel within the Whitsunday Region are dealt with separately in this policy]*

- 5.15 Any fines or infringements issued while undertaking such activities are the personal responsibility of the Councillor incurring the fine.

#### Spouses, partners and family members

- 5.16 Councillors are not entitled to reimbursements for expenses incurred for spouses, partners or other family members without the prior approval of the CEO.
- 5.17 Where Council has incurred unapproved costs for spouses, partners or other family members for the sake of expediency (e.g. booking flights), the expense associated with

spouses, partners or other family members must be reimbursed to Council within 10 business days.

## 6. Guiding Principles – Other expenses

### Advertising

- 6.1 Councillors are not entitled to be reimbursed or provided with funds, services or facilities for advertising purposes.

### Alcohol

- 6.2 Councillors are not entitled to be reimbursed or provided with funds for the purchase of alcoholic beverages without the prior approval of the Chief Executive Officer.

### Other exclusions

- 6.3 Expenses related to functions and activities requested or organised by Council will be made from the relevant approved departmental budget.
- 6.4 It is reasonable that expenses associated with advocacy and representative activities undertaken by Councillors on behalf of Council should be adequately funded from existing budgets. Such expenses should not be a charge against the approved budget allocation for the Councillor

### Operational Support

- 6.5 Each Councillor may be provided with an administrative and operational support officer to assist them in the performance of their duties, and to undertake Council Business. Such officers are employees of Council and are subject to Council's usual terms and conditions of employment and reporting lines.
- 6.6 Councillor support officers and administrative support are not permitted to assist councillors with matters other than Council Business.
- 6.7 Communication support is provided on a professional basis to support or further the interests of Council, not those of an individual Councillor.
- 6.8 The arrangements for provision of operational support will be reviewed on a periodic basis and shall be subject to budgetary and operational parameters.

### Office Accommodation and Assets

- 6.9 Councillors have access to office accommodation and meeting rooms located in Council premises. These assets should be booked through Council's ordinary processes.

#### Business and Communication Tools

- 6.10 Councillors will be issued with business and communication tools to assist them in performing their duties and undertaking Council Business. These tools should be utilised in accordance with any relevant policies, procedures, conditions of use and guidelines
- 6.11 Councillors must transact all Council Business using a Council supplied device connected to Council's information technology network. Councillors must not conduct Council Business on private electronic devices nor utilise private mail or messaging accounts for Council Business. Any incidental use of private electronic devices for Council Business (e.g. unprompted contact from the community) should be redirected to official channels, and captured as a public record.
- 6.12 All business and communication tools are procured by Council and are of the same standard as those available to senior management.
- 6.13 All business and communication tools remain the property of Council and must be accounted for during any audit and returned at the end of the Councillor's term of office.
- 6.14 Councillors are expected to comply with the same conditions of use, policies, guidelines and processes for business and communication tools that apply to Employees.
- 6.15 Business and communication tools will be replaced at the end of their working life.
- 6.16 Councillors may make incidental personal use of business and communication tools, but excessive or unreasonable personal use costs (as determined by the CEO) must be reimbursed by the Councillor.
- 6.17 Requests for additional or alternate business and communication tools will be assessed on their merit and determined by the CEO.

#### Vehicles

- 6.18 To acknowledge the fact that the role of Mayor requires extensive 'after hours' work, the Mayor shall be provided with a Council vehicle with full private use.
- 6.19 Councillors other than the Mayor may elect to either:
  - 6.19.1 use a Council provided vehicle to attend Council Business. Council will make a suitable 'pool' vehicle available for priority use of a Councillor, garaged at a Council facility; or
  - 6.19.2 use their personal vehicle for Council Business and claim an allowance for the kilometres travelled. Such allowance will be the rate set by the ATO for vehicle usage and be based on a log kept by the Councillor that records the purpose of each trip and distance travelled.

- 6.20 Council will meet all operating costs and provide fuel cards for Councillors driving a Council-owned vehicles.
- 6.21 Councillors must complete a logbook when using Council vehicles and must specify if any of the kilometres driven were for private use. Any private use by a Councillor shall be reimbursed by the Councillor using the ATO's business use of motor vehicle cents per kilometre method applicable at the time of travel.
- 6.22 Vehicle expenses for private vehicle use shall only be reimbursed for Council Business, in accordance with ATO guidelines.

#### Corporate Wear, Personal Protective Equipment and Name Badges

- 6.23 An annual professional attire allowance of \$500 will be provided to Councillors to purchase professional attire or uniforms from the approved corporate uniform supplier.
- 6.24 Councillors will be provided with all necessary safety equipment and are expected to observe the appropriate Workplace, Health and Safety measures when at any workplace.
- 6.25 Councillors will be provided with business cards, name badges and access cards.

#### Use of Corporate Cards

- 6.26 The CEO may authorise the provision of corporate cards to Councillors to enable them to make incidental expenses in accordance with this policy. Councillors must perform a monthly reconciliation and provide tax invoices to match expenditure.

#### Asset Maintenance Costs

- 6.27 Council will be responsible for the ongoing maintenance and reasonable wear and tear costs of Council-owned equipment that is supplied to Councillors for official business use. This includes the replacement of any facilities that fall under Council's asset replacement program.

#### Hospitality

- 6.28 Council recognises that Councillors may have occasion to incur hospitality expenses while conducting Council Business, in addition to entertainment or hospitality organised by Council under the Entertainment and Hospitality Policy.
- 6.29 The Mayor may incur hospitality expenses up to the value of \$4,000.00 per annum where it is deemed necessary (by the Mayor) in the conduct of Council Business.
- 6.30 Each Councillor other than the Mayor may incur hospitality expenses up to \$500.00 per annum for hospitality expenses deemed necessary (by the Councillor) in the conduct of Council Business.

- 6.31 Any hospitality expense in excess of these amounts will require the prior approval of the CEO.
- 6.32 Reasonable alcohol costs may be included as a hospitality expense where any Councillor attends a function or dinner for the purposes of professional networking or in relation to Council business, with the prior approval of the CEO; and
- 6.33 All hospitality expenses shall be reimbursed only where such expenses are otherwise consistent with Council's Entertainment and Hospitality Policy.

#### Legal costs and Insurance Cover

- 6.34 Council may decide, by resolution, pursuant to section 107 of the LGA, to cover costs incurred through any inquiry, investigation, hearing or legal proceedings into the conduct of a Councillor, or arising out of, or in connection with the Councillor's performance of their duties.
- 6.35 Councillors will be covered under Council insurance policies while discharging their duties. Specifically, insurance cover will be provided for public liability, professional indemnity, Councillors liability, personal accident and/worker's compensation, international and domestic travel insurance (subject to the terms and condition of the travel insurance policy).

#### Caretaker Period under the LGA

- 6.36 Once the caretaker period commences, Councillors shall not use Council facilities for political or election purposes and only be eligible to claim expense reimbursement for costs relating to Council Business (not electoral expenses) or as otherwise approved by Council resolution.

## 7. Reporting

- 7.1 As required by section 186 of the LGR, Council's Annual Report will include details of the expenses incurred by each Councillor during the financial year, as set out in this policy.

## 1. Purpose

- 1.1 The purpose of this policy is to ensure compliance with section 196 of the Local Government Regulation (Qld) and that Council's expenditure in relation to entertainment or hospitality is reasonable and appropriate.
- 1.2 Council recognises that there are circumstances where the provision of entertainment or hospitality by Council is appropriate and beneficial. However, as a publicly funded body, Council must ensure that public sector standards of accountability are maintained and that there is consistency in the way the entertainment or hospitality expenditure is administered.

## 2. Scope

- 2.1 This policy applies to all Councillors and Employees and to all entertainment or hospitality expenditure of Council.

## 3. Policy Statement

- 3.1 Council must ensure that all entertainment or hospitality expenditure meets the reasonable community expectations of an effective local government advancing the public good. Expenditure on entertainment or hospitality must be:
  - 3.1.1 open, transparent and available for scrutiny by both internal and external audit processes;
  - 3.1.2 publicly defensible; and
  - 3.1.3 properly documented and otherwise in accordance with this policy.
- 3.2 At times it is appropriate to extend hospitality to representatives of government and government bodies, other local authorities, business or industry, recognised community organisations and individuals with whom Council is undertaking business, along with Councillors and Employees.
- 3.3 Expenditure for entertainment or hospitality must only be incurred if it:
  - 3.3.1 relates to Council business;
  - 3.3.2 advances the objectives of Council;
  - 3.3.3 is in the public interest and beneficial to Council or the community; and
  - 3.3.4 is not excessive, having regard to Council being a public authority.
- 3.4 Council may also incur expenditure to recognise significant contributions to the community by groups or individuals.

## STRATEGIC POLICY: Elected Members

### Entertainment and Hospitality Policy

Endorsed by Council  
22 November 2022  
OM2022/11/23.6

- 3.5 Council owned facilities must be prioritised for any hospitality or entertainment.
- 3.6 Whenever a Councillor or Employee claims reimbursement or payment of entertainment expenses, the Councillor or Employee must be able to clearly identify the benefit to Council or the community from the expenditure.
- 3.7 Expenditure for entertainment or hospitality must be properly documented and available for scrutiny by both internal and external audit.
- 3.8 Entertainment expenses may be incurred for the sole purpose of entertaining Employees, only with the prior written approval of the CEO.

## 4. Guiding Principles

### Transparency and Accountability

- 4.1 Expenditure for entertainment or hospitality must only be incurred if it is in the public interest.
- 4.2 Expenditure for entertainment or hospitality must be properly documented to allow scrutiny by both internal and external audit.
- 4.3 The following rules apply to the approval of spending for entertainment or hospitality:
  - 4.3.1 Employee may not authorise their own spending;
  - 4.3.2 Spending by an Employees other than the CEO must be authorised by the Employee's supervisor/manager;
  - 4.3.3 Spending by the CEO must be authorised by a member of the Executive Leadership Team or the Mayor;
  - 4.3.4 Spending by a Councillor must be authorised by the Mayor or CEO;
  - 4.3.5 Spending must be within financial limits approved by delegation;
  - 4.3.6 It is preferable, but not compulsory, that spending be approved in advance;
  - 4.3.7 Appropriate documentation must be supplied when claiming reimbursement for expenses incurred (e.g. tax invoices, receipts etc.); and
  - 4.3.8 Where there is uncertainty about the validity of claiming particular spending, the principles of this policy should be used to make the determination.

### Approved Activities

- 4.4 The provision of entertainment or hospitality is limited to:
  - 4.4.1 business functions;

- 4.5 Business functions are functions attended by Councillors or Employees for the purpose of Council's ordinary functions, including for example:
  - 4.5.1 internal meetings, workshops, briefings or forums;
  - 4.5.2 training sessions or professional development;
  - 4.5.3 meetings, workshops, briefings or forums between Councillors or Employees and external stakeholders or advisors.
- 4.6 Official functions are functions attended by Councillors or Employees for the purpose of representing Council or recognising, celebrating or sharing achievements of Council or the community in an official capacity, including for example:
  - 4.6.1 awards ceremonies or other celebratory events;
  - 4.6.2 civic functions;
  - 4.6.3 openings of facilities;
  - 4.6.4 functions hosting visiting dignitaries;
  - 4.6.5 fundraisers or charity events;
  - 4.6.6 other 'milestone' events.
- 4.7 Employee functions are functions for Councillors or Employees (or those connected to Councillors or Employees like spouses) that are internal to Council and are in the nature of staff functions, including for example:
  - 4.7.1 Christmas parties;
  - 4.7.2 celebratory events (including for example celebrations of milestones);
  - 4.7.3 other non-specified work functions.
- 4.8 Entertainment or hospitality expenditure should be proportional and appropriate to the type of event being held, and the purpose for holding the event.

#### Business functions

- 4.9 Managers and Directors may approve entertainment or hospitality expenditure for business functions where official business involving Councillors or Employees occurs, and it is reasonable for it to be provided.
- 4.10 Business functions where it is reasonable for entertainment or hospitality expenditure to occur include, but are not limited to:

  - 4.10.3 functions where they are cost advantages in continuing the event through the normal meal break; and
  - 4.10.4 functions where it is more time efficient to have the attendees remain in the room for meals/refreshments to allow the event to proceed with minimal delays rather than have attendees remove themselves from the meeting venue for meals/refreshments.
- 4.11 Appropriate expenditure for business functions include the provision of tea, coffee, morning/afternoon tea, light refreshments and lunch.
- 4.12 Managers and Directors may approve registration and/or ticket costs to attend functions for the purpose of official business.

