Dear Clay Bauman

**RE – Public Question Response**

I refer to your public question received on 11 July 2022 and read out at the Ordinary Council Meeting held on 13 July 2022, seeking an update on the Crime and Corruption Commission referral letter dated the 8th of November 2021 and a response to your email to Council dated 9 May 2022.

In your email you asked specific questions about information supplied to you on the Shingley high-rise, below are the answers to your email questions:

**Question 1.** Why the submission sub totals do not add up?

**Answer 1.** This was an error in the report. The correct/updated figures are properly made – 926, Not properly made – 221 and Total – 1147. This was made clear to Councillors at the meeting.

**Question 2.** Advise how the service vehicles get to the exit or why crossover 1 and access 1 do not meet two-way minimums of AS2890.2? Noting SARA design vehicle of 14.5m bus using the same access?

**Answer 2.** The service vehicle access is within the property boundary and the applicant's RPEQ has stated that "All access points are generally compliant with AS2890.1 and are suitable from a traffic engineering perspective." The service vehicle entry and exit are the same location. Service vehicles will turn left as they exit the ground level loading/servicing area and egress through the porte-cochere. The design is fit for the intended purpose as stated by an RPEQ.

**Question 3.** Advise where the required 5 queuing bays are located inside the property boundary? Noting SARA's condition for the Porte Cohere to be a "dedicated passenger loading zone"

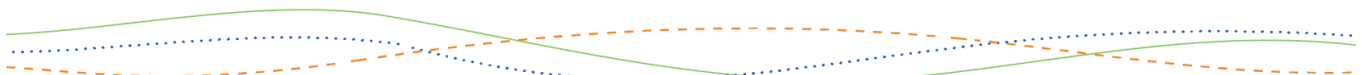

**Answer 3.** The applicant's RPEQ engineer will sign off on this aspect in relation to SARA's condition. If the RPEQ signs off on it and SARA accept the design in accordance with AS2890.1, it will be at SARA/DTMR's discretion.

**Question 4.** Need for clarity surrounding the calculation of Total Use Area for carparking demand.

**Answer 4.** Total Use Area - The parking performance solution has been proposed by a reputable Traffic Engineer and RPEQ. Large and complex developments like this require consideration of cross-utilisation of facilities within the complex, and the use of public and active transport. We are satisfied that the Engineer has based their information on professional experience and training.

The CCC referred your following allegation to Council to respond:

*"Misuse information - falsify information or records. The subject officer has provided false information to Councillors in a Council meeting in relation to a development application. Councillors have been told that under the Infrastructure Agreement, Council will not impose infrastructure charges for any developments within the Port of Arlie site, but the Infrastructure Agreement outlines some circumstances where the charges are payable. Even after the CP raised this issue with Council, the false information has continued to be provided to Councillors."*

**Response:** Councillors have been informed on numerous occasions that an Infrastructure Agreement (IA) is in place for the development of the Port of Airlie. The terms of this IA are such that the current full infrastructure charges are not payable in some circumstances. It is not accurate to say that Council will not impose infrastructure charges for any development within the Port of Airlie site.

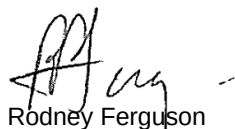

Please note that the above-mentioned item was addressed previously in an email response from Council dated 15 March 2022 at 10:34am, please refer to attached.

Your final question asked for Council to provide evidence to back up allegations against you. Council has not made allegations against you and it is not the intent to leave questions unanswered. With the volume of correspondence received it was challenging to determine what was answered and what was not, especially when the questions were being asked of multiple people.

This is why the direction was given on the 31 May 2022 to centralise your correspondence. If a response has already been provided on the same question you will be advised of such.

I note your public question asked about correspondence issued before this directive was given, so it is intended that by introducing this change in process that future questions will be answered.