#### Official functions

- 4.13 Entertainment or hospitality expenditure is appropriate in circumstances when it is necessary or desirable to facilitate the conduct of Council business and promote the community's interest.
- 4.14 CEO may approve expenditure for official hospitality.
- 4.15 Appropriate expenditure for official hospitality expenses includes offering hospitality to:
- 4.15.1 visitors when the Council has an interest in, or a specific obligation towards, their visit;
  - 4.15.2 representatives of government, business, industry or recognised community organisations; and
  - 4.15.3 civic receptions and functions to recognise significant contributions from groups or individuals to the community.
- 4.16 Appropriate expenditure for official functions includes the provision of tea, coffee, morning/afternoon tea, light refreshments, breakfast, lunch and dinner and registration and/or ticket costs to attend official functions.
- 4.17 The Office of the Mayor and CEO must maintain details of:
- 4.17.1 the purpose of the function;
  - 4.17.2 the number of invitees;
  - 4.17.3 the number of attendees;
  - 4.17.4 a description of the groups that were in attendance; and

## 1. Purpose

- 1.1 This is Council's investigation policy for how complaints about suspected conduct breach by Councillors will be dealt with as required by section 150AE(1) of the *Local Government Act 2009 (Qld)*.

## 2. Scope

- 2.1 This policy applies to investigations and determinations by Council about a suspected Councillor conduct breach, which has been referred by the Independent Assessor. This policy:
- 2.1.1 includes a procedure for investigating the suspected conduct breaches of councillors (see Addendum 2 – Investigation Standards);
  - 2.1.2 states the circumstances in which another entity may investigate the conduct;
  - 2.1.3 is consistent with the principles of natural justice;
  - 2.1.4 requires Council to prepare a report about each investigation (see Addendum 1 - report template and summary report template);
  - 2.1.5 requires a notice about the outcome of investigations be provided to the Independent Assessor, councillor and persons who made complaint about the councillors' conduct; and
  - 2.1.6 includes a procedure about when Council may decide not to start, or to discontinue, an investigation under section 150AEA of the LGA.
- 2.2 This policy requires Council:
- 2.2.1 to give the Subject Councillor information about the suspected conduct, including details about the evidence of the conduct; and
  - 2.2.2 to give the Subject Councillor a notice if an investigation is not started or is discontinued; and
  - 2.2.3 for conduct the subject of a complaint - to give the person who made the complaint, if the contact details of the person are known, a notice if an investigation is not started or is discontinued; and
  - 2.2.4 to give the Subject Councillor the preliminary findings of the investigation before preparing an investigation report about the investigation (see Addendum 3 – Statement of Preliminary Findings Template); and
  - 2.2.5 to allow the Subject Councillor to give evidence or a written submission to the local government about the suspected conduct and preliminary findings; and

## STRATEGIC POLICY: Elected Members

### Councillor Conduct Investigation Policy

Endorsed by Council

23 November 2022

- 2.2.6 to consider any evidence and written submission given by the relevant councillor in preparing the investigation report for the investigation; and
- 2.2.7 to include in the investigation report:
  - 2.2.7.1 if evidence is given by the Subject Councillor – a summary of the evidence; and
  - 2.2.7.2 if the Subject Councillor gives a written submission – a full copy of the written submission.

### 3. Out of Scope

- 3.1 This Policy does not relate to more serious councillor conduct, such as misconduct or corrupt conduct, which are dealt with under separate legislative provisions.
- 3.2 This Policy also does not deal with unsuitable meeting conduct, or any conduct undertaken in a personal capacity by a councillor, for example, a sitting councillor campaigning for re-election or attending a private social function.

### 4. Policy Statement

- 4.1 Chapter 5A of the LGA prescribes the councillor conduct management system. Section 150CT of the LGA establishes an Independent Assessor to carry out certain functions including the preliminary assessment, dismissal, referral, or investigation of complaints about councillor conduct.
- 4.2 After undertaking a preliminary assessment of a councillor conduct complaint, if the Independent Assessor reasonably suspects a councillor has engaged in a conduct breach, the Independent Assessor may decide to refer a suspected conduct breach to Council to deal with under section 150SD(4)(a) or 150W(b) of the LGA.
- 4.3 Upon receipt of a referral notice of a complaint of suspected conduct breach, Council must deal with the Subject Councillor's conduct as prescribed under section 150AF of the LGA unless a decision is made not to start or to discontinue the investigation under section 150AEA of the LGA. In conducting the investigation, Council must comply with this investigation policy.
- 4.4 Council may decide not to start or discontinue the investigation in accordance with section 150AEA of the LGA.

## 5. Process

### Commencing Investigation

#### Independent Assessor's referral

- 5.1 Council will receive a notice ('referral notice') from the Independent Assessor about the suspected conduct breach of a councillor (LGA s 150AC). The referral notice will:
  - 5.1.1 include details of the conduct and any complaint received about the conduct;
  - 5.1.2 state why the Independent Assessor reasonably suspects that the Subject Councillor has engaged in a conduct breach; and
  - 5.1.3 include information about the facts and circumstances that form the basis of the Independent Assessor's reasonable suspicion.
- 5.2 The Independent Assessor must also give a notice to the Subject Councillor that states the Subject Councillor's conduct has been referred to Council to deal with, and a copy of the referral notice must be attached.
- 5.3 On receipt of a referral notice, the CEO will forward a copy of that referral notice to the Mayor and all councillors, including the Subject Councillor, as a confidential document.

#### Not starting or discontinuing an investigation

- 5.4 Pursuant to section 150AEA of the LGA, Council may decide to not start an investigation, or discontinue an investigation if:
  - 5.4.1 the complaint is withdrawn by the complainant;
  - 5.4.2 the complainant consents to the investigation not starting or being discontinued, (for example, the matter has been resolved and it is unnecessary for the local government to investigate the matter);
  - 5.4.3 there is insufficient information to investigate the conduct;
  - 5.4.4 the complainant refuses to cooperate by providing additional information during the investigation phase and not enough information is available to proceed; or
  - 5.4.5 the office of the councillor becomes vacant for any reason, i.e., the person has resigned or was not re-elected and is no longer a councillor.
- 5.5 If there are circumstances for considering not starting or discontinuing an investigation, the matter will be placed on the agenda for the next Ordinary Council Meeting. Council may decide by resolution to not start, or to discontinue, a suspected conduct breach matter. The resolution must state the decision and the reasons for the decision.

### Councillor Conduct Investigation Policy

Endorsed by Council

23 November 2022

**[Note:** The matters not started or discontinued must be reported in the annual report (including the reasons) and recorded in councillor conduct register].

#### Investigator

- 5.6 The Mayor will manage the investigation process and may either undertake the investigation, or engage a suitably qualified external investigator.
- 5.7 The Mayor is authorised by council to expend money as reasonably needed to engage contractors in accordance with the council's procurement policy.
- 5.8 The Investigator will investigate the suspected conduct breach and prepare an investigation report that includes:
  - 5.8.1 an opinion on whether the Subject Councillor engaged in a conduct breach; and
  - 5.8.2 recommendations on how the conduct breach ought to be dealt with.
- 5.9 The investigation must be conducted in a way that is consistent with this Investigation Policy.

#### Investigation Process

##### Investigation

- 5.10 During the course of the investigation, the Investigator must follow the investigation standards of the local government (see Addendum 2– Investigation Standards).
- 5.11 After having assessed the complaint, the Investigator must prepare a Preliminary Statement of Findings.

**[Note:** See Addendum 3 - Statement of Preliminary Findings Template.]

- 5.12 The Investigator must:
  - 5.12.1 give the Preliminary Statement of Findings to the Subject Councillor before finalising the Investigation Report;
  - 5.12.2 allow the Subject Councillor the opportunity to response to the Preliminary Statement of Findings by providing evidence or submissions (orally or in writing) about the findings contained in the Preliminary Statement of Findings;
  - 5.12.3 consider any evidence or submission given by the Subject Councillor in finalising the investigation report; and
  - 5.12.4 include a summary of the Subject Councillor's evidence and a full copy of any written submission in the investigation report.
- 5.13 Once the investigation is finalised the Investigator will prepare a report (Investigation Report) for Council which includes the following details:

## STRATEGIC POLICY: Elected Members

### Councillor Conduct Investigation Policy

Endorsed by Council

23 November 2022

- 5.13.1 any witnesses interviewed;
- 5.13.2 documents or other evidence obtained;
- 5.13.3 a statement of the relevant facts ascertained;
- 5.13.4 confirmation that the Subject Councillor has been provided with an opportunity to respond to the complaint and the evidence compiled;
- 5.13.5 the investigation findings;
- 5.13.6 a statement of any relevant previous disciplinary history of the Subject Councillor;
- 5.13.7 any recommendations about dealing with the conduct; and
- 5.13.8 a record of the investigation costs.

*[Note: see Addendum 1 – Report Template.]*

### **Completion of investigation – Findings and recommendations**

#### **Summary Investigation Report**

- 5.14 Upon receipt of an Investigation Report, a Summary Investigation Report must be prepared by Council.
- 5.15 The Summary Investigation Report:
  - 5.15.1 must include:
    - 5.15.1.1 the name of the Subject Councillor;
    - 5.15.1.2 a description of the alleged conduct;
    - 5.15.1.3 a statement of the facts established by the investigation;
    - 5.15.1.4 a description of how natural justice was afforded to the Subject Councillor during the conduct of the investigation;
    - 5.15.1.5 a summary of the findings of the investigation; and
    - 5.15.1.6 any recommendations made by the Investigator;
  - 5.15.2 must not include:
    - 5.15.2.1 the name of the person who made the complaint of a conduct breach, or any information that could reasonably be expected to result in identifying that person; or
    - 5.15.2.2 the name of any person who provided information to the Investigator as part of the investigation, or any information that could reasonably be expected to result in identifying that person; or

5.15.2.3 any other information that Council is entitled or required to keep confidential under a law; and

5.15.3 must be made publicly available pursuant to section 150AFA(3)(b) of the LGA and associated regulation.

#### Making a decision about the investigation

- 5.16 Council must decide whether the Subject Councillor has engaged in a conduct breach.
- 5.17 In deciding whether the Subject Councillor has engaged in a conduct breach, Council must have regard to the Investigation Report.
- 5.18 A Council meeting may be closed under section 254J(j) of the LGR to consider the Investigation Report (but not make any resolutions in relation to the alleged conduct breach).
- 5.19 If Council decides the Subject Councillor has engaged in a conduct breach, Council must decide what, if any, action it will take under section 150AH of the LGA to discipline the Subject Councillor.

#### Disciplinary action against Councillors

- 5.20 If Council decides the Subject Councillor has engaged in a conduct breach, any of the following orders may be imposed:
  - 5.20.1 an order that no action be taken against the councillor; or
  - 5.20.2 an order that the Subject Councillor must undertake action in accordance with section 150AH(1)(b) of the LGA.
- 5.21 When deciding what action to take, Council may consider:
  - 5.21.1 any previous conduct breach of the Subject Councillor; and
  - 5.21.2 any allegation made in the investigation that was admitted or not challenged and that Council is reasonably satisfied is true.

**[Note: For further information refer to Addendum 4 - Conduct Breach Disciplinary Action Guideline].**

#### Release of Investigation Report

- 5.22 After making a decision about the conduct breach, Council must make the Investigation Report publicly available:
  - 5.22.1 if the decision is made at a local government meeting—on or before the day and time prescribed by the LGR; or
  - 5.22.2 otherwise—within 10 business days after the decision is made.

## STRATEGIC POLICY: Elected Members

### Councillor Conduct Investigation Policy

Endorsed by Council

23 November 2022

5.23 The following information contained in the Investigation Report must not be publicly released:

- 5.23.1 the name of the person who made the complaint of a conduct breach, or any information that could reasonably be expected to result in identifying that person, unless the complainant was a councillor or CEO of Council and the persons identify as the complainant was disclosed at the Council meeting at which the Investigation Report was considered; or
- 5.23.2 the name of any person who provided information to the Investigator as part of the investigation, or any information that could reasonably be expected to result in identifying that person;
- 5.23.3 the submission or affidavit of, or a record or transcript of information provided orally by, a person who provided information to the Investigator as part of the investigation, including, for example, a transcript of an interview; or
- 5.23.4 any other information that Council is entitled or required to keep confidential under a law.

5.24 If the complainant was a councillor or the CEO of Council and that person's identify was disclosed at the Council meeting at which the Investigation Report was considered, the publicly released report must contain that information.

#### Notice about the outcome of the investigation

5.25 After an investigation is finalised, (either by not starting or discontinuing, or by Council deciding the outcome of the investigation) Council must give a notice about the outcome of the investigation to:

- 5.25.1 the Independent Assessor;
- 5.25.2 the person who made the complaint about the Subject Councillor's conduct that was the subject of the investigation; and
- 5.25.3 the Subject Councillor.

5.26 The notice must state:

- 5.26.1 the decision; and
- 5.26.2 the reasons for the decision; and
- 5.26.3 if an order is made under section 150AH of the LGA—details about the order.

#### **Miscellaneous**

##### **Conflicts of Interest**

- 5.27 The Subject Councillor and the complainant, if the complainant is a councillor, have a declarable conflict of interest and should manage it in a way that is consistent with the requirements of the LGA.
- 5.28 If the Mayor has a conflict of interest in the matter, the Mayor's powers to manage the investigation must be delegated to the Deputy Mayor, or if the Deputy Mayor is conflicted, another Councillor or the CEO.
- 5.29 Where a Council meeting loses quorum due to conflicts of interest of councillors, then the conduct matter must be delegated to:
- 5.29.1 the Mayor; or
- 5.29.2 if the Mayor is also conflicted, a standing committee constituted to make a decision.
- 5.30 If informed of suspected corrupt conduct, the CEO must give the information to the Crime and Corruption Commission and the Independent Assessor.

*[Note: Corrupt conduct may also be misconduct and should be treated as such. The CEO has obligations to report suspected corrupt conduct under the Crime and Corruption Act 2001 (Qld)]*

##### **Misconduct or Corrupt Conduct**

- 5.31 If during the investigation of the Subject Councillor, the Investigator obtains information indicating the Subject Councillor may have engaged in misconduct, the Mayor and the CEO must be informed and the investigation must cease.
- 5.32 If informed of suspected misconduct, the CEO must give the information to the Independent Assessor.

*[Note: See LGA s 150AF]*

- 5.33 If during the investigation of the Subject Councillor, the Investigator obtains information indicating the Subject Councillor may have engaged in corrupt conduct, the Mayor and the CEO must be informed and the investigation must cease.

##### **Inconsistent Decisions**

- 5.34 If Council makes a decision that is not consistent with the recommendation of the Investigation Report, the reasons for the decision must be recorded in the minutes of the meeting. The minutes must give sufficient information to demonstrate the logic that has been applied to justify a decision not to follow the recommendation of the Investigation Report.

#### Councillor conduct register

5.35 The CEO must ensure the following decisions are entered into Council's councillor conduct register:

- 5.35.1 any orders under section 150AH of the LGA made about suspected conduct breach of a councillor; and
- 5.35.2 any decision to not start, or to discontinue an investigation of suspected conduct breach under section 150AEA of the LGA.

## 6. Guiding Principles

### Confidentiality

- 6.1 Matters relating to the investigation of a suspected conduct breach are confidential to Council during the investigation period except as otherwise prescribed in this policy.

### Natural justice

- 6.2 Any investigation of suspected conduct breach by a councillor must be carried out in accordance with natural justice. Natural justice or procedural fairness refers to three key principles:
  - 6.2.1 that the councillor who is the subject of the suspected conduct breach matter has a chance to have his or her say in an informed manner before adverse formal findings are made and before any adverse action is taken (i.e., fair hearing);
  - 6.2.2 that the investigator should be objective and impartial (i.e., absence of bias); and
  - 6.2.3 that any actions taken, or decisions made are based on evidence rather than speculation or suspicion (i.e., acting on evidence).
- 6.3 A fair hearing means the councillor who is the subject of the suspected conduct breach matter will know the case put against them, and be provided with an opportunity to put their case in response. This includes receive information about the alleged conduct breach, including the preliminary findings of the investigation any other material information.
- 6.4 An absence of bias means that any investigation must not be biased or be seen to be biased in any way. This principle embodies the concept of impartiality.
- 6.5 Acting on evidence means making decisions and acting on the material available without speculation. Acting on evidence also includes:
  - 6.5.1 giving proper and genuine consideration to each party's case;
  - 6.5.2 considering all the relevant material; and

### Councillor Conduct Investigation Policy

Endorsed by Council

23 November 2022

6.5.3 not considering irrelevant material.

*[Note: It must be kept in mind that the matter when referred, is suspected, and not yet proven].*

#### Standard of Proof

- 6.6 The civil standard of proof is applied by the Investigator when forming a view on whether a councillor has engaged in a conduct breach. The relevant standard of proof is 'on the balance of probabilities,' which means the weighing up and comparison of the likelihood of the existence of competing facts or conclusions. An allegation is sustained 'on the balance of probabilities,' if based on the evidence, the decision maker is reasonably satisfied that its existence is more probable than not.

#### Timeliness

- 6.7 The councillor conduct framework must be effective and efficient. The Investigator will make all reasonable endeavours to complete the investigation and provide a report for inclusion on the agenda of a Council meeting within eight weeks of commencing the investigation, after the receipt of the complaint from the Independent Assessor.
- 6.8 If the Investigator is of the opinion that it may take longer than eight weeks to complete the investigation, the matter should be raised with the Mayor or delegate (if the Mayor is managing the investigation) to seek an extension of time.
- 6.9 Delay in procuring an investigator to undertake the investigation should be avoided.

#### Expenses

- 6.10 Council will pay the expenses associated with the investigation of suspected conduct breach including any costs of:
- 6.10.1 the Investigator;
  - 6.10.2 travel where the Investigator needed to travel to undertake the investigation, or to interview witnesses; and
  - 6.10.3 obtaining legal or expert advice.
- 6.11 Pursuant to section 150AH(b)(vii) of the LGA, Council may order the Subject Councillor to reimburse them for all or some of the costs arising from a sustained conduct breach. These costs would usually only relate to obtaining legal or expert advice and reasonable costs for the Investigator engaged to undertake the investigation.
- 6.12 Any costs incurred by complainants or the subject councillor will not be met by Council.
- 6.13 Where possible, costs should be kept to a reasonable rate taking into consideration the costs for more serious matters dealt with by, for example, the Councillor Conduct Tribunal or other jurisdictions who deal with conduct matters.

## Addendum 2

### Investigation Standards

The investigation must be managed in a consistent manner. Documentation must be contained in an efficient records management system. Confidential information must be secured appropriately.

#### Case Management file

The investigation must be supported by a recognised case management tool so that emails, letters, statements, and evidence can be stored and secured confidentially. File notes must be made in the case management system to document key milestones in the investigation such as when lines of inquiry are identified, witnesses are spoken to, when evidence is secured, and document key decisions.

#### Investigation Plan

The Mayor or delegate will, prior to beginning the investigation, check that the investigator does not have a conflict of interest in the matter. Remove them immediately from the investigation should a conflict of interest become known.

The following investigation process must be followed by the investigator unless the mayor or delegate agrees to vary the process in a particular case.

Take all necessary steps to protect the identity of the complainant(s) as far as possible during communications with the councillor.

Consider the following:

- i. Research the legislation and policy framework thoroughly.
- ii. Identify lines of inquiry and record them as a file note in case file management system.
- iii. Present all the evidence the councillor provides or gives in a written statement.
- iv. Gather further evidence (for example, from interviewing other witnesses, obtaining documents, or carrying out site inspections) when necessary.
- v. Secure evidence in case file management system, making a file note when lines of inquiry are followed up and key decisions are made during the course of in the investigation.
- vi. Undertake a proper and impartial examination of the evidence gathered, including expert advice and analysis and / or legal advice if required.

- vii. Draw conclusions based on the evidence and applying the appropriate legislative and policy frameworks.

#### Prepare an investigation report

Prepare the investigation report for the local government to consider on the template attached **(Addendum 1)**.

If during the course of an investigation, the Investigator obtains new information that a Councillor may have engaged conduct that may give rise to a new allegation, the Investigator must obtain particulars related to the conduct and then advise the mayor and the chief executive officer who will provide an information notice to the Assessor.

The Assessor will undertake a preliminary assessment or alternative action on the matter. The Investigator will be informed of activities of the local government in relation to the investigation. For example, the Investigator will be informed in the event the finalisation of a matter is delayed, or if the Local Government has to notify of a fresh allegation identified during the course of an investigation to the Assessor for a preliminary assessment.

If during the course of an investigation, the Investigator obtains new information that a Councillor may have engaged in misconduct or corrupt conduct the investigation will cease and the investigator will notify the mayor and chief executive officer who will be responsible for providing an information notice to the Assessor/Crime and Corruption Commission.

### Conduct Breach Disciplinary Action Guideline

This guideline is provided to assist Queensland local governments to make consistent decisions about the appropriate disciplinary action to be taken against a councillor who is found to have engaged in a conduct breach.

#### What is a conduct breach?

According to section 150K of the *Local Government Act 2009* (LGA), a conduct breach occurs when a councillor:

- i. breaches a behavioural standard (Code of Conduct for Councillors in Queensland);
- ii. breaches a council policy, procedure, or resolution;
- iii. contravenes an order by a chairperson of a local government to leave a council meeting and stay away from the place at which it is being held;
- iv. is part of a course of unsuitable meeting conduct orders on three occasions within a one-year period, taken together, is a conduct breach. The local government is not required to notify the OIA of these matters and may deal with the conduct as if an investigation has been undertaken section 150J and make a decision under section 150AG of the Local Government Act 2009 (including Brisbane City Council). Below are some examples of conduct which may constitute a conduct breach.

#### Decision

Section 150AG of the LGA provides that where an allegation of a conduct breach has been referred by the Office of the Independent Assessor (OIA) to a local government for investigation, the local government must decide:

- i. whether or not the councillor has engaged in a conduct breach; and
- ii. what action the local government will take under section 150AH of the LGA to discipline the councillor if the councillor has been found to have engaged in a conduct breach.

#### Types of orders

Section 150AH of the LGA provides a list of the types of orders that the local government may make where it has found that a councillor has engaged in inappropriate conduct:

- i. An order that no action be taken against the councillor;
- ii. An order that the councillor make a public apology, in the way decided by the local government, for the conduct;

- iii. An order reprimanding the councillor for the conduct;
- iv. An order that the councillor attend training or counselling addressing the councillor's conduct including at the councillor's expense;
- v. An order that the councillor be excluded from a stated local government meeting
- vi. An order that the councillor is removed or must resign from a position representing the local government other than the office of councillor;
- vii. An order that if the councillor engages in the same type of conduct again, it will be treated as misconduct;
- viii. An order that the councillor reimburse the local government for all or some of the costs arising from the councillor's conduct breach.

#### Factors that may be taken into account

Section 150AG(2) of the LGA provides that in deciding what action to take, the local government may consider:

- i. Any previous conduct breach of the councillor;
- ii. Any allegation made in the investigation that-
  - a. was admitted, or was not challenged; and
  - b. the local government is reasonably satisfied is true.

#### Guidance on appropriate disciplinary action

It is open to local governments to decide which order/s in section 150AH of the LGA /are suitable when a councillor is found to have engaged in a conduct breach. The particular circumstances of a case must always be taken into consideration.

As a guide, it is suggested that it may be appropriate for the local government to consider making an order or combination of orders depending on whether a councillor has been found to have engaged in a conduct breach for the first time, or for a second, or third time.

Section 150L of the LGA provides that conduct is misconduct if the conduct is part of a course of conduct leading the local government to take action under s150AG to discipline the councillor for a conduct breach on three occasions within a 1 year period.

The table on the following page may assist councils to decide what disciplinary action is suitable in various circumstances.

## STRATEGIC POLICY: Elected Members

### Social Media Policy

Endorsed by Council

22 November 2023  
OM2023/11/22-20

## 1. Purpose

- 1.1 The purpose of this Policy is to set out the standards of behaviour expected for the use of social media on behalf of Council, and the use of social media by Council employees and Elected Members.
- 1.2 The objectives of this policy are to:
  - 1.2.1 develop a culture of openness, trust, and integrity in Council through appropriate use of social media;
  - 1.2.2 provide direction on the responsibilities and expectations for:
    - 1.2.2.1 the professional use of social media on behalf of Council;
    - 1.2.2.2 the use of social media by employees and Elected Members; and
    - 1.2.2.3 standards of behaviour by any parties wishing to interact on social media platforms administered by Council, including Elected Members.