Yours faithfully

Rodney Ferguson  
Chief Executive Officer

| <p><b>Infrastructure Charges</b></p> <p>The planning department is telling you POA do not have to pay 43% of their infrastructure charges due to the IA for "any developments within the Port of Airlie site." (Note: It is Clause 8.5, not 8.3)</p> <p><b>** The Port of Airlie development is subject to an Infrastructure Agreement with Whitsunday Regional Council whereby future development will only contribute to water and sewer developer contributions. Clauses 8.2 and 8.3 of the Infrastructure Agreement between the applicant and Council dated 15 March 2006, states that Council will not impose an infrastructure charge for open space, parkland, public facilities, local community purposes, environmental purposes or roads for any developments within the Port of Airlie site.</b></p> <p>This is not true! The AI actually states they can be charged if they are increasing the intensity of development beyond the "Primary Lot Precinct Plan."</p> <p>8.5 The Council will not impose on the Company any Infrastructure Charge for Roads, Local Community Purposes, environmental purposes or open space purposes, in respect of the Reclaimed Land other than in response to a Development Application approval of which would increase the intensity of Development for a Development Lot beyond that envisaged in the Primary Lot Precinct Plan.</p> <p>The Primary Lot Precinct Plan and Table specifically states this area is designed for a maximum height of two storeys and 9 metres. It appears the Council is giving an \$85,902.54 discount where it is not required to do so (even if the IA is still alive.)</p>  <p>The development of a multi-storey car park on Lot 114 certainly seems to be an intensification of the Precinct Plan and in my opinion, full infrastructure charges should be paid.</p> | <p>The Primary Lot Precinct Lot plan exists only to determine the amount of infrastructure charges for which a discount is established in the Infrastructure Agreement. It does not fetter Council's ability to determine a Material Change of Use for a building which is taller.</p> <p>The proposed development is taller than shown on Primary Lot Precinct Plan, potentially triggering additional charges.</p> <p>However, in terms of Council's adopted Infrastructure Charges Resolution 1/2020 (ICR1/2020) a <b>Parking Station</b> is defined as an 'Other use', for which there is no pre-determined charge. The applicable charges are those that "...Council determines should apply based on (an) other use having a similar demand for infrastructure...".</p> <p>Council has previously determined that no charge is applicable to a because a parking station, because is not a land use that people will visit in its own right. A parking station provides a service for other land uses e.g. shops, offices etc. These other uses create demand on services and trigger applicable infrastructure charges.</p> <p>Additionally, even if a charge was applicable, infrastructure charges for non-residential uses are based on gross floor area, which by definition in ICR1/2020, excludes parking areas.</p> <p>It is relevant that the proposed commercial uses on the building have been levied for infrastructure charges based on the gross floor area. The proposed commercial uses are provided in a one and a two-storey building, which is an intensity no greater than the primary lot precinct plan prescribes, at no greater than two storeys (9 metres).</p> |

In relation to your attachment, our calculations in relation to infrastructure charging in POA are always in accordance with 8.2 and 8.3 of the Infrastructure Agreement. The note you refer to, located at the bottom of the Infrastructure Table and identified with an asterisk, is generalised information to explain why the full charges are not applicable.

In future reports we will dispense with the generalised note altogether.

The more relevant issue is that the charges have been correctly calculated and advised to Council accordingly.

Dear Mr Ferguson

I refer to the Whitsunday Regional Council's (the council) letter of 25 May 2022 requesting approval to conduct the Mayoral by-election, by way of full postal ballot, brought about by Councillor Willcox being elected to federal parliament.

As you are aware, I referred the council's application to the Electoral Commissioner of Queensland for recommendation. I have now received the recommendation and, pursuant to section 45(1) of the *Local Government Electoral Act 2011* (the Act), I have decided to decline the council's application for the by-election to be conducted by full postal ballot.

In undertaking the review of council's application, it was identified that there is an overriding benefit in delivering the election as an attendance ballot to provide a greater range of voting options for electors and to maximise the participation electors in the by-election and that previous voting trends indicate a full postal ballot is not a preferred voting method for the majority of electors in the council's local government area.

I have also written to Mr Pat Vigden PSM, Electoral Commissioner, advising of my decision.

Regarding your request to conduct a full postal ballot for any subsequent by-election which may arise, each application for a postal ballot is required to be assessed individually on its merits on a case-by-case basis, against the criteria in relevant sections of the Act. Should the upcoming mayoral by-election result in an additional councillor by-election, I would welcome the council to apply, should it wish, to conduct a full postal ballot to fill that vacancy.

I have asked for Mr Jay Ellul, Regional Manager, Local Government Division in the Department of State Development, Infrastructure, Local Government and Planning to assist you with any further queries. You may wish to contact Mr Ellul on (07) 4758 3426 or by email at jay.ellul@dsdilgp.qld.gov.au.

Yours sincerely

2.2. Zoning

The site is zoned Rural under the *Whitsunday Regional Council Planning Scheme 2017*.

2.3. Site description

The site is generally flat and has been historically cleared for cattle grazing with some vegetation remaining along the banks of the Don River and Menilden Creek.

2.4. Access

The sites lawful point of access is achieved from the unmade road reserve, however existing access is achieved via a road locally referred to as Wardens Bend Road.

2.5. Surrounding uses

The uses of the land surrounding the proposal are agricultural.

3. Proposal Details

Council is in receipt of a development application for the reconfiguration of a lot into two. The proposal is to separate the two northern portions of the land from the larger southern portion, as follows:

- Proposed Lot 21 – this lot forms the southern portion of land and will have an area of approximately 138.8 hectares.
- Proposed Lot 22 – this lot forms the northern two portions of land and will have an area of approximately 80 hectares.

The agricultural purpose behind the subdivision is for the water allocations to be transferred to proposed Lot 21 and for the remaining land to be separated into an agricultural holding. The application describes that Proposed Lot 21, being the most southern portion, will be retained within the Warden Ben land holdings utilised for cropping and Proposed Lot 22, being the northern portions of land, will be integrated into the Mt Dangar land holdings with the land more suitable for grazing.

4. Planning Assessment

The application has been assessed against the relevant provisions of the *Planning Act, 2016* and the *Whitsunday Regional Council Planning Scheme, 2017*. The proposal is generally in accordance with the Planning Scheme and is recommended for approval subject to the documents submitted and reasonable and relevant conditions (Attachment 1).

4.1. State Assessment and Referral Agency (SARA)

The Application was not required to be referred to SARA.

4.2. State Planning Policy – July 2017

The State Planning Policy (SPP) includes interim development assessment requirements to ensure that State interests are appropriately considered by local government when assessing development applications where the local government Planning Scheme has not yet appropriately integrated all the State's interests in the SPP. As the most recent SPP (July 2017) has not been reflected in the Whitsunday Regional Council Planning Scheme, Part B of the SPP confirms that it applies to the assessment of the development application.

State Interest – Natural Hazards, Risk and Resilience

The proposal is consistent with the assessment benchmarks as they relate to the identified hazards.

4.3. Mackay Isaac and Whitsunday Regional Plan – February 2012

The Mackay, Isaac and Whitsunday Regional Plan was established to provide the vision and direction for the region to 2031. The plan provides certainty about where the region is heading in the future and provides the framework to respond to the challenges and opportunities which may arise. An assessment against the Desired Regional Outcomes is provided.

Regional Framework: - Desired Regional Outcomes:

Strategic directions – Sustainability, Climate Change and Natural Hazards

The proposal is considered to uphold the principles of the Regional Plan with the primary agricultural purpose of the land to continue.

Strategic directions – Environment

The natural environment underpins the economy and lifestyle enjoyed by the residents of the region. The proposal will not result in a change to the environmental condition in which the land currently exists.

Strategic directions – Regional Landscapes

The regional landscapes are the basis of the social, economic, tourism and cultural values of the region. The proposal will not result in discernible change to the regional landscape.

Strategic directions – Natural Resource Management

Not Applicable.

Strategic directions – Strong Communities

Not Applicable.

Strategic direction – Strong Economy

The proposal provides for the continued agricultural use of the land.

Strategic direction – Managing Growth

Not Applicable.

Strategic direction – Urban Form

Not Applicable.

Strategic direction – Infrastructure and Servicing

The site is provided with the necessary infrastructure to support the intended use of the land.

Strategic direction – Transport

Not Applicable.

4.4. Whitsunday Regional Council Planning Scheme, 2017

4.4.1. Strategic Framework

The Strategic framework sets the policy direction for the Planning Scheme and forms the basis for ensuring appropriate development occurs in the Planning Scheme area for the life of the Planning Scheme.

Strategic Intent

The Planning Scheme sets the policy direction to ensure that to 2036 and beyond, the Whitsundays is a prosperous, liveable and sustainable region which will be achieved through the integration of the unique attributes and competitive advantages of each township. The region's townships and communities have a strong and proud social identity. The promotion and protection of the region's environmental values is significant to the expressed identities, including the unique scenic values, which consist of key urban gateways, views and vistas.

Strategic Intent – Theme 1 - Liveable communities and housing

The regions settlement pattern is not affected by the proposal.

Strategic Intent – Theme 2 - Economic growth

A key land use strategy of the economic growth theme is for agricultural land and existing rural activities to be protected. The proposed subdivision is considered to facilitate the continued use of the agricultural land for a rural activity therefore not conflicting with the strategic intent of the Planning Scheme.