## 2. Scope

- 2.1 This policy applies to all employees of Council and Elected Members who use social media platforms either professionally or privately. This policy applies to using social media to 'post' content or to interact with existing content on social media (e.g. by 'liking' or 'sharing' material posted by others).

## 3. Policy Statement

- 3.1 Council employs various social media platforms to provide information on Council initiatives, public notices, activities, facilities, services, events, and programs. Social media should be used where the Council wishes to engage with the community to provide information or raise awareness of Council related matters. There may be exceptions to this rule under the discretion of the Chief Executive Officer.
- 3.2 Social media is considered an important tool for Council to actively engage with our community and provides a platform for active discussion and the exchange of ideas, promoting the Whitsunday region as a place to live, work, play, visit and invest.

### Social Media Policy

Endorsed by Council

22 November 2023  
OM2023/11/22-20

## 4. Guiding Principles

### Acceptable use of social media channels

- 4.1 Council's social media assets are managed by delegated Social Media Editors/Moderators in the Communications and Marketing Team and are used for engaging with the community, increasing Council's brand awareness and promoting Council services.

### Authorities and responsibilities

- 4.2 The primary responsibility for Council's social media is the Communications and Marketing Team who are generally responsible for all Council social media accounts across all platforms.
- 4.3 All Council social media accounts must be set up and transacted in the name of Whitsunday Regional Council unless another Council business name is approved by the CEO.
- 4.4 All content for posts published or shared on Council's social media platforms must be prepared, edited, and issued through the Communications and Marketing Team or delegated Social Media Editors using an official Council account, to ensure adherence to the Social Media Policy, consistency in messaging, and consistency in branding. The Social Media Editors will ensure they consult and receive approval of content by the subject matter expert and their relevant supervisor.
- 4.5 Moderation of social media content on Council's platforms, consistent with Council's Terms of Use, will be undertaken by the Communications and Marketing Team (Social Media Editors/Moderators).
- 4.6 The Communications and Marketing Manager must remain an administrator of any accounts created to ensure risk management measures are maintained (including centralised storage of master passwords for each site) to protect Council's reputation.
- 4.7 Employees cannot have access to Council's social media accounts and comment on behalf of Council unless they are authorised by the CEO in liaison with the Communications and Marketing Manager. Access will be based upon the duties of each position with relevant officers only having access to relevant platforms, in accordance with the any Social Media Procedures/Guidelines.

### Comments and Replies

- 4.8 Service requests, requests for information or complaints to Council should be submitted through Council's official correspondence channels via phone, email, in writing or in

person, rather than through social media. This is to ensure they are genuine and are captured via the appropriate customer service and records systems.

- 4.9 Responses to comments or posts requesting service or information will generally be made within normal business hours, should Council deem it appropriate to respond to a comment or post.

#### Creation of new accounts

- 4.10 New Council Official social media accounts must not be created without the consent of the Communications and Marketing Manager.
- 4.11 A full list of Council's official social media accounts can be obtained from the Communications and Marketing Team.

#### Obligations when using social media

- 4.12 When using social media, the following rules will apply:
- 4.12.1 only publish content that is classified as public information. Do not publish any material on social media sites that is confidential, personal, private, or pertains to legal matters;
  - 4.12.2 if using imagery, only use corporate imagery such as logos and official Council photographs;
  - 4.12.3 content posted must be accurate and approved by the relevant director, a manager, or the Communications and Marketing Manager;
  - 4.12.4 content must be respectful of the community and portray Council in a positive way;
  - 4.12.5 content must be impartial and apolitical;
  - 4.12.6 content must only promote projects and decisions that have been approved by Council;
  - 4.12.7 content must not promote any business other than Council or a Council owned business;
  - 4.12.8 users must adhere to the terms of use of the relevant social media platform/website;
  - 4.12.9 copyrighted or trademarked material must not be published without permission;
  - 4.12.10 posted content must not include any illegal, discriminatory, defamatory, abusive, or obscene material; and
  - 4.12.11 ensure capture of information/records and information privacy meet all legislative obligations and other policy obligations.

#### Moderation and Terms of Use for third parties

- 4.13 Council's social media platforms will generally only be monitored within business hours.
- 4.14 An open dialogue on social media is encouraged, however comments and materials published on Council's social media platforms should adhere to appropriate standards of behaviour and civil discourse.
- 4.15 Council may remove any content that Council considers to:
- 4.15.1 be defamatory, prejudicial, racist, inflammatory, vexatious, offensive, cyberbullying, trolling or otherwise inappropriate;
  - 4.15.2 be off topic to the source subject;
  - 4.15.3 be repetitive;
  - 4.15.4 contain swearing, foul language or profanity;
  - 4.15.5 constitute harassment of, or personal attacks against, other users, Council, Elected Members, or Council staff;
  - 4.15.6 amount to disclosure of personal or sensitive information about others or Council;
  - 4.15.7 be spam, including links to other sites, including commercial, non-government or off-topic pages; and
  - 4.15.8 otherwise not be in the public interest.
- 4.16 Users who publish material in violation of the above may be banned or blocked from Council's social media sites. Determinations regarding breaches of the above will be made by a delegated Social Media Editor/Moderator in consultation with the Communications and Marketing Manager.
- 4.17 The above actions will acknowledge record keeping procedures.

#### Councillor social media use

- 4.18 The Mayor and Councillors will act in accordance with this policy, Council's Media Policy, the Code of Conduct for Councillors in Queensland, and all other related Council policies and procedures.
- 4.19 Elected Members will manage their own social media and Council has no role in the creation or management of these platforms, except for public record management.
- 4.20 Elected members are encouraged to refer to the Office of Independent Assessor & LGAQ resource – Social Media Guidelines for Councillors and other relevant material published by third party Agencies.

#### 4.21 Councillors must:

- 4.21.1 consider the appropriateness and public perception of any comment or activity undertaken on all social media platforms, regardless of which account they are using;
- 4.21.2 take reasonable steps to ensure that any comment they make in a personal capacity will be understood as representing their personal views, not those of Council;
- 4.21.3 ensure their actions do not reflect adversely on the reputation of Council;
- 4.21.4 maintain confidentiality of Council information that is not publicly available;
- 4.21.5 not directly and unnecessarily criticise Council, other Councillors, or employees;
- 4.21.6 not attempt to unduly influence other Councillors or Council employees,
- 4.21.7 not undermine public confidence in the processes of Council;
- 4.21.8 be alert to the possibility that personal comments about public issues may compromise their ability to perform their duties in an independent and unbiased manner;
- 4.21.9 ensure their comments do not suggest that they have come to a conclusive view on a matter coming before Council, prior to fully considering the proposal and related issues (note – doing so may render Council decisions open to challenge);
- 4.21.10 having regard to legislative requirements, ensure privacy of individuals is maintained when posting photographs;
- 4.21.11 respect the democratic process and publicly represent Council decisions when speaking on behalf of Council (in reference to Council's Media Relations Policy); and,
- 4.21.12 not make Council announcements through social media prior to the announcement being made through official corporate channels, unless the information is already publicly available.

#### Employees Social Media Use

- 4.22 Council recognises that social media is a part of daily life. This policy does not prevent the usage of social media by Council employees for personal use. However, employees must recognise that they may be viewed by the public as representatives of Council, even if personal social media profiles do not explicitly link to Council or are made 'private'.
- 4.23 Any information that is shared about Council must only be what is available publicly.

4.24 All employees are reminded to act in accordance with this policy, the Code of Conduct (staff), the Media Relations Policy and all other related Council policies and procedures.

4.25 While using social media, employees must:

- 4.25.1 not criticise Council or any of its employees or stakeholders;
- 4.25.2 not disclose or use any confidential information (whether obtained in your capacity as employees or otherwise). Only disclose or discuss publicly available information;
- 4.25.3 not imply that you are authorised to speak as a representative of Council or give the impression that the views expressed are those of Council.
- 4.25.4 not must use a Council email address or any Council logos or insignia for personal social media that may give the impression of official support by Council for personal posts or comments;
- 4.25.5 in any post that identifies you as a Council employee, expressly state that any content represents personal views only and does not represent the views of Council;
- 4.25.6 not use the identity or likeness of another Council employee without consent;
- 4.25.7 not post anything which may damage Council's or the public's trust and confidence in you as a Council employee;
- 4.25.8 not upload work-related photographs or videos to a personal social media sites unless permission is sought from the Communications and Marketing Department. This includes uploading images of employees wearing council-branded uniforms, such that the activities being engaged in in the photograph could be perceived to have taken place during work hours or on behalf of Council.

#### Record Keeping

- 4.26 A public record includes any form of recorded information, created, or received by, or created on behalf of a Queensland public authority in the transaction of government business. Council is a public authority.
- 4.27 Social Media postings, messages, attachments, and polls are digital public records under the *Public Records Act 2002 (Qld)* and must be recorded and stored according to Council's records management policy and procedures.

#### Non-Compliance

- 4.28 Non-compliance with the provisions of this policy may result in action being taken in accordance with Council's policies and procedures or relevant legislative requirements.

OM2023/11/22-20

## 1. Purpose

- 1.1 The purpose of the Policy is to establish protocols for managing communication between Council and the media to ensure coordinated, coherent, accurate and reliable presentation of Council information, so that Council maintains credibility, integrity and customer confidence, and so that Council's corporate values and brand are reinforced.

## 2. Scope

- 2.1 This policy is applicable to all councillors, including the Mayor, and all employees when responding to media enquiries or when seeking to make public comment on behalf of Council.
- 2.2 This policy specifies who is authorised to act as the official spokesperson for Council and the procedures for issuing media statements or publishing any public facing document.
- 2.3 This policy should be read in conjunction with the Social Media Policy.

## 3. Policy Statement

- 3.1 Council encourages open, prompt and accurate communication with the media to promote a positive, progressive and professional image of Council, and to inform the public.
- 3.2 Council intends to provide relevant, timely and accurate comment and information to media outlets when requested.

## 4. Guiding Principles

### Communications Team

- 4.1 Councillors and employees are required to advise the Communications and Marketing Team immediately when approached by the media for information or comment, even when a previous delegation has been authorised.
- 4.2 The Communications and Marketing Team will release approved media statements and media releases to communicate matters that align with the Purpose of this policy and Council's goals, including:
- 4.2.1 approved policy and organisational decisions;
  - 4.2.2 updates on organisational strategic direction;
  - 4.2.3 information that advances the reputation and upholds the integrity of Council or the region as a whole;

- 4.2.4 information that increases transparency with the community; and
- 4.2.5 information that promotes the achievements and activities of Council and the wider region which are in the public interest.
- 4.3 The release of information must adhere to the privacy principles outlined in the *Information Privacy Act 2009*.
- 4.4 Nothing in this policy prohibits staff from issuing general promotional material and information relating to the activities and events for the programs and services under their jurisdiction that have been published or approved as per Council's processes.

#### Official Spokesperson(s)

- 4.5 The Mayor is the official spokesperson for Council on all issues. Given the Mayor is elected by the whole of the region, the Mayor is often requested to comment in addition to, or instead of, other spokespeople (as listed below).
- 4.6 If the Mayor cannot serve as Council spokesperson, the opportunity is offered first to the Deputy Mayor, and then to the divisional Councillor. The Mayor can also delegate the role of spokesperson in relation to a specific issue to the CEO or a senior officer.
- 4.7 A Councillor may also be a spokesperson on local issues, in addition to the Mayor. However, given the Mayor is the official spokesperson, a divisional Councillor should inform the Mayor & the Communications and Marketing Team prior to offering comment to the media.
- 4.8 Councillors should clearly articulate that personal comments incongruent with Council's position are theirs alone.

#### Mayor & Councillors

- 4.9 When making comment to the media, the Mayor and/or designated Councillor should ensure that they clearly distinguish between personal opinion and the official position of Council expressed through resolutions of Council or agreed Council decisions.
- 4.10 Comments to the media must not:
  - 4.10.1 pre-empt decisions of Council or undermine the decision making process;
  - 4.10.2 unduly or unfairly criticise Council or Council Officers; or
  - 4.10.3 disclose confidential material.
- 4.11 This policy is not intended to limit a Councillor from communicating with or engaging with their constituents. Councillors are actively encouraged to do this, provided that the Councillor Code of Conduct requirements are complied with. In doing so, Councillors need identify that they are not speaking on behalf of Council.