Strategic Intent – Theme 3 - Environment and heritage

The proposal will not result in a change to the environmental impact upon the land.

Strategic Intent – Theme 4 - Safety and resilience to hazards

The primary agricultural use of the land is to maintain.

Strategic Intent – Theme 5 - Infrastructure

The regions infrastructure is not impacted by the development.

4.4.2. Overlay Codes

Agricultural land overlay code

The subject land is identified as a locally important agricultural area. The long-term viability and productive use for agriculture is not compromised by the proposal.

Bushfire hazard overlay code

The subject land is marginally identified being subject to medium bushfire risk. No change to the existing agricultural use of the land is proposed.

Environmental significance overlay code

A small linear corridor of land is mapped within the environmental significance overlay. No additional clearing is necessary to undertake the subdivision as the proposed boundary constitutes an existing road reserve.

Flood hazard overlay code

The northern portion of the site is in the flood hazard overlay. The proposal does not materially increase the number of people at risk of flood hazard with the primary agricultural purpose of the land to continue.

4.4.3. Zone Code

Rural zone code

The proposal is consistent with the purpose and overall outcomes of the zone code. The primary purpose of the land will continue through its integration into different rural land holdings whereby the allocation of water licences achieved. Proposed Lot 22 is primarily well grassed, lightly timbered and therefore better suited for grazing. Proposed Lot 21 will keep the licenced bore retaining its suitability for cropping. It is clear the proposal will not result in an alienation or meaningful fragmentation of rural land but merely provides for the improved efficiency of rural land.

4.4.4. Development Codes

Reconfiguring a lot code

The proposal is consistent with the code. The size and dimensions of the proposed lots complies with PO1, as follows:

- a) The proposed allotments are appropriate for their intended use, as demonstrated in the rural zone code assessment.
- b) The proposed allotments are compatible with the preferred character of the zone for which rural uses will occur.
- c) The productive capacity and amenity of the land is maintained, as demonstrated in the rural zone code assessment.
- d) The site is not constrained for its intended purpose.

The proposal complies with PO4 whereby irregular lots have only been created due to existing cadastral boundaries whilst being suitable for its intended purpose. Due to the nature of the reconfiguration the remaining assessment benchmarks of the code are not considered to be applicable.

Infrastructure code

No additional infrastructure is required to support the proposal. The intended use of the land does not necessitate power or telecommunications services to be provided.

Landscaping code

The proposal benefits from existing natural vegetation.

Transport and parking code

The proposed development is not considered to result in an increase in traffic and therefore the existing access arrangements which are in place are to remain. Lawful access to the land is made available from unmade road reserve which connects to the land from Roma Peak Road.

5. Public Submissions

The development application was placed on public notification between 14 April 2022 and 10 May 2022 in accordance with the relevant provisions of the Planning Act 2016. The Notice of Compliance was received on 11 May 2022. No submissions were received during this period of Public Notification.

Any breach of these Holiday Letting terms and conditions, as agreed by both parties, permits the owner or Accom Whitsunday to refuse entry, amend the rent or immediately terminate the letting.

### **License Not a Tenancy**

The booking with Accom Whitsunday is not a residential tenancy agreement under residential tenancy legislations. Failure to comply with any of the guest's fundamental obligations and the terms and conditions of the property may result in immediate termination and eviction. Refunds will not be paid on terminated occupancies.

### **Number of Persons, Noise, Parties and Functions**

Properties are for guests only. No outside guests are permitted on the premises without pre-arrangement from Accom Whitsunday Management. The number of occupants must not exceed the number of persons shown on your confirmation. Any increase in numbers must be agreed in advance and may incur additional fees. Guests numbers are limited to a maximum of 8, or two (2) persons per room, whichever is lower.

The property may not operate as a 'party house'. Excessive noise, parties and functions are not permitted as they can cause disruption to neighbours as well as nearby residents and other holiday makers. If an unauthorised function is held at the property the bond processed for the booking will be retained and additional fees to cover the standard function fee may apply.

Outdoor entertaining should not take place after 9pm to reduce noise disturbance to neighbours.

### **Inappropriate Bookings, Schoolies, Functions, Hens and Bucks Groups**

There are a select few properties where functions are permitted however permission must be granted for any booking and additional function fees apply. A bond will be required for these properties. Accom Whitsunday does not permit Hens or Bucks groups in any of its properties. Accom Whitsunday reserves the right to refuse/cancel any bookings that are determined to be inappropriate or that fall across Schoolies dates or are suspected Hens or Bucks bookings. This may result in loss of deposit.