- 4.13 Council employees are not permitted to engage with the media about any Council-related matter without authority from the CEO or Communications and Marketing Manager.

#### Emergency or Natural Disasters

- 4.14 The Whitsunday Region is prone to emergencies and natural disasters including cyclones, fires and floods.
- 4.15 Both Council and the media have an important role to play inform the public in times of disaster.
- 4.16 During times of disaster:
- 4.16.1 information provided by Council must be accurate, timely and as clear as possible;
  - 4.16.2 information provided by Council must be consistent with information and advice provided by other relevant agencies and stakeholders, including the State Government, emergency services and the Bureau of Meteorology;
  - 4.16.3 speculation or the release of unconfirmed reports is to be avoided;
  - 4.16.4 updates should be provided via multiple media channels, including social media, TV and radio (simulcast if possible).
- 4.17 Where information is released via social media, efforts must be made to clarify when information is no longer accurate or has been superseded (e.g. by editing posts to identify that the information is no longer current).

#### Record Keeping

- 4.18 All media releases, responses to media or external requests for statements or information must be recorded and stored according to Council's records management policy and procedures.

#### Non-Compliance

- 4.19 Non-compliance with the provisions of this policy may result in disciplinary action being taken in accordance with Council's policies and procedures.

### Councillor Roles in Development Matters

Endorsed by Council

22 November 2023

## 1. Purpose

- 1.1 The purpose of this policy is to:
- 1.1.1 clarify how Councillors may engage with Developers in the current and future interest of the Whitsunday region, particularly where there is no matter before the Council;
  - 1.1.2 provide a framework for how Councillors should engage with Developers or Submitters once a matter is being prepared for lodgement or has been lodged with the Council; and
  - 1.1.3 provide guidance on where a Councillor has, or is likely to have, a PCOI or DCOI in relation to a particular development application.
- 1.2 This policy will assist Councillors when interacting with stakeholders, and promotes decision making in the public interest, good governance, and enhanced community confidence in Council.

## 2. Scope

- 2.1 This policy applies to Councillors and is consistent with the LGA, the *Integrity Act 2009* (Qld) and the Planning Act.
- 2.2 This policy does not apply to unanticipated or social engagements that occur from time to time between Councillors, Developers or Submitters. However, Councillors should carefully consider the implications of social engagements with these persons and be mindful at all times of their obligations under this policy, the LGA and the Code of Conduct for Councillors in Queensland
- 2.3 This policy does not apply to Councillor interactions with the community about the making or amending of planning instruments such as planning scheme amendments, new planning scheme preparation, neighbourhood/local area plans or the like.

## 3. Policy Statement

- 3.1 Council is committed to representing the overall public interest of the Whitsunday area. Council must ensure that all decisions are legal, ethical, and impartial in accordance with the Local Government Principles, and the responsibilities of councillors identified in the LGA.
- 3.2 Councillors engage with many people in the community in relation to a broad range of matters. Open access to Councillors and Council itself is vital to efficient and effective local government.

## STRATEGIC POLICY: Elected Members

### Councillor Roles in Development Matters

Endorsed by Council

22 November 2023

- 3.3 Developers and Submitters seek access to Councillors to discuss potential and existing development applications and other projects. The community has a clear expectation that interactions with these stakeholders are undertaken transparently and in the public interest.
- 3.4 As prescribed in the *Local Government Electoral Act 2011* (Qld), it is an offence for councillors to accept gifts, benefits, or donations from property developers at any time. The ECQ administers this legislation under the prohibited donors scheme.

## 4. Guiding Principles

### Councillor Roles in Development Applications

- 4.1 The Planning Act and Economic Development Act prescribe the circumstances in which Council decides a development application. In some circumstances, Council delegates this power to Employees.
- 4.2 When Council is deciding an application, the provisions of the Planning Act and the Development Assessment Rules apply.
- 4.3 Councillors individually and the Council collectively, must not pre-determine an application and cannot consider matters that are irrelevant or unrelated to a development assessment process.

### Guidelines For Councillor Interactions with Developers and Submitters

- 4.4 Adopting a structured approach to Councillors' interactions with Developers and Submitters will allow Councillors to engage appropriately in the public interest and reduce their risk of engaging in, or being accused of engaging in, a conduct breach, misconduct or corrupt conduct.
- 4.5 If a Developer or Submitter wants to discuss a Development Application with a Councillor, the request should be referred to the Office of the CEO or other nominated Council officer, to co-ordinate and diarise a meeting appointment. A meeting in this context may be face-to-face, virtual or by telephone.
- 4.6 When meeting with a Developer or Submitter about a Development Application, a Councillor should conduct the meeting in the presence of an appropriate third party. Examples of an appropriate third party include the CEO, the Director of Planning, or other appropriate senior officers of Council.
- 4.7 All meetings with a Developer or Submitter, including public meetings, must either:
  - 4.7.1 be electronically recorded with the consent of the Developer or Submitter, or
  - 4.7.2 have a contemporaneous written record prepared.
- 4.8 This record should include:

## STRATEGIC POLICY: Elected Members

### Councillor Roles in Development Matters

Endorsed by Council

22 November 2023

- 4.8.1 the date of the interaction;
- 4.8.2 the format of the interaction;
- 4.8.3 all parties involved in the interaction;
- 4.8.4 a summary of the matter/s raised with the Councillor; and
- 4.8.5 a summary of the Councillor's response/s.

**[Note: Records of meetings must be kept in accordance with the Public Records Act 2002 (Qld). A recording of a meeting, including an audio recording, is a document under the Right to Information Act 2009 (Qld) and may be releasable.]**

- 4.9 When interacting with a Developer or Submitter about a Development Application, Councillors must:
  - 4.9.1 state that any opinions expressed by the Councillor are personal to the Councillor and do not in any way represent a formal Council view;
  - 4.9.2 make it clear that a final decision can only be made after all relevant material has been prepared and considered, and must be assessed and decided in accordance with the Planning Act;
  - 4.9.3 make clear that they can provide general information on the application process but cannot give definitive advice about a proposed development's prospects of success;
  - 4.9.4 maintain the confidentiality of any information, records, briefings, and discussions that, if released at a particular point in time, could prejudice the assessment process interests of council, the public at large, or another party; and
  - 4.9.5 suggest that the Developer or Submitter seek independent professional advice where relevant.
- 4.10 While Councillors are entitled to express a personal opinion about a Development Application, they should be aware that the expression of a personal opinion whether positive or negative, may impact on the perception of their impartiality as a decision-maker should they be required to decide the matter.
- 4.11 Under the *Integrity Act 2009* (Qld), lobbyists are required to inform Councillors that they are a lobbyist when making initial contact (for example, when seeking to arrange a meeting). In addition to the record keeping requirements detailed above, interactions between Councillors and lobbyists should be recorded in Council's Register of Contact with Lobbyists. Nothing in this policy requires a Councillor to meet with a lobbyist at any time.

#### Stages Of The Development Assessment Process

4.12 Councillors have additional obligations in relation to their interactions with Developers and Submitters at each of the following stages in the development assessment process, as detailed below.

4.13 Pre-application (when there is no application before Council or in the process of being prepared):

4.13.1 Councillors may interact with Developers in the pre-application stage to promote the benefits of developing in the Whitsunday Region and encourage responsible and appropriate development;

4.13.2 Councillors can also discuss what is publicly known about a potential development with the general public;

4.13.3 However, if a Councillor is likely to have a conflict of interest should a particular Development Application be lodged with Council, it is recommended that the Councillor refrain from interacting with the developer in relation to that matter.

**[Note: Conflict of interest obligations under the LGA can extend to discussing a conflicted matter]**

4.14 Pre-lodgement (when there is no application before Council, but an application is being prepared for lodgement):

4.14.1 Reports on pre-lodgement requests and scheduled pre-lodgment meetings are provided to Councillors if requested;

4.14.2 A Councillor's requests for advice or information relating to a pre-lodgment meeting should be made in accordance with Council's Acceptable Request Guidelines;

4.14.3 Councillors may attend a pre-lodgement meeting in order to gain a more detailed understanding of a project or development proposal but should listen only and not contribute to any discussion.

4.15 Post-lodgement and assessment of development applications (after an application is lodged):

4.15.1 Councillors must not direct, or attempt to direct, an Employee in the course of their duties to assess and report on a Development Application.

**[Note: Section 170(3) of the LGA prohibits a Councillor directing an Employee, other than the Mayor directing the CEO. It is misconduct to breach this prohibition.]**

4.15.2 Councillor requests for advice or information relating to a development application should be made in accordance with Council's Acceptable Request Guidelines Policy.

- 4.15.3 Once a Development Application is lodged and is being assessed by Employees, Councillors must not initiate nor seek to be involved in internal meetings or meetings with the Developer about the Development Application under assessment.
- 4.15.4 If a Councillor is invited, and agrees, to engage in an interaction with a Developer or Submitter at this stage of the process, those interactions should occur having regard to the guidelines for Councillor interactions with Developers and Submitters (see above).
- 4.15.5 If it becomes necessary for a Councillor to provide feedback on issues of concern to the community, the Councillor may initiate a meeting with a Developer or Submitter having regard to the guidelines for Councillor interactions with Developers and Submitters (see above).
- 4.15.6 If a Councillor has a PCOI or DCOI in relation to a Development Application which is under assessment, they must not:
  - 4.15.6.1 discuss the matter with any other Councillor or Employee who may be a participant in deciding that matter; or
  - 4.15.6.2 interact with a Developer or Submitter in relation to that matter.
- 4.16 Development application decision (when an application is being decided)
  - 4.16.1 If the Development Application is being decided by Employees under delegation:
    - 4.16.1.1 It is generally not appropriate for Councillors to interact with a Developer or Submitter about a Development Application, particularly where the Developer or Submitter is aggrieved by the Employees' assessment of the Development Application, or is seeking the Councillor's intervention in the assessment or decision.
    - 4.16.1.2 Councillors should advise the Developer or Submitter to speak directly to the CEO or other appropriate senior officer (i.e., Director of Planning) if they are aggrieved. Similarly, if Councillors receive any information from a Developer or Submitter, they should provide it to the CEO or other appropriate senior officer.
    - 4.16.1.3 If a Councillor has either a PCOI or DCOI in relation to the Development Application, they must not participate in relation to the decision.

**[Note: See section 150EE of the LGA.]**

- 4.16.2 If the application is to be decided by Council, rather than under delegation:

- 4.16.2.1 While Councillors are not obligated to do so, it is acceptable for Councillors to interact/meet with Developers and Submitters leading up to the meeting where the decision is to be made;
- 4.16.2.2 In these instances, Councillors should follow the guidelines for Councillor interactions with Developers and Submitters (see above).
- 4.16.2.3 Councillors should convey any key information arising from such meetings to the CEO and the Director of Planning or equivalent, if they are not present at that meeting.
- 4.16.2.4 Councillors should disclose to other Councillors who were not at the meeting the recording or other record made of the meeting, so that all decision makers have access to the same information.
- 4.16.2.5 After Employees have prepared a report and made a recommendation, and that report has been listed on a Council meeting agenda, Councillors may seek additional information from Employees to ensure their duties are properly discharged when deciding the Development Application. Information may be provided through a Council briefing, general meeting (or delegated decision committee) or through a request in accordance with Council's Acceptable Request Guidelines.
- 4.16.2.6 As required under the Planning Act, Councillors must ensure they genuinely consider the Development Application, any submissions to the application, Council's report, including the assessment and recommendations by Employees, prior to them making a decision on the proposed development. The assessment of a Development Application must occur pursuant to the process detailed in the Planning Act.
- 4.16.2.7 If a Councillor has a PCOI or DCOU in relation to the Development Application, they must declare the interest to the CEO and manage the conflict in accordance with the ordinary processes.

**[Note: if a Councillor has a DCOI, clearance from Council is required before the Councillor can participate in relation to the matter. A Councillor with a PCOI cannot participate in relation to a matter. Note the wide definition of 'participate' in section 150EE of the LGA]**

#### 4.17 Post-Development Decision and Appeal (After An Application Has Been Decided).

- 4.17.1 Once a decision has been made by Council, Councillors must respect that decision.