Despite any early applications, approval will only be granted 1-2 days prior to entry/departure, if available. Early requests do not guarantee early access/late checkout unless a full day's rate is paid.

Guests are required to contact the Accom Whitsunday office 1-2 working days prior to the date of the early check in/late check out to make final arrangements which will be recorded in the booking details.

## Attachment 13.3.2.7 Proposal Plans

Guests are requested to take this access information with them in order to access the property.

### **Deposit**

If final payment is not received within 30 days of arrival, the booking will automatically be cancelled and result in loss of deposit.

### **Date Changes**

Date changes are only possible at the discretion of Accom Whitsunday and may incur cancellation fees as well as rent charges (against the original booking). Any additional rent charges due to changes in season will apply.

### **Changes Made by Accom Whitsunday**

In this case, a full refund will be given and the opportunity to re-book alternative accommodation provided. Accom Whitsunday is not responsible for providing alternative accommodation and will not be held liable for any additional costs that may occur.

### **Event Beyond Control**

Accom Whitsunday is not responsible for any loss arising out of any occurrences or conditions beyond its control, including but not limited to acts of terrorism, acts of God, defects in vehicles (e.g. golf buggies, and any other private vehicles included in stay), theft, delay, cancellation, civil disorder, disaster, government regulations or changes in itinerary or schedule.

### **Travel Insurance**

Accom Whitsunday will accept no liability in the event of a cancellation due to weather conditions (e.g. excessive rain and flooding, cyclones, etc.). We strongly recommend that you purchase Travel Insurance to cover unforeseen circumstances and include cover for involuntary cancellation of your accommodation.

### **Property Presentation**

## Attachment 13.3.2.7 Proposal Plans

The description of the premises is given in good faith. From time to time, changes occur at properties, sometimes by owners and outside of Accom Whitsunday's control or knowledge, therefore no responsibility for irregularities will be accepted.

Many of Accom Whitsunday's properties are located in regional locations where, from time to time, there may be building / construction on houses within the nearby vicinity of the property booked. Accom Whitsunday takes no responsibility for any issues relating to noise on neighbouring properties.

### **Indemnity**

Guests actions, conduct and safety are the responsibility of the guests. The agent and owner(s) of this property do not condone: unsafe, irresponsible or illegal actions/behaviour etc. on or off the premises, during a stay or at any other time.

A condition of entering and/or staying at this property means that all guests understand and agree to indemnify the agent and owner(s) against any responsibility or action(s) (legal or other), due to any action(s), incident(s), loss or injury(s) while within or outside of the premises (including, but not limited to, the grounds, facilities, structures, etc.) during a stay or at any other time.

### **Lost Keys/Keys Locked Inside**

If guests lose keys or lock keys inside the property then that guest will be responsible for any charges incurred by a locksmith. During business hours this should be reported to Accom Whitsunday; any afterhours call outs will need to be organised by the guest and any expenses will be the guest's responsibility. If replacement keys need to be cut, key barrels need to be replaced, or in secure complexes re-keying is required, costs will be calculated based accordingly and charged to the guest.

If there is a keys lockbox at the property, please use it to secure one set of keys at all times when you leave the property, including when you check out. If a tradesman needs to attend to any requested or agreed maintenance during your stay, this will ensure they can access the property.

### **Linen**

Linen and bath towels are provided with each property (one bath towel per person).

Most properties also provide pool towels, please clarify with agent before arrival. If the property does not supply pool towels you will be required to supply your own. Our properties are self-contained holiday homes, so please note linen will not be changed throughout your stay. You are welcome to use the laundry facilities at the property during your stay.

### **No Smoking**

For the comfort of all our guests, our properties are strictly non-smoking. Any damages caused by smoking on or inside the premises will be charged to the guest upon check out.

### **Excess Cleaning**

Accom Whitsunday requests guests to leave the property as it was found to avoid extra cleaning charges. This includes washing dishes, placement of rubbish in the bins provided and cleaning of the BBQ. In the event that linen/towels are stained or excessively soiled, a charge to replace these items will occur.

### **Damages**

In the event of breakages, damages and lost items, Accom Whitsunday requests that guests contact their office to report the incident as soon as possible. Any unreported damages will be identified by cleaners or Accom Whitsunday. Damages may be charged to the guest.