## STRATEGIC POLICY: Elected Members

### Councillor Roles in Development Matters

Endorsed by Council

22 November 2023

- 4.17.2 The post-decision phase of any Development Application is particularly sensitive and can involve negotiations between parties having an interest in the outcome of the application. Under the Planning Act, every applicant has the right to negotiate with Council on conditions and the scope of any approval issued by Council. All such negotiations should be attended by Council Employees or representatives, and Councillors should not be involved.
- 4.17.3 From the time a decision has been made until the end of the appeal period, Councillors must not engage with the relevant Developer or Submitter in relation to the Development Application.
- 4.17.4 If an appeal is lodged, Councillors must also refrain from interactions about the matter with the Appellants or Co-Respondents and should avoid commenting publicly about matters before the Planning and Environment Court. Comments from Councillors while an appeal is ongoing can prejudice the appeal and undermine Council.
- 4.17.5 Employees and Council's legal representatives manage the conduct of an appeal. During the course of an appeal 'without prejudice' meetings may be held between the parties to try to reach an agreement or limit the issues in dispute. Councillors do not attend 'without prejudice' meetings. Employees will advise Councillors:
- 4.17.5.1 when an appeal is lodged;
  - 4.17.5.2 when something significant occurs in relation to an appeal; and
  - 4.17.5.3 when an appeal is resolved.
- 4.17.6 Councillors must not seek to influence the manner in which conditions of development approval are implemented.

#### Monitoring and Review

- 4.18 Councillors will be provided with training on the requirements of this policy at the commencement of each Council term. This policy will be reviewed for applicability, effectiveness, and consistency with relevant legislation, council resolutions, and other Council documents. Reviews of this policy will occur as required, or at least every four years

## Gifts and Benefits Policy

Office of the Mayor and CEO

OMCEO\_16

### Purpose

The purpose of this policy is to provide a framework for the management of gifts and benefits received by Councillors and Council employees, in accordance with the parameters and requirements of the Local Government Regulation 2012, Council Employee Code of Conduct and Code of Conduct for Councillors in Queensland.

This policy is intended to support Councillors and Council employees to maintain high levels of integrity and public trust, and to display behaviours which are consistent with the Code of Conduct for Staff, the Code of Conduct for Councillors in Queensland and the Local Government Act principles of transparent and effective processes, and decision-making in the public interest, good governance of, and by, local government, and ethical and legal behaviour of Councillors and local government employees.

### Scope

This policy applies to all Councillors, employees and contractors working for Council regardless of whether they are permanent, temporary, full-time, part-time, or casual. For the purposes of this policy, the term contractor includes on-hired temporary labour services (agency staff) and sub-contractors.

This policy applies to all gifts, benefits or hospitality offered to, or received by, Councillors and Council employees from external sources.

This policy does not apply to electoral gifts to Councillors as defined in the *Local Government Electoral Act 2011*, gifts, benefits, and hospitality offered to Council employees or Councillors as a result of Council policies or management directives, such as recognition of service awards.

Discounts that are commonly available to any individual who meets the general requirements and are received by Council employees or Councillors but do not specifically relate to Council business or related activities. Examples may include corporate discounts offered for leisure centres or health fund membership, discounts available to local ratepayers or residents, bulk purchase discounts etc.

### Applicable Legislation

This Policy is in reference to *Local Government Act 2009* ('the Act').

### Policy Statement

Councillors and Council employees hold positions of public trust and must carry out their duties impartially and with integrity. The provision of gifts and benefits to Councillors and Council employees can create perceptions of a conflict of interest. Council is committed to and will uphold the following principles applying to gifts, benefits, and hospitality.

## Gifts and Benefits Policy

Office of the Mayor and CEO

OMCEO\_16

### Principles

**Impartiality** - Councillors and Council employees have a duty to place the public interest above their private interests when carrying out their official functions. They must not accept gifts, benefits or hospitality that could raise a reasonable perception of bias or preferential treatment. Councillors and Council employees must not accept gifts, benefits, or hospitality from external sources about whom they are likely to make business decisions.

**Accountability and Transparency** - Councillors and Council employees are accountable for declaring all non-token offers of gifts, benefits and hospitality including those offers that were subsequently declined, and declining non-token offers of gifts, benefits and hospitality that do not relate to a legitimate business benefit. Council employees with direct reports are accountable for overseeing management of their direct reports' acceptance or refusal of non-token gifts, benefits, and hospitality; and are expected to model good practice.

**Integrity** - Councillors and Council employees strive to earn and sustain public trust through providing or responding to offers of gifts, benefits and hospitality in a manner that is consistent with community expectations. Individuals must refuse any offer that may lead to an actual, perceived, or potential conflict of interest.

**Risk Management** - Council - through its policies and processes - will ensure gifts, benefits and hospitality risks are appropriately assessed and managed. Council employees with direct reports will ensure they are aware of the risks inherent in their team's work and functions and monitor the risks to which their staff are exposed.

#### Soliciting Gifts or Benefits

5. Soliciting gifts or benefits is strictly prohibited under all circumstances.
6. If a Councillor or employee becomes aware of a situation of soliciting gifts or benefits, they must report it to the CEO immediately.
7. The CEO must notify the Crime and Corruption Commission of any soliciting of gifts or benefits by Councillors or employees.

#### Bribery

8. Acceptance of money or any other gifts perceived as bribery is strictly prohibited in all cases and must be reported immediately to the CEO.
9. An offer of money perceived as bribery must be reported immediately to the CEO.
10. The CEO must notify the Crime and Corruption Commission of any offer of money as soon as practicable after the offer has been made.

## Gifts and Benefits Policy

Office of the Mayor and CEO

OMCEO\_16

### Prizes (i.e., lucky door prizes, gifts from conferences or functions, raffles)

On occasions Councillors and staff may enter a competition while representing WRC on official business, for example a door prize at a community event or a business card prize draw at a conference.

If the winning of such a prize does not influence or compromise the integrity and impartiality of the recipient, create a conflict of interest or compromises WRC's position in any way, it is deemed reasonable for such prize to be retained by the prize winner.

Raffle winnings from tickets that a Councillor or staff have paid for privately during an official function are not considered a gift or benefit and will not need to be declared.

### Individual Awards received in an official capacity.

If an employee or a Councillor receives an individual award in recognition of work undertaken in an official capacity which includes components that could be deemed a gift or benefit, then the award must be declared. Generally, it is deemed reasonable for such a gift or benefit to be retained by the award recipient if it does not compromise the integrity or impartiality of the recipient, create a conflict of interest, or comprises WRC in any way.

If the award is received in a personal capacity for work unrelated to their employment with WRC, then the award does not need to be declared.

### Sponsorship and General Invitations (i.e., Corporate Box and event invitations)

Sponsorship-there may be occasions when WRC is offered entry tickets as a result of WRC sponsoring an event or Agreement with a third party.

Tickets which have been gifted because of some form of WRC sponsorship will become the property of WRC and are not required to be declared.

**Note:** for clarity sponsorship gifts are not required to be entered into the Waiving of Fees and Charges Register.

For consistency in the distribution of bulk sponsorship tickets and invitations offered and received by WRC these must be distributed as follows:

1. Mayor (then Deputy Mayor); then 2. Councillors; then 3. ELT members; then 4. Managers; then 5. Coordinators and Officers.

### General invitations

Any invitations in relation to corporate box, sporting events, concerts or other events issued to a Councillor or staff personally must be declared, even when the invitation appears to be issued on a personal basis, this includes personal invitations for events which WRC sponsors.

## Gifts and Benefits Policy

Office of the Mayor and CEO

OMCEO\_16

### Small Tokens of Thanks

These types of gifts (i.e., bottles of wine, box of chocolates) can normally be accepted as a matter of social convention, however the value of the gift, sensitivity of the recipient's position and perception should be considered and declared.

### Acceptance of gifts and benefits

11. The CEO and Directors are the only persons with authority to grant approval to employees accepting and/or retaining gifts or benefits.
12. If an offer of a benefit involves payment of a subscription to attend a function or event, the offer must be refused unless the relevant Authorised Officer is satisfied that the employee's attendance in an official capacity representing Council is of benefit to Council for networking or other transparently beneficial reasons.
13. Each type of gift or benefit carries a level of risk that Councillors and employees should consider when deciding whether the gift or benefit should be accepted or declined.
14. In determining whether acceptance of a gift is appropriate, the three major considerations are:
  - 14.1. the intent in which the gift or benefit is given;
  - 14.2. the public perception of acceptance of the gift or benefit; and
  - 14.3. the value of the gift or benefit.
15. Acceptance of a gift or benefit may be considered only if it complies with the following principles:
  - 15.1 it does not influence, or have the potential or perceived potential, to influence, in any way so as to compromise, or appear to compromise, the integrity and impartiality of the Councillor or employee, or to create a conflict of interest, or perception of conflict of interest; and
  - 15.2. it is not related to advice or decisions about (but not limited to):
    - 15.1.1 granting licences;
    - 15.1.2 inspecting and regulating businesses;
    - 15.1.3 giving approvals; or
    - 15.2.4. letting contracts; and
  - 15.3 it does not incur any cost to Council; and
  - 15.4 it must not involve money, or anything easily converted to money such as shares.

## Gifts and Benefits Policy

Office of the Mayor and CEO

OMCEO\_16

- 16 If a gift or benefit has been received in the circumstances that Council has provided sponsorship or grant, CEO approval is required before acceptance of the gift or benefit occurs.

### Acceptance of gifts or benefits

17. A gift or benefit must not be accepted if any of the following principles apply:

- 17.1 it is considered as a gift of influence;
- 17.2 it affects, or could be perceived to affect, the performance of the recipient's official duties or influences, or could be seen to influence, the decision-making or behaviour of the recipient;
- 17.3 the gift giver or any reasonable observer would conclude that the recipient may be under obligation to the gift giver;
- 17.4 it is not offered openly; or
- 17.5 it is an offer of money or anything readily convertible to money, for example, shares.

### Gifts and/or Benefits of Nominal Value (less than \$150)

Where a Councillor or employee are offered a gift and/or benefit of nominal value (less than \$150) WRC deems it reasonable for the recipient to accept and keep the gift and/or benefit, provided that doing so does not breach any part of this Policy or the Act.

This gift and/or benefit is not required to be recorded in the Gifts Register, however, may need to be recorded in the Register of Interest in accordance with the *Local Government Act 2009* and the Local Government Regulation 2012.

**Note: Cash is excluded and should not be accepted under any circumstances.**

Any gift and/or benefit received by a Councillor or staff as appreciation of a task or service carried out by a group of Staff members or Councillors should be shared with the members of that respective team.

Cumulative gifts and/or benefits received from the same giver which when combined exceed the nominal value threshold of \$150 in a twelve-month period (financial year) must be disclosed to the CEO. In the case of the CEO and Councillors, disclosure will be to the Mayor. In the case of the Mayor, disclosure will be to the Deputy Mayor. The offer of cumulative gifts and/or benefits which exceed the threshold of \$150 over a period of 12 months must also be entered on the Gifts Register.

### Gifts and/or Benefits with a Value of \$150 - \$500

Any gift and/or benefit received by a Councillor or staff with a value between \$150 - \$500 will become the property of WRC in the first instance. The gift and/or benefit must be entered in the Gifts Register or in the Register of Interest in accordance with the *Local Government Act 2009* and the Local Government Regulation 2012.

## Gifts and Benefits Policy

Office of the Mayor and CEO

OMCEO\_16

Retention of a gift and/or benefit by the recipient will be at the discretion of either the CEO, Mayor, or Deputy Mayor.

Should the decision be that the gifts and/or benefits will not be retained by the recipient, it must be disposed of in an appropriate and transparent manner. For example:

- return the gifts and/or benefits to the giver;
- share the gifts and/or benefits amongst the recipient's team and/or department;
- auction the gifts and/or benefits with the proceeds being donated to charity;
- donate the gifts and/or benefits to a charitable or community facility; and
- ownership passed to WRC allowing the gifts and/or benefits to go on public display where appropriate.

### Gifts and/or Benefits with a Value of Greater than \$500

Any gift and/or benefit received by a Councillor or Staff with a value greater than \$500 must be reported, and acceptance of the gifts and/or benefits by the recipient will be at the discretion of the CEO, Mayor, or Deputy Mayor.

Unless there are specific reasons to support acceptance, approval is unlikely to be given for gift and/or benefit with a value greater than \$500 to be retained by the individual. Retention will only be granted in exceptional circumstances.

Should the decision be that the gifts and/or benefits will not be retained by the recipient, it must be disposed of in an appropriate and transparent manner. For example:

- return the gifts or benefits to the giver;
- share the gifts or benefits amongst the recipient's team and/or department;
- auction the gifts or benefits with the proceeds being donated to charity;
- donate the gifts or benefits to a charitable or community facility;
- ownership passed to WRC allowing the gifts or benefits to go on public display where appropriate.

Gifts and/or benefits with a value greater than \$500 (whether retained or not) must be entered in the Gifts Register. There may still be a requirement to include receipt of the gifts and/or benefits on an individual Register of Interest in accordance with the *Local Government Act 2009* and the Local Government Regulation 2012.

### Ceremonial Gifts

All ceremonial gifts presented to a Councillor or staff on behalf of WRC will be the property of WRC and must be passed to the CEO.

### Gifts Register

18. The Office of the CEO shall keep a register of all gifts and benefits ("gifts register"), and offers of gifts or benefits, received by Councillors and employees.

## Gifts and Benefits Policy

Office of the Mayor and CEO

OMCEO\_16

19. The gifts register shall include the following information:
  - 19.1 date of the offer;
  - 19.2 details of the person and/or organisation offering the gift;
  - 19.3 the name of the recipient;
  - 19.4 description of the gift or benefit;
  - 19.5 estimated value of the gift or benefit;
  - 19.6 decision regarding whether the gift should be retained by the recipient or otherwise; and
  - 19.7 name of the Authorised Officer who made the decision.
20. Any employee who receives a gift or benefit is required to fill out the appropriate form and provide the completed form to the Office of the CEO within ten (10) business days of receiving the gift or benefit.
21. Any Councillor who receives a gift or benefit that has a retail value of more than \$150.00 is required to fill out the appropriate form and provide the completed form to the Office of the CEO within ten (10) business days of receiving the gift or benefit.
22. If Councillors receive multiple gifts or benefits from the same donor, or associates of that donor, in any financial year and the cumulative value is more than \$150.00, each gift or benefit must be reported as per clause 21. Councillors should keep a record of gifts or benefits of value under \$150.00 to track the cumulative value.

### Exclusions

23. Items which can be regarded as mementos such as ties, cufflinks, pens, stationery or the like, the fair market price of which would not exceed gift declaration guidelines at the time of purchase and at the place of purchase.
24. Items provided to employees or Councillors under an approved reward program e.g., years of service recognition.
25. Gifts received from family members or personal friends (except where they are a Council employee and/or Councillor) offered in a purely personal capacity.
26. If a gift over the Gift Declaration Limit does not need to be disclosed under this policy, but the gift may give rise to an actual or perceived conflict of interest it must be disclosed via the Council's "conflicts of interest disclosure" process.

## Related Party Disclosure Policy

Corporate Services

CORP\_87

### Purpose

The purpose of this policy is to ensure that Council's financial statements comply with the disclosure requirements under the Australian Accounting Standard AASB 124 Related Party Disclosures.

### Scope

This policy is applicable to all Councillors and Key Management Personnel 'KMP'.

### Policy Statement

1. This policy shall be applied by Council and its auditors in:
  - 1.1. identifying related party relationships and transactions;
  - 1.2. identifying outstanding balances between Council its related parties;
  - 1.3. identifying the circumstances in which disclosure of the items in paragraphs 1.1 and 1.2 are required; and
  - 1.4. determining the disclosures to be made about the items in paragraphs 1.1 and 1.2.

#### Disclosure Requirements

2. Council shall report in its annual report details of remuneration, expenses incurred and facilities provided to Councillors as required under s186 of the Regulation.
3. Council shall report in its annual report details of remuneration to KMP as required under s201 of the *Local Government Act 2009* ('the Act').
4. Compensation to Key Management Personnel as per clause 3 is to be disclosed in total and for each of the following categories:
  - 4.1. short-term employee benefits;
  - 4.2. post-employment benefits;
  - 4.3. other long-term benefits; and
  - 4.4. termination benefits.
5. Council shall disclose in its financial statements related party relationships, leases, transactions (monetary and non-monetary), outstanding balances and commitments. At a minimum, disclosures shall include:
  - 5.1. the value of the transaction(s);
  - 5.2. the value of outstanding balance(s) and their terms and conditions, including whether they are secured, and the nature of consideration to be provided in settlements;
  - 5.3. the nature of the related party relationship;
  - 5.4. details of any guarantees given or received;
  - 5.5. provisions for doubtful debts related to the amount of outstanding balances; and
  - 5.6. the expense recognised during the period in respect of bad or doubtful debts due from related parties

## Related Party Disclosure Policy

Corporate Services

CORP\_87

6. Disclosures made as per clause 5 shall be made separately for the following categories:
  - 6.1. subsidiaries (irrespective of whether there have been transactions between entities);
  - 6.2. associates;
  - 6.3. joint ventures in which Council is a joint venturer;
  - 6.4. KMP and close family members; and
  - 6.5. other related entities.

### Excluded from detailed disclosure

7. Council shall exclude from detailed disclosures those transaction with related parties of the Council that:
  - 7.1. occur within a normal employee, customer or supplier relationship and at arm's length;
  - 7.2. occur under normal terms and conditions;
  - 7.3. are trivial or domestic in nature; or
  - 7.4. are individually or collectively immaterial.
8. Such transactions and amounts receivable or payable shall be disclosed in the financial statements by aggregate or general description.
9. The arm's length principle is the condition or fact that the parties to a transaction are independent and on an equal footing.
10. Normal terms and conditions are those that apply to the general public.
11. Transactions or balances are trivial in nature when they are of little or no interest to the users of the financial report in making decision about the allocation of scarce resources.
12. Transactions are domestic in nature when they are related to a person's personal household activities.
13. Materiality takes its meaning as defined in AASB 101 Presentation of Financial Statements. Assessing materiality requires judgement and shall be done in consultation with Council's external auditor and audit committee.

### Ordinary Citizen Transactions 'OCT'

14. Transactions with related parties of the Council which are of a nature that any ordinary citizen would undertake will be captured but will not be reported. If an OCT occurs on terms and conditions that are different to those offered to the general public, the transaction will be captured and reported in the financial statements.
15. OCT are transactions that occur during the course of delivering local government service objectives and which occur on no different terms to that of the general public.
16. Examples of OCT include:
  - 15.1. using the Council's public swimming pool after paying the normal fee;
  - 15.2. parking fees at rates available to the general public;

- 17. Example of transactions that are not OCTs include:
  - 16.1. infrastructure charges; and
  - 16.2. purchase of goods, regardless of conditions.

### Identification of Related Parties

- 18. The Office of the Mayor and CEO is responsible for maintaining a current register of related parties.
- 19. The Office of the Mayor and CEO will review the register of related parties every six months, or after a significant restructure. As part of said review, the KMP are required to review their Declaration.
- 20. KMP's are required to complete a Related Parties Declaration, to update their declaration within 30 business days of any change in circumstances and to review their Declaration annually.

### Privacy and Freedom of Information

- 21. Collection and storage of personal information is governed by the *Information Privacy Act 2009*.
- 22. Information provided by KMP and other related parties shall be held for the purpose of compliance with obligations under this policy and shall be disclosed where required for compliance or legal reasons only.

### Breach of Policy

- 23. Failure to disclose related party transactions will be deemed a breach of this policy and will be followed with disciplinary action.

### Notice of a Suspected Related Party Transaction

- 24. If any Councillor or employee believes that a transaction may constitute a related party transaction they must notify either the CEO or the Director Corporate Services.

### Training

- 25. Council will make this policy available to Councillors, management, officers, employees, consultants and contractors.
- 26. Internal training will be provided to relevant staff.

## Confidentiality for Councillors Policy

Office of the Mayor & CEO

OMCEO\_02

### Purpose

The purpose of this policy is to:

- provide guidance to Councillors in complying with Section 171(3) of the *Local Government Act 2009* 'the Act' regarding the proper handling of confidential information;
- support Councillors in balancing the right and duty to inform the public and consult with constituents about Council business with the interest Council has in preventing disclosure of confidential information; and
- assist Councillors in determining what confidential information is and how to deal with such information.

A Councillors role requires them to be in receipt of confidential information that may or may not be part of a formal Council meeting. Councillors must use Council information in a way that promotes and maintains the public's trust and confidence in the integrity of the local government.

Note: A contravention of subsection (3) is misconduct.

### Scope

This policy is applicable to all Councillors including Councillors of past administrations.

This policy does not override an individual Councillor's statutory obligation in respect of the use of information, nor does it override Council's obligations under the Act or any other legislation or subordinate legislation to disclose or publish information where this is required by law.

### Applicable Legislation

This policy is in reference to section 171(3) of the Act and the *Right to Information Act 2009* and the *Information Privacy Act 2009*.

### Policy Statement

- 1.1 Council acknowledges that it is custodian of extensive confidential information, the improper use or disclosure of which may affect individuals, organisations or Council or give an unfair advantage to someone.
- 1.2 Council shall operate in an environment of public accountability that seeks to inform the public of issues under consideration and the nature of decisions made by Council.
- 1.3 Council believes in the principle that information should be released to the public unless there are compelling reasons which indicate that this is not in the public interest.
- 1.4 Council is conscious of the need to handle Council information in a way that promotes and maintains the public's trust and confidence in the integrity of the local government.
- 1.5 Council shall endeavour, in the interests of public accountability, to limit the number of matters that are considered in closed sessions although Council acknowledges that it is appropriate to consider certain matters in closed meetings.

## Confidentiality for Councillors Policy

Office of the Mayor & CEO

OMCEO\_02

### Confidential Information

2. The following types of information shall be deemed to be confidential to Council unless or until Council resolves to the contrary in a particular instance:
  - 2.1 commercial in confidence information - including where the release of information would affect a company's competitive advantage; this is particularly relevant in a competitive tender situation;
  - 2.2 information derived from government departments or ministers that has been classified as confidential;
  - 2.3 information of a personal nature or about personal affairs, for example the personal details of Councillors or Council employees;
  - 2.4 information relating to a property disposal or acquisition process where release of the information may prejudice Council;
  - 2.5 information relating to a matter which is under investigation by the CEO or another agency;
  - 2.6 financial and legal analysis where the disclosure of that information may compromise Council or another person or organisation;
  - 2.7 information contained in correspondence to or from Council marked "private and confidential" or featuring like words;
  - 2.8 information relating to clients of Council;
  - 2.9 information not owned or controlled by Council;
  - 2.10 information that could result in any legal action being taken against Council, including for defamation;
  - 2.11 information involving legal advice to Council or a legal issue or a matter before the courts;
  - 2.12 information that is expressly given to Councillors in confidence; and
  - 2.13 information examined or discussed at Councillor briefing sessions, unless the Chief Executive Officer declares that such information (or part thereof) is not confidential;
3. Council acknowledges that some of the above classes of information may need to be disclosed from time to time for legal proceedings or in accordance with the *Right to Information Act 2009* and *Information Privacy Act 2009*.
4. The CEO may make a declaration that information concerning a specific matter is to be treated as confidential to Council, and the information will remain confidential unless or until Council resolves to the contrary.
5. If Council exercises its powers under the Act to close its meeting to members of the public, all information in relation to the matters discussed during that closed meeting or the closed portion of the meeting is confidential, unless and until the Council resolves to the contrary.
6. If a Councillor has any doubt as to whether Council considers information to be confidential, the Councillor is to act on the assumption that Council does consider the information confidential until the doubt is resolved by the CEO or at a subsequent meeting of Council.