### **Movement of Items Within/Between Properties**

Accom Whitsunday has a strict policy on moving items or furniture (indoor and/or outdoor) within a property, or in the case of bookings across multiple properties, from house to house. Movements may cause unnecessary damage to items and the property itself and can cause excess cleaning time due to complex housekeeping inventory checks. If you have a large booking where extra items are required (and a function is approved), Accom Whitsunday can supply you with hire company contact information. Any damages/excess cleaning caused by movement of items or furniture will be charged upon check out.

### **Internet**

Some properties provide wireless internet for guests for the purpose of email, perusing social media, and web browsing. It is not provided for video streaming or downloading e.g. movies/shows. Excess usage may be charged to guest. If WIFI is affected due to power outages or technical issues by the internet provider, compensation will not be provided and Accom Whitsunday will not be responsible for providing alternative internet sources. If a property is not advertised with WIFI then it is unavailable for the stay and is not an optional extra.

### **Rubbish Collection and Excess Rubbish**

Accom Whitsunday requests guests put all rubbish in the appropriate bins provided outside no later than the night before collection (indicated in the property compendium). Please ensure the rubbish is put out at a reasonable hour so as not to cause noise and disrupt the neighbourhood (e.g. with recycling bottles). The bin lids must be able to close for the collection.

If the bins are not put out or if there is excess rubbish upon check out, a private contractor will be organised to empty the bins and expenses will be charged to the guest.

### **Parking**

Each property listing available on the relevant Accom Whitsunday website outlines the number of off-street parks available and number of cars permitted at the property. On-street parking is not provided or guaranteed for guests or visitors. Accom Whitsunday cannot be held responsible or liable for any fines or penalties incurred by guests or visitors from parking on the street (where local parking restrictions/metered parking applies).

Parking campervans, caravans and trailers (with or without boats) on a residential street at a holiday home is not permitted under any circumstances. Guests will be required to remove any campervans, caravans or trailers. If a guest fails to comply, the item may be towed away at the guests expense. Any boat parking will be clearly advertised on individual property listings on our website. The violation of terms and conditions may also result in guest eviction and loss of rent.

### **Personal and Lost Property**

No responsibility will be taken by Accom Whitsunday for guests personal property. If items are left at a property it is the guest's responsibility to notify Accom Whitsunday within 24 hours notice of check out. If during this time the cleaners have reported the item/s then this/they may be returned to guest via post/mail at guest expense. If left items are not reported within 24 hours then they will be disposed of. Any heavily soiled items or undergarments will be disposed of immediately.

### **Animals and Pets**

Pets are only permitted at pet-friendly properties and only if pre-arranged with and approved by Accom Whitsunday. A bond will be required for such properties. Pet-friendly terms and conditions must be agreed to, and any damages caused will be deducted by bond. This permission is provided on a case-by-case basis and is subject to the following terms and conditions.

All pets are to remain outside, however small and toy breeds may be allowed inside following specific approval. Guests must ensure their dog:

Is groomed to avoid moulting and is cleaned prior to entering the house to avoid marks to the property  
Has had up to date worming, flea treatments, vaccinations  
Has had nails trimmed to avoid scratches to the floors and furnishings  
Does not jump up on beds, furniture or rugs (indoors or outdoors)  
Is not left unattended as excessive barking may result in complaints from neighbours. If noise complaints are received and the pet cannot be quietened, guests will be required to remove the dog from the property at their own expense.  
Additional cleaning charges may apply should pet hair, urine, fleas or any evidence (including smell) of the pet be left behind when guests leave. It is advised for pets to wear tick/flea collars to avoid bringing or picking up ticks/fleas to/from the area.

Accom Whitsunday accepts no responsibility for death of, loss of, injury or sickness to pets during the accommodation period - full and sole responsibility for the pet and its actions lie with the pet owner and upon acceptance of terms and conditions the guest agrees that no legal action (including payment of veterinary accounts) will be taken against the landlord and that no discussion will be entered into. Please be aware that some properties have not been designed to be pet-friendly.

### **Maintenance**

In the event of faults and or malfunctions of appliances, fixtures or inclusions, there is no obligation from the owner or agent for compensation or discount. In such circumstances, the agent will undertake best endeavours to repair or replace the item (subject to availability). It is the guest's responsibility to report faults or malfunctions to the agent immediately should this occur throughout the stay.

Accom Whitsunday reserves the right to further charge your provided credit card to recover reasonable costs for damage of the property and/or its furnishings during your stay.