### Responsibilities of Councillors

## Confidentiality for Councillors Policy

Office of the Mayor & CEO

OMCEO\_02

### 7. Councillors shall:

- 7.1. exercise due care when handling or using information acquired in their role as a Councillor;
- 7.2. acknowledge that there will be information that must be treated as confidential because to release it would reduce public trust and confidence in the integrity of Council;
- 7.3. acknowledge that disclosure of confidential information constitutes a breach of the Act and the Code of Conduct for Councillors, and that Council may take legal action for any damages caused and refer the breach to the relevant State Government agency;
- 7.4. if uncertain, presume information is confidential, and seek advice from the CEO prior to any release of it;
- 7.5. not disclose, and use their best endeavours to prevent disclosure of, confidential information to any person or organisation, specifically:
  - 7.5.1 avoid discussing confidential Council information with family, friends, business associates and/or the media; and
  - 7.5.2 ensure documents containing confidential information are properly safeguarded at all times - including materials stored at private or business residences.
- 7.6. not use confidential information (or any information acquired as a Councillor) to gain improper advantage for themselves or any other person or body;
- 7.7. not use confidential information (or any information acquired as a Councillor) to cause harm or detriment to Council or any other person or body;
- 7.8. ensure that information that may harm, prejudice or compromise the interests of Council, or any individual or organisation, is treated confidentially; and
- 7.9. ensure that sensitive information of an individual or business shares with another party in confidence, is treated confidentially;
- 7.10. appropriately declare conflicts of interest and/or material personal interests in a way which will avoid them becoming aware of confidential information relevant to their interest.
- 7.11. use IT facilities in accordance with the Reimbursement of Expenses and Provision of Facilities for Councillors Policy, protecting confidential information on any IT device they use, including not storing Council information on a device that is not owned by Council.

## Release of Confidential Information

### 8. The release of confidential information includes, but is not limited to:

- 8.1 orally telling any person about the information or any part of the information;
- 8.2 providing the original or a copy of documentation or any part of the documentation that is marked confidential; or
- 8.3 paraphrasing, in writing or orally, any confidential information.

## Breach of this Policy

9. A person may make a complaint about a breach by a Councillor of section 171(3) by giving notice of the complaint to the Council's Chief Executive Officer. A breach of section 171(3) is considered "misconduct".

## Confidentiality for Councillors Policy

Office of the Mayor & CEO

OMCEO\_02

10. Allegations of misconduct must be referred by the Chief Executive Officer to the Office of the Independent Assessor in accordance with *Local Government (Councillor Complaints) and Other Legislation Amendment Act 2018*.
11. If the assessor decides that a Councillor has breached section 171(3) of the Act, the assessor may make any one or more of the following orders or recommendations:
  - 11.1 Dismiss the complaint about the conduct of the Councillor;
  - 11.2 If the assessor reasonably suspects the Councillor's conduct is inappropriate conduct – refer the suspected inappropriate conduct to the local government to deal with; or
  - 11.3 If the assessor is reasonably satisfied the Councillor's conduct is misconduct – make an application to the conduct tribunal about the conduct; or
  - 11.4 Take no further action in relation to the conduct.
12. If the tribunal decides that a Councillor has breached the Act, the tribunal may make any one or more of the following orders or recommendations:
  - 12.1 An Order that the Councillor make a public admission that the council has engaged in misconduct or inappropriate conduct;
  - 12.2 An Order reprimanding the Councillor;
  - 12.3 An Order that the Councillor attend training or counselling to address the Councillor's conduct;
  - 12.4 An Order that the Councillor pay to the local government an amount that is not more than the monetary value of 50 penalty units;
  - 12.5 An Order that the Councillor reimburse the local government for all or some of the costs arising from the councillor's misconduct;
  - 12.6 An Order that the Councillor is not to attend a stated number of local government meetings, up to a maximum of three meetings;
  - 12.7 An Order that the Councillor is removed, or must resign, from a position representing the local government, other than the office of Councillor; or
  - 12.8 A recommendation to the Minister that the Councillor be suspended from office for a stated period or from performing particular functions of the office.

## Private Email and Social Media Platforms Policy

Office of the Mayor & CEO  
OMCEO\_08

### Purpose

Comply with legislation relating to information access and distribution, including securing information and ensuring the posterity of information for the future.

Establish clear guidelines regarding Councillors' use of private email and private social media platforms that supports transparent, open and accountable government.

Information is an important council asset. This policy is aimed at ensuring any correspondence regarding Council business is conducted using official Whitsunday Regional Council email and social media channels and recorded in Council's recordkeeping system in accordance with relevant policies. Clear guidance for elected officials about the use of private email or private social media platforms for official purposes is required to support transparent, open and accountable government. The use of private email addresses by any elected official for official business lacks transparency and is a corruption risk.

### Scope

Access to and distribution of any correspondence or business relating to Whitsunday Regional Council is the responsibility of all Councillors, staff and contractors to ensure information is treated appropriately in accordance with the Local Government Act 2009, Information Privacy Act 2009, Right to Information Act 2009 and Public Records Act 2002.

### Policy Statement

1. Elected members are not to use private email or private social media platforms to conduct business associated with the role and purpose of Council. Any potential interaction on a private platform that is likely or may relate to a current or future Council consideration or decision is not to occur, rather such discussion is to be via the formal Council media platform.
2. Elected officials who receive an inquiry from a community member, contractor, developer or other agency via their personal email or social media should immediately direct the sender to forward that inquiry to their official Whitsunday Regional Council email address.
3. Failure to adhere to this policy is likely to bring the elected member and Council into disrepute and subject to a range of penalties as defined in the relevant legislation.
4. The use of private email and social media applications for official Council business does not support transparent, open and accountable government.
5. Whitsunday Regional Council requires all information relating to council's business transactions with the community, contractors, developers and agencies to be stored in the nominated council systems, where the integrity of information can be assured via system controls. The system controls allow council to be able to track access and actions on information, apply appropriate security, ensure information is backed up / stored appropriately and the information is accessible for future decisions, legislative action and efficient council operations.

## Private Email and Social Media Platforms Policy

Office of the Mayor & CEO

6. Private email, private document storage (cloud or other), or private devices must not be utilised to hold or transact council business, as access, backups and security is unable to be guaranteed, putting council's information at risk of being lost or stolen.

### Applicable Legislation

*Local Government Act 2009*

*Information Privacy Act 2009*

*Right to Information Act 2009*

*Public Records Act 2002*

### Definitions

**CEO** refers to the Chief Executive Officer of the Whitsunday Regional Council appointed in accordance with the *Local Government Act 2009*.

**Council** refers to the Whitsunday Regional Council

**Employee** refers to any employee, contractor, volunteer etc. of the Council

**Information** includes documents (hard copy and electronic), emails, physical media (e.g. USB memory devices, disks, tapes), social media (e.g. facebook, twitter, youtube), cloud based information applications and storage (e.g. Onedrive, Dropbox, subscription sites) and databases.

**Access** is the ability for relevant personnel with the appropriate security to be able to retrieve council business related information now and in the future, through corporate systems. Corporate systems allow data integrity to be maintained through the capture of key metadata, version control and auditing. Access and retention of information is determined through the Information Privacy Act 2009, Right to Information Act 2009 and the Public Records Act 2002.

**Distribution** is the process that relevant personnel with the appropriate authority use to make council business related information available to an individual, group or the public as a whole.

## 11.11 - Annual Delegations Review

**MEETING DETAILS:** Ordinary Council Meeting - Wednesday 25 September 2024

**AUTHOR:** Manager - Governance and Administration Services

**AUTHORISING OFFICER:** Director Corporate Services

---

### PURPOSE

For Council to review the legislative delegations to the Chief Executive Officer, which is required to be done on an annual basis.

### EXECUTIVE SUMMARY

Councils can delegate many of their decisions so that they can focus on strategic issues or when needed because councillors have conflicts of interest and cannot participate in decision-making. The *Local Government Act 2009* allow councils to pass a resolution to delegate their powers to:

- the mayor
- the chief executive officer
- a standing committee or joint standing committee
- the chairperson of a standing committee or joint standing committee
- another local government for the purposes of a joint local government activity.

Local governments cannot delegate a power that is required to be exercised by resolution under an Act. A local government can choose to exercise a power themselves even after a power has been delegated.

Once a power is delegated, the delegate has the authority to use the power and does not need to seek further approval or endorsement before exercising the power. When a local government delegates its powers to the Chief Executive Officer, the local government must review those delegations annually.

### OFFICER'S RECOMMENDATION

That Council:

1. Delegate the powers contained in the Delegations Register (Attachment 1) to the Chief Executive Officer in accordance with Section 257 of the *Local Government Act 2009*, subject to the limitations and conditions contained within the Register.
2. Endorse the Chief Executive Officer to amend the "CEO to Employees/Contractors Delegations Register" to reflect the changes as per recommendation 1.

### BACKGROUND

Council has the power under section 257(1) of the *Local Government Act 2009* 'the Act' to delegate powers under the Act or another Act to Council's Chief Executive Officer.

During 2023-2024 Council utilised Local Government Association Queensland portal, to access the delegations register and updates conducted by King and Company solicitors. A review has been completed to identify all delegations that are recommended to be delegated by Council to Chief Executive Officers within the local government area.

Mayors, other than the Lord Mayor of Brisbane, can delegate their powers to another councillor. However, mayors cannot:

This is page 305 of the Agenda of Council's Ordinary Council Meeting - 25 September 2024

- delegate the power to direct the chief executive officer to another councillor
- change a delegated power if the local government has directed the mayor not to further delegate the power.

Chief Executive Officers can delegate their powers to an appropriately qualified local government employee. However, Chief Executive Officers cannot:

- delegate the power to keep registers of interests for councillors and senior executive employees
- change a delegated power if the local government has directed the chief executive office not to further delegate the power.

The Chief Executive Officer must establish a register of delegations that records all delegations made by the local government. The delegations register must be available for inspection by the public and must contain the following information:

- the name or title of the person, or the name of the committee, to whom powers are delegated
- a description of the powers delegated, including the provisions under a local government related law permitting or requiring the exercise of the powers
- if the delegation is by the local government, a summary of the resolution by which the power was delegated including the date, any conditions and the reference numbers for the resolutions (if applicable).

A review of delegations from Council to CEO has been completed and is being presented for Council adoption.

## DISCUSSION/CURRENT ISSUE

Section 257(5) of the Act states that a delegation to the Chief Executive Officer made under section 257(1) of the Act must be reviewed annually.

The Delegation's Register was last reviewed in 2023, and various updates have been made since then. A complete review of all the legislation applicable to Local Government has been undertaken and completed. The attached register includes all the delegations that were previously delegated to the Chief Executive Officer and adopted by Council and in addition all those powers that are currently not delegated and are recommended for adoption. This update has arisen from changes in legislation or new legislation that has been introduced since the last review period. Please refer to **attachment 1** highlighted in yellow are all the new and amended pieces of legislation that are recommended by the review undertaken by King and Co lawyers on behalf of LGAQ.

The following list identifies legislation with additional powers or powers that have changed that are recommended for delegation from Council to the Chief Executive Officer:

The process of Council sharing its legislative powers through delegation to the CEO (and the CEO further sub-delegating to employees) is to allow officers to administer responsibilities and make decisions efficiently without the need of a formal council resolution for each decision. It would be counterproductive and resource intensive to require Council or the CEO to exercise all legislative powers.

In line with the review of the delegations from the Council to the Chief Executive Officer, a review of the Sub-Delegation Register, being the delegations from the Chief Executive Officer to Employees is also being conducted. The Chief Executive Officer, in accordance with section 259 of the Act has the authorisation to sub-delegate their powers to appropriately qualified employees.

Delegating authority to make decisions to the lowest level within Council, also facilitates efficiency and empowers employees to undertake their roles more completely, with embedded accountability aligning with the delegation.

There are a significant number of delegations contained in the attachment, with the changes incorporated within the register. It is prudent to readopt the whole delegations as listed for completeness.

## **FINANCIAL IMPLICATIONS**

Council is subscribed to LGAQ's delegations' services as part of Council's annual subscription, which is resourced through the 2024-2025 budget.

## **CONSULTATION/ENGAGEMENT**

Chief Executive Officer  
Councillors

## **STATUTORY/COMPLIANCE MATTERS**

Section 257(5) of the *Local Government Act 2009* requires Council to review annually delegations to the CEO.

## **RISK ASSESSMENT/DEADLINES**

Delegations are vital in ensuring that operations of the Council are able to be conducted legally and efficiently. Having appropriately delegated powers as identified in legislation, ensures that Council risk is mitigated when conducting operational activities. Failure to review and update delegations' registers may result in routine decisions having to be made by Council which are more appropriately exercised at a Council officer level and an inefficient use of Council's time and resources.

## **STRATEGIC IMPACTS**

Corporate Plan Reference:

Lead and coordinate the organisation's corporate governance and risk management, in addition to the delivery of efficient and customer focused administration support for the organisation to ensure high levels of performance and compliance.
